

1. Outreach efforts to obtain sources. When a determination has been made concerning which division Bergeron Emergency Services, Inc. will support, we will publicly advertise and post subcontracting opportunities specifically for small businesses. This program will be in good faith to ensure the inclusion of the local small business community for that respective region.
  - a. Contacting minority and small business trade associations.
  - b. Contacting business development organizations and local chambers of commerce.
  - c. Attending SB, SDB, WOSB, HUBZone, VOSB, and SDVOSB procurement conferences and trade fairs.
  - d. Requesting sources from the Small Business Administrations (SBA) PRO-Net and SUB-Net Systems, (<http://www.sba.gov/>) and other SBA and Federal agency resources.
  - e. Conduct market surveys to identify new sources.
  - f. Identify local trade papers and local trade organization focusing on SB, SDB, WOSB, HUBZone, VOSB and SDVOSB.
  - g. Coordinate with local government to acquire existing lists of pre-identified SB, SDB, WOSB, HUBZone, VOSB and SDVOSB in the Presidentially Declared/FEMA Designated Disaster Area.
2. Internal efforts to guide and encourage purchasing personnel
  - a. Presenting workshops, seminars, and training programs.
  - b. Establishing, maintaining, and using Small, HUBZone small, Small Disadvantaged, Women-Owned Small, Veteran-Owned Small, and Service-Disabled Veteran-Owned Small Business source lists, guides, and other data for soliciting subcontracts.
  - c. Monitoring activities to evaluate compliance with the subcontracting plan.
3. Other Additional efforts
  - a. Contact local governments for lists of pre-qualified and pre-identified Small Businesses

Subcontractors are identified through the following source lists and organizations:

- ▶ Lists produced by minority and small business trade associations.
- ▶ Lists produced by business development organizations.
- ▶ Requesting sources from the System for Award Management (SAM), Dynamic Small Business Search, which integrated data from the SBA PRO-Net database.
- ▶ Attending small and minority business trade fairs and procurement conferences.
- ▶ Host Workshop and Recruiting Seminars for Small Businesses in affected areas.
- ▶ Contact local governments for lists of pre-qualified and pre-identified Small Businesses.

### **E.15 Available Resources**

When the magnitude of the event demands additional resources, BES draws from the full complement of the Bergeron family of companies, specifically BLD. BLD, as a heavy civil/highway construction company, has a vast equipment list ready to handle all categories of events. Exhibit E.25 provides quantities of company owned vehicles.

**For Example:** Hurricane Irma response, where, in addition to fulfilling our own contractual obligations, BES stepped in to assist communities where the contracted debris firm failed to respond. BES brings the right resources for the job and the supporting equipment to keep operations moving.

Event	Activations	Communities	Crews & Equipment	Debris (CY)	Miles
Hurricane Irma (2018)	26	22 communities, 2 counties, 1 FDOT district, 1 school board, 1 university, 1 water district	750	2.5M	8,755
Kentucky Ice	4	5 Counties	3,500	1.6M	2,603

## F. Licenses

**BERGERON**  
EMERGENCY SERVICES

## F. LICENSES

BES is a Florida Corporation; under the guidelines of FEMA for Emergency Debris removal BES is available for debris removal services in all 50 continental United States.

Under FEMA 44 CFR 13.36 Procurement guidelines page 133 section C for competition states all procurement transactions will be conducted in a manner providing full and open competition consistent with FEMA standards.

Please see the link below for the referenced FEMA document and an in-depth detail for full and open competition.

<https://www.gpo.gov/fdsys/pkg/CFR-2011-title44-vol1/pdf/CFR-2011-title44-vol1-sec13-36.pdf>

BES holds all required licenses and permits. Our lengthy list of staff certifications is presented in Appendix B. Our licenses also include our license to do business in Florida, current tax receipt, and general contractor's license.

### State of Florida Department of State

## H.2 Proposer's Certification form

### PROPOSER'S CERTIFICATION

I have carefully examined the Request for Proposals, Instructions to Proposers, General and/or Special Conditions, Specifications, RFP Proposal, and any other documents accompanying or made a part of this invitation.

I hereby propose to furnish the goods or services specified in the Request for Proposal at the prices or rates as finally negotiated. I agree that my proposal will remain firm for a period of up to ninety (90) days to allow the Entity's adequate time to evaluate the proposal. Furthermore, I agree to abide by all conditions of the proposal.

I certify that all information contained in this RFP is truthful to the best of my knowledge and belief. I further certify that I am a duly authorized to submit this RFP on behalf of the Proposer / Contractor as its act and deed and that the Proposer / Contractor is ready, willing, and able to perform if awarded the contract.

I further certify that this RFP is made without prior understanding, Contract, connection, discussion, or collusion with any person, firm or corporation submitting a RFP for the same product or service; no officer, employee or agent of the Entity's Board of Entity's Commissioners or of any other proposer interested in said RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

I further certify that having read and examined the specifications and documents for the designated services and understanding the general conditions for contract under which services will be performed, does hereby propose to furnish all labor, equipment, and material to provide the services set forth in the RFP.

I hereby declare that the following listing states any clarifications, all variations from and exceptions to the requirements of the specifications and documents. The undersigned further declares that the "work" will be performed in strict accordance with such requirements and understands that any exceptions to the requirements of the specifications and documents may render the proposal non-responsive.

### NO EXCEPTIONS ALLOWED AFTER THE RFP IS SUBMITTED:

Please check one: ☒ take NO exceptions. ☐ Exceptions:

H.4 Drug Free Workplace

DRUG FREE WORKPLACE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that,  
(Print or type name of firm) Bergeron Emergency Services, Inc.

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the Workplace named above and specifying actions that will be taken against violations of such prohibition.
- Informs employees about the dangers of drug abuse in the workplace, the firm's policy of maintaining a drug free working environment, and available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug use violations.
- Gives each employee engaged in providing commodities or contractual services that are under bid or proposal, a copy of the statement specified above.
- Notifies the employees that as a condition of working on the commodities or contractual services that are under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of, please or guilty or nolo contendere to, any violation of Chapter 1893, or of any controlled substance law of the State of Florida or the United States, for a violation occurring in the workplace, no later than five (5) days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.
- Imposes a sanction on, or requires the satisfactory participation in, a drug abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
- Makes a good faith effort to continue to maintain a drug free workplace through the implementation of the Drug Free Workplace program.
- "As a person authorized to sign this statement, I certify that the above-named business, firm or corporation complies fully with the requirements set forth herein".

## H.5 Sworn Statement on Public Entity Crimes

### SWORN STATEMENT UNDER SECTION 287.133(3)(A), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

Before me, the undersigned Entity's, personally appeared Brian Thomason, who, being by me first duly sworn, made the following statement:

1. The business address of Bergeron Emergency Services, Inc. (name of Offeror or business) is 19612 SW 69th Place, Fort Lauderdale, Florida 33332.
2. My relationship to Bergeron Emergency Services, Inc. (name of Offeror or business) is Vice President (relationship such as sole proprietor, partner, president, vice president).
3. I understand that a public entity crime as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any proposal or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy or material misrepresentation.
4. I understand that "convicted" or "conviction" is defined by the Florida Statutes to mean a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, because of a jury verdict, non-jury trial, or entry of a plea of guilt or nolo contendere.
5. I understand that "affiliate" is defined by the Florida Statutes to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime, or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime, or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate, or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.
6. Neither the Offeror or Contractor, nor any officer, director, executive, partner, shareholder, employee, member, or agent who is active in the management of the Offeror or Contractor, nor any affiliate of the Offeror or Contractor has been convicted of a public entity crime subsequent to July 1, 1989. (Draw a line through paragraph 6 if paragraph 7 below applies.)
7. There has been a conviction of a public entity crime by the Offeror or Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Offeror or Contractor who is active in the management of the Offeror or Contractor or an affiliate of the Offeror or Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is \_\_\_\_\_. A copy of the order of the Division of Administrative Hearings is attached to this statement. (Draw a line through paragraph 7 if paragraph 6 above applies.)

# Appendix A Resumes

**BERGERON**  
EMERGENCY SERVICES

## APPENDIX A: RESUMES

### **Brian Thomason** **Vice President of Operations**

Mr. Thomason is a senior manager who led hundreds of debris projects in over 25 major disaster declarations with direct responsibility for resolution of program issues associated with all categories of the FEMA Public Assistance Program. Drawing from past experiences as an Emergency Manager, he has assisted local units of government with recovery efforts stemming from natural disasters, and is experienced in managing a full range of recovery projects from conception to completion. Prior to working for BES, he served as Cumberland County, North Carolina Emergency Management Agency, Deputy Director with duties that included coordination of Emergency Management Operations countywide. As a firefighter, Mr. Thomason also served as a Hazardous Materials Response Specialist and was assigned to the NC Hazardous Materials Regional Response Team (RRT#3) and was requested on several occasions to provide Hazardous Materials Technician Training and Instruction, Confined Space Training, and Trench Rescue Training through the NC Department of Insurance in various locations throughout the state

#### **DISASTER RECOVERY EXPERIENCE**

- ▶ 2018 Hurricane Michael, 500,000 CY removed to date; FEMA #DR-4399
  - > Client: Liberty County, Florida
  - > Scope of Work: Pickup and haul 500,000 CY of debris and over 16,000 hangers and stumps , operating 3-temporary debris management sites.
- ▶ 2017 Hurricane Irma, \$29,700,000 FEMA #: DR-4337
  - > Client: 22 Communities, 2 Counties, 1 FDOT Districts, 1 School Board 1 University, 1 SWA; State of Florida
  - > Scope of Work: Emergency push, Pickup and haul, hangers and stumps, temporary debris management sites, Over 2 million CY of debris.
- ▶ 2016 Hurricane Matthew, Volusia County Florida; FEMA #: DR-4283
  - > Client: Volusia County School Board
  - > Scope of Work: Hanging limb and Tree Removal. Scope required returning 81 schools to normal operation in 48 hrs.
- ▶ 2016 Hurricane Matthew, FDOT District 5; FEMA #: DR-4283
  - > Client: FDOT District 5
  - > Scope of Work: Load haul, hanging limb and tree removal
- ▶ 2016 City of Lighthouse Point Florida, Tornado Response
  - > Client: City of Lighthouse Florida
  - > Scope of Work: Pickup and haul of storm related mixed debris

#### **Certifications**

Incident Command System (ICS) certified;  
Instructor  
ICS-100  
ICS-200  
An orientation to Community Disaster Exercises IS-120  
Radiological Emergency Management IS-3  
National Incident Management System (NIMS) certified 700  
National Response Plan (NRP) 800  
Hazardous Materials Response Trainer  
Certified Instructor (NC) Hazardous Materials and Fire Services  
Operations coursework associated with  
Emergency Manager Accreditation

## **Brian Thomason—Vice President of Operations**

- ▶ 2016 City of Sarasota, City of Bradenton, Florida, Tornado Response
  - > Client: City of Lighthouse Florida
  - > Scope of Work: Pickup and haul of storm related mixed debris.
- ▶ 2015 Texas Tornadoes, Cities of Jackson Lake and Richmond, Texas
  - > Clients: City of Jackson Lake and City of Richwood, Texas
  - > Scope of Work: Oversight of debris removal operations with two crews phasing in additional crews as the operation progressed. All operations were performed in compliance with the FEMA Public Assistance Program
- ▶ 2013 Hurricane Sandy New York City:
  - > Client: U.S. Army Corps of Engineers
  - > Scope of Work: Removal of Stumps and Flush Cuts in all Five New York City Boroughs directing the subcontractor's daily activities, monitoring and reporting progress to the USACE. Contract management, subcontract management.
- ▶ 2013 Hurricane Sandy, Colts Neck, New Jersey:
  - Scope of Work: Provided The Township of Colts Neck, New Jersey with removal of storm-related debris.
- ▶ 2012 Tropical Storm Isaac:
  - Client: Indian Trail Improvement District
  - Scope of Work: Removal and disposal of 224 tons of dead fish from Indian Trail improvement district canals.
- ▶ 2010 Broward County, Solid Waste and Recycling Division – Processing and disposal of all vegetative and non-vegetative material to landfill and recycling locations.
- ▶ 2010 BP Oil Spill – Oversaw daily logistical operations for marine vessel laydown yards including: boom deployment, decontamination of vessels and skimmer deployment. Monitored all incoming and outgoing resources for the deep water horizon project.
- ▶ 2009 Kentucky Ice Storm – Cleanup in Ballard and Hart Counties for the State of Kentucky
- ▶ Transportation Cabinet, clearing, debris removal, dumping of over 1.2 million cubic yards of debris.
- ▶ 2008 Hurricane Ike – Cleanup in the communities of Baytown, El Lago, Galveston, Nassau Bay, Piney Point Village, and Taylor Lake Village in Texas.
- ▶ 2007 Tornado – Recovery in the Town of Lady Lake, Florida.
- ▶ 2006 Red Tide – Cleanup in the Town of Long Boat Key and other miscellaneous west coast Florida communities.
- ▶ 2005 Hurricanes Dennis, Katrina, Rita and Wilma – Debris cleanup and management following for applicants located in 23 Florida communities.
- ▶ 2004 Hurricanes and Tropical Storms Charley, Frances, Ivan, and Jeanne – Debris cleanup for applicants in 43 Florida communities.
- ▶ 2003 Hurricane Isabel – Cleanup for 9 of 13 jurisdictions who are members of the Central Virginia Waste Management Authority.
- ▶ 2003 Emergency Road Repairs – Levy County.

- ▶ 1999 Tornadoes – Del City, Oklahoma; Vienna, Georgia; USDA NRCS, Oklahoma.
- ▶ 1999 Hurricane Floyd – 20 Separate communities stretching from Key West, Florida; Charleston, South Carolina; Chatham County, Georgia to the North Carolina/Virginia State Borders in Murfreesboro, North Carolina.

## Jason Otilige Operations Manager

Mr. Otilige has over 10 years of experience in construction, trucking, and heavy equipment management services including mixed waste bulk hauling. He has 5 years' experience in disaster recovery services. From being a skilled operator of heavy equipment to project field supervision to operations management, he has specific skills and experience in deployment and management of crews and equipment for emergency response and debris cleanup projects. He can be counted on for his conscious approach to safety, time management, and job schedule.

- ▶ Grapple Truck Fleet Manager 2014 – Present
  - > Management and upkeep of fleet
  - > Collection of over 20,000 tons of bulk debris annually for multiple municipal contracts.
  - > Oversight of routes and schedules
  - > Conducts weekly safety meetings
  - > Reviews daily field reports
  - > Management of customer and client issues and corrective measures
  - > Responsible for budgets and invoicing
- ▶ Logistics Management
  - > Manages a fleet of company owned vessels for rapid deployment to waterway debris issues
  - > Manages all small tool inventories (chainsaws, vests, etc.)
  - > Works closely with company maintenance facility to ensure coordination with all BLD resources are seamless.

### DISASTER RECOVERY EXPERIENCE

- ▶ 2018 Hurricane Michael, 500,000 CY removed to date; FEMA #DR-4399
  - > Client: Liberty County, Florida
  - > Scope of Work: Pickup and haul 500,000 CY of debris and over 16,000 hangers and stumps, operating 3-temporary debris management sites.
- ▶ 2017 Hurricane Irma, \$29,700,000 FEMA #: DR-4337
  - > Client: 22 Communities, 2 Counties, 1 FDOT Districts, 1 School Board 1 University, 1 SWA; State of Florida
  - > Scope of Work: Emergency push, Pickup and haul, hangers and stumps, temporary debris management sites, Over 2 million CY of debris.
- ▶ 2016 Hurricane Matthew, Volusia County Florida FEMA #: DR-4283
  - > Client: Volusia County School Board
  - > Scope of Work: Hanging limb and Tree Removal. Scope required returning 81 schools to normal operation in 48 hrs.

## Jason Ottlilge—Operations Manager

- ▶ 2016 Hurricane Matthew, FDOT District 5; FEMA #: DR-4283
  - > Client: FDOT District 5
  - > Scope of Work: Load haul, hanging limb and tree removal
- ▶ 2016 City of Lighthouse Point Florida, Tornado Response
  - > Client: City of Lighthouse Florida
  - > Scope of Work: Pickup and haul of storm related mixed debris
- ▶ 2016 City of Sarasota, City of Bradenton, Florida, Tornado Response
  - > Client: City of Lighthouse Florida
  - > Scope of Work: Pickup and haul of storm related mixed debris

### 2012 Tropical Storm Isaac:

- Client: Indian Trail Improvement District
- Scope of Work: Removal and disposal of 224 tons of dead fish from Indian Trail improvement district canals.

## Lee Buffington Project Manager

Mr. Buffington has substantial experience in disaster response and recovery with over eighty projects completed. He has worked with DTS, Inc for over fifteen years and providing contract and project management. He owns and operates several companies that are associated with the disaster recovery management industry to include trucking/hauling, tree services, and landscaping. Lee builds relationships with our clients through being consistent and competent within the industry. Mr. Buffington is a remarkable asset to our company and its' partner relationships.

### DISASTER RECOVERY EXPERIENCE

- ▶ 2018 Hurricane Michael, 500,000 CY removed to date; FEMA #DR-4399
  - > Client: Liberty County, Florida
  - > Scope of Work: Pickup and haul 500,000 CY of debris and over 16,000 hangers and stumps , operating 3-temporary debris management sites.
- ▶ 2017 Hurricane Irma, \$29,700,000 FEMA #: DR-4337
  - > Client: 22 Communities, 2 Counties, 1 FDOT Districts, 1 School Board 1 University, 1 SWA; State of Florida
  - > Scope of Work: Emergency push, Pickup and haul, hangers and stumps, temporary debris management sites, Over 2 million CY of debris.
- ▶ 2016 Hurricane Matthew, Volusia County Florida FEMA #: DR-4283
  - > Client: Volusia County School Board
  - > Scope of Work: Hanging limb and Tree Removal. Scope required returning 81 schools to normal operation in 48 hrs.
- ▶ 2016 Hurricane Matthew, FDOT District 5; FEMA #: DR-4283
  - > Client: FDOT District 5
  - > Scope of Work: Load haul, hanging limb and tree removal
- ▶ 2016 Hurricane Matthew, Post Cleanup; FEMA #: DR-4283
  - > Client: South Carolina; Glynn County GA
  - > Scope of Work: debris cleanup and removal of hazardous limbs and trees. Total CY Hauled & Removed 278,979
- ▶ 2015 South Carolina Flooding,
  - > Client: Sunter County, Williamsburg County , Florence County
  - > Scope of Work: Mixed waste Debris Removal  
C&D: 29,234 cubic yards hauled to the disposal site  
HHW Collected: 66,720 pounds collected and hauled

## **Lee Buffington—Project Manager**

*E-Waste:* 65,080 pounds collected and hauled to disposal site

*White Goods and E-Wastes by Unit:* Almost 1,000 pieces collected removed and hauled to appropriate disposal site

- ▶ 2014 South Carolina Ice Storm
  - > Client: SCDOT
  - > Scope of Work: debris removal, hazardous limbs and hazardous trees  
*Marion County, SC:* Over 500,000 cubic yards of debris hauled and reduced  
*Dillon County, SC:* Over 200,000 cubic yards of debris hauled and reduced
- ▶ 2011 Connecticut Ice Storm
  - > Client: CTDOT; Town of Bloomfield, CT
  - > Scope of Work: Debris Hauling and removing hazardous limbs and trees  
*Town of Bloomfield, CT:* 173,100 cubic yards of vegetative debris  
*CTDOT:* 129,924 cubic yards of vegetative debris
- ▶ 2011 Hurricane Irene
  - > Client: NCDOT
  - > Scope of Work: Debris Hauling and removing over 30,000 tons removed from rights-of-way  
*Edgecombe County, NC:* 13,809 tons of debris was removed and hauled  
*Nash Count, NC:* 6,816 tons of debris was removed and hauled  
*Wayne County, NC:* 1,892 tons of debris was removed and hauled  
*Wilson County, NC:* 2,443 tons of debris was removed and hauled.  
*Halifax County, NC:* 6,341 tons of debris was removed and hauled
- ▶ 2011 Georgia and Tennessee Tornado
  - > Client: Dade County GA; Catoosa County, GA; Rabun County ,GA; City of Red Bank, TN
  - > Scope of Work: Debris removal, supervision of burning and reduction sites  
*Catoosa County GA:* Over 500,000 cubic yards of debris was removed and hauled, hazardous trees and hazardous limbs were removed and hauled  
*Dade County, GA:* 320,000 cubic yards of debris was removed and hauled  
*Rabun County GA:* 19,000 tons of debris was removed and hauled  
*City of Red Bank, TN:* 1,500 tons of vegetative debris was removed and hauled, hazardous trees and hazardous limbs were removed and hauled
- ▶ 2009 Missouri Ice Storm
  - > Client: Dunklin County, MO
  - > Scope of Work: Removed and hauled 387,000 CY of vegetative debris.
- ▶ 2008 Hurricane Ike, Texas
  - > Client: Liberty County; Tyler County; San Jacinto; Walker County; New Waverly, TX; Houston County; Huntsville
  - > Scope of Work: Removal of 1.862 million CY of debris from rights-of-way, supervise reduction sites.  
*Liberty County (Pct 2, 3 & 4):* 850,000 CY of vegetative debris, hanger and leaner trees  
*Tyler County:* 320,000 CY of vegetative debris, hanger and leaner trees  
*San Jacinto:* 620,000 CY of vegetative debris, hanger and leaner trees  
*Houston County* 30,000 CY of vegetative debris was removed and hauled.  
*Walker County* 20,000 CY of vegetative debris were removed and hauled.  
*New Waverly:* 10,000 CY of vegetative debris were removed and hauled.  
*Huntsville:* 12,000 CY of vegetative debris was removed and hauled

## Dorothy Saul

### Contract /Subcontracts Management

Ms. Saul brings over 8 years of contract compliance and data management to Bergeron Emergency Services. She has direct experience with emergency response monitoring firms on daily reports, ticketing, and compliance. Her experience includes data management coordination and complaint resolutions.

As the contract/subcontracts manager, Ms. Saul brings all of her experience to effectively assist our operations manager with day-to-day operations and claim resolution. Compliance with contracts and contractual reporting, ticket coordination and data management. Currently, Ms. Saul is running contracts, compliance and invoicing for Hurricane Michael.

### DISASTER RECOVERY EXPERIENCE

## Rudy Trabanino

### Superintendent

Mr. Trabanino has over 20 years of experience in disaster recovery services and heavy construction. From being a skilled operator of heavy equipment to project field supervision to operations management, he has specific skills and experience in deployment and management of crews and equipment for emergency response and debris cleanup projects. He can be counted on for his conscious approach to safety, time management, and job schedule.

#### DISASTER RECOVERY EXPERIENCE

- ▶ 2017 Hurricane Irma, \$29,700,000 FEMA #: DR-4337
  - > Client: 22 Communities, 2 Counties, 1 FDOT Districts, 1 School Board 1 University, 1 SWA; State of Florida
  - > Scope of Work: Emergency push, Pickup and haul, hangers and stumps, temporary debris management sites, Over 2 million CY of debris.
- ▶ 2013 Hurricane Sandy New York City:
  - > Client: U.S. Army Corps of Engineers.
  - > Scope of Work: Removal of Stumps and Flush Cuts in all Five New York City Boroughs directing the subcontractor's daily activities, monitoring and reporting progress to the USACE. Contract management, subcontract management.
- ▶ 2012 Tropical Storm Isaac:
  - > Scope of Work: Removal and disposal of 224 tons of dead fish from Indian Trail improvement district canals.
- ▶ 2009 Kentucky Ice Storm – Cleanup in Ballard and Hart Counties for the State of Kentucky Transportation Cabinet.
  - > Client: Grayson County (KYTC District 4), Christian County (KYTC District 3), Hart County (KYTC District 7), Logan County (KYTC District 5), Ballard County (KYTC District 1), Hardin County (KYTC District 4).
  - > Scope of Work: Clearing, Debris Removal, Dumping of over 1.2 million cubic yards of debris.
- ▶ 2008 Hurricane Ike – Cleanup in the communities of Baytown, El Lago, Galveston, Nassau Bay, Piney Point Village, and Taylor Lake Village in Texas.

  - > Scope of Work: Emergency Push operations of roadway debris, including Pick-up and Haul from the Right of Way. Clearing debris removal, disposal and dumping, managing own temporary debris staging and reduction sites (TDMS).

## Raymond Nel, CHST Health & Safety Manager

Mr. Nel is a senior manager with over 20 years of safety experience on all facets of construction and environmental projects. His experience and commitment to safety has led him to teach OSHA safety. He is also the president and owner of Safety Training Consulting & Labor LLC; a company he set up to train individuals in OSHA safety standards. He has trained staff and employees of a subcontractor who worked on US Navy Air Stations, general and shell contractors in Miami. He is a certified trainer for the OSHA outreach training programs such as 40-HAZWOPER, OSHA 502, and is a registered EMT- I with the state of Illinois. His training and expertise coupled with certifications in traffic management, construction, manufacturing, and equipment operator examiner, and 56000 Disaster Site Worker are ideal qualifications for debris and disaster safety management. Role

### DISASTER RECOVERY EXPERIENCE

#### HEALTH & SAFETY MANAGER

BERGERON LAND DEVELOPMENT/BERGERON EMERGENCY SERVICES, INC.

As Bergeron's health and safety manager, Mr. Nel is the leader for all job site and office safety. He maintains and updates staff on safety training and all OSHA programs from OSHA 10 through OSHA 30 hour and HAZWOPER 40. Mr. Nel reviews and updates all safety standards, inspects job site, holds safety meetings, and if necessary, holds the authority to shut down a job site.

### **SAFETY EXPERIENCE**

SAFETY GUYS, LLC— Fort Lauderdale, Florida

Vice President of Operations/Executive Vice President/ Safety Director 2005 - 2011

Promoted by this \$12 million provider of on-site safety design and installation services to provide the necessary leadership, planning, direction, organization, coordination and control to meet the operations and profit goals of the company. Directed and coordinated the establishment of budget, job costing and standardized pricing programs to meet profitability goals. Calculated labor, equipment, material and overhead costs to determine minimum estimates or bids.

- > Developed and implemented quoting process that included all facets of construction including products, materials and labor costs; effort increased company revenues by approximately \$8 million.
- > Introduced incentive programs, employee recognitions and pay increases which improved employee morale and reduced turnover.
- > Monitored accounts payables to ensure low shrinkage and reduce material and labor costs.
- > Conducted regular client follow-up following job completion to ensure satisfaction with product quality and pricing.
- > Oversaw manpower during fall protection installations around high-rise building foundation excavations and sheet pile driving.
- > Implementation and Managing of Company training programs for the construction industry.
- > Conducting OSHA Safety Training classes on a weekly basis to clients across the USA and Panama.
- > Conducting safety inspections and audits for clients, issue safety inspection reports and corrective suggestions.
- > Consultant in the position as Safety Director for a client working on Turkey point nuclear power plant.
- > Oversee manpower and Sub-Contractors, enforcing rules and regulations during excavations, sheet pilings, de-watering operations, formwork and concrete, tilt up columns and walls, floor pouring and roofs.
- ▶ Project Manager/Safety Supervisor 2004  
Created and executed project work plans to meet changing needs and manage day-to-day aspects of project scope. Monitored and inspected job sites, conducted daily inspections and safety meetings, tracked and reported team hours and expenses and followed-up with clients regarding potential issues and concerns.
  - > Effectively managed 45 job site projects including maintenance of safety equipment, safety training, hiring, and creation of job bids and execution of contracts.

## Matthew Heim, P.E.,CQMI

### CQC Manager

Mr. Heim has 6 years of experience in the construction industry. He has served as a project manager for site development, public and private projects. He has managed all aspects of construction including construction of earthwork, underground installation (water, sewer, and storm), and roadway construction, as well as cast-in-place concrete construction. He is fully experienced with FDOT requirements of the day-to-day operations on the construction site, short term schedule, quality control, and subcontractor coordination responsibilities. Mr. Heim also serves as the CQC Manager for Bergeron Emergency Services, Inc.'s disaster debris removal and disposal operations.

As CQC Manager, Mr. Heim is responsible CPM tracking, walk-throughs, inspections, punch outs, O&M, change orders and closing. Knowledgeable of code and permitting requirements and can obtain necessary permits and licenses. Establishes and maintains relationships with inspectors, vendors, QA's, QC's, and subcontractors. Matthew interprets plans and specifications to confirm contractual obligations are met. Enforces FEMA, FHWA, OSHA and other public assistance programs and policies.

### CQC-DISASTER RECOVERY EXPERIENCE

- ▶ 2017 Hurricane Irma, \$29,700,000 FEMA #: DR-4337
  - > Client: 22 Communities, 2 Counties, 1 FDOT Districts, 1 School Board 1 University, 1 SWA; State of Florida
  - > Scope of Work: Emergency push, Pickup and haul, hangers and stumps, temporary debris management sites, Over 2 million CY of debris.
- ▶ 2016 Hurricane Matthew, Volusia County Florida FEMA #: DR-4283
  - > Client: Volusia County School Board
  - > Scope of Work: Hanging limb and Tree Removal. Scope required returning 81 schools to normal operation in 48 hrs.

### EXPERIENCE

- ▶ Project Manager, South Florida Water Management District: C44 Stormwater Treatment Area \$25 M February 2019 to Present
  - > The South Florida Water Management District (SFWMD) retained Bergeron to construct the C44 Stormwater Treatment Area in Martin County Florida. The 6300-acre site will be constructed to treat nutrient rich stormwater runoff from Western Martin County prior to discharging into the St Lucie Estuary. The general purpose of the project is the transformation of 6,300 acres of a vacant Orange Grove farm into a new

storage and treatment area. Relevant features include 26 miles of levee construction, 9 cast in-place concrete spillway structures, 11 miles of new canal, as well as soil inversion, blasting, and underground drainage.

- ▶ Assistant Project Manager, South Florida Water Management District: Stormwater Treatment Area-1 West Expansion, \$79 M February 2016 – February 2019
  - > The South Florida Water Management District (SFWMD) retained Bergeron to construct the Stormwater Treatment Area 1-West in Palm Beach County Florida. The 4600-acre site will be constructed to treat phosphoric rich stormwater runoff from Western Palm Beach County prior to discharging into the Everglades. The general purpose of the project is the transformation of 4,600 acres of a vacant sugar cane farm into a new storage and treatment area. Relevant features include 26 miles of levee construction, 9 cast in-place concrete spillway structures, 11 miles of new canal, as well as soil inversion, blasting, and underground drainage.
- ▶ Staff Geotechnical Engineer, Ardaman and Associates
  - > Prior to joining Bergeron's team Mr. Heim served as a staff geotechnical engineer for Ardaman and Associates in West Palm Beach, FL. His duties included Quality Control Management, supervision of field technicians in the CMT dept. Coordinating with project owners and contractors. Assisting in preparation of Geotechnical Investigation reports. Preparing invoices and proposals. Preparing various Geotechnical related engineering Reports. Supervising specialized foundation construction techniques including, Augercast Piling, Precast Piling installation, Underpinning, Helical Pile Installation, Chemical Grouting, Vibroflotation, Drilled Shaft Installation, demucking, etc. A highlighted project for Mr. Heim is the Ballpark of the Palm Beaches Project. Ardaman was tasked to perform all Geotechnical recommendations and trash removal monitoring services for the 160 acre site, where an existing dump site was transformed into a state of the art spring training baseball facility.

Phone: 850-643-2339 Email: lcem@gtcom.net

- ▶ Pickup & haul operations for 836 sq miles
- ▶ 500,000 CY of debris.
- ▶ 7 municipalities including the county seat, the City of Bristol
- ▶ 55 haul crews and 35 Bucket truck operating at the peak of the recovery efforts , 7 haul crews sustained.
- ▶ Vegetative, tree limbs and stumps, C&D
- ▶ DMS operations at 3 DEP approved temporary debris sites
- ▶ Site 1 in North Liberty County opened in 48 hours  
Sites 2 & 3 opened in south Liberty County within 7 days as requested by the County,
- ▶ Burning 425,000 CY of vegetative debris.
- ▶ Dedicated entrances and exits for truck traffic.
- ▶ Tracked via FEMA approved electronic ticketing
- ▶ Simultaneously coordination with monitoring firm
- ▶ Maintained traffic flow through DMS sites; maintained stable terrain for traffic
- ▶ 80% Subcontracted, 20 % of subcontracting to local businesses
- ▶ No lost time, no safety or quality issues, no liquidated damages

**BERGERON**  
EMERGENCY SERVICES

April 24, 2019

Dear Mr. Bergeron,

On Behalf of Liberty County, FL., I would like to commend you and your company on a job well done. Hurricane Michael, which made landfall in October 2018, was the first Category 5 Hurricane to hit Florida in over 25 years. Hurricane Michael left wide spread damage County wide and Bergeron worked tirelessly to assist our field personnel and in-house management with all facets of the operation. Your adherence to all local, state and federal guidelines helped us tremendously with issues that might have otherwise been unsuccessful or overlooked. Bergeron Emergency Services, Inc. regularly communicated with us and made themselves flexible with various day to day operations throughout Liberty County.

Within hours of making the phone call to Bergeron Emergency Services, Inc., a representative was in our headquarters in Bristol to implement a plan to quickly and professionally return the County back to a sense of normalcy and subsequently full operations. Following initial assessments by the Bergeron team, it was immediately evident that the impacts were much worse than we had anticipated. Bergeron's experienced team was very thorough in their explanation of the FEMA debris removal process and the key controls that would be implemented to protect our reimbursement potential. Within twenty-four hours of NTP Bergeron mobilized crews who worked diligently and professionally to begin our much need recovery process. Within the first 45 days of operation Bergeron had removed and processed over 400,000 cubic yards of debris and handled tens of thousands of hazardous trees and limbs to eliminate the treat to public health and safety..

In closing, I would like to thank you and your staff for working so closely with our staff to return our County back to normal as soon as you did. It would be my pleasure to recommend your company to anyone who may suffer from a similar unfortunate circumstance in the future.

It has truly been a pleasure working with Bergeron.

Sincerely,

A handwritten signature in cursive script that reads "Rhonda Lewis".

VENDOR REFERENCE FORM

Vendor	Bergeron
Reference Agency Name	Liberty County
Contact Person & Number	Rhonda Lewis (850)643-2339

1. Scope of Work (what kind of work did they perform?) Debris Removal
2. How long have you/did you use this vendor? We have had a pre-disaster contract with Bergeron for several years. This is the first time we initiated the contract.
3. Were they quick to respond to any issues that came up? They were awesome. Great to work with.
4. Would you consider them easy to work with? Absolutely.
5. Did they require a lot of supervision or oversight? No. They met with me several times during the day just to make sure that nothing was inadvertently missed or overlooked.
6. Is there anything you wish they would do differently? No, this company is wonderful to work with.
7. Setting aside purchasing requirements, would you hire them again? Definitely
8. On a scale from 1 to 10, 10 being excellent and 1 being unsatisfactory, how would you rate:
  - a. Quality of work 10
  - b. Personnel experience 10
  - c. Ability to resolve problems 10
9. Are you happy with their overall performance? Very much
10. Anything you would like to add?

This company is very professional and also very compassionate when dealing with our citizens and their concerns. I would highly recommend this company and will most definitely secure them for our next debris contract.

Dear Mr. J.R. Bergeron,

On Behalf of the City of Oakland Park, I would like to commend you on a job well done. Hurricane Irma, which made landfall in September 2017, was one of three hurricanes to hit the United States within a few weeks of one another, which has never happened in the history of the United States. With resources stretched from Texas to Puerto Rico, Bergeron Emergency Services, Inc. (Bergeron) had a representative at our Public Works offices the next day ready to assist the City with equipment and personnel as needed.

Bergeron worked diligently to assist our field personnel, the City's monitoring contractor, and staff with all facets of the operation. Because of the relationship between our City and Bergeron, we were able to maximize our request for emergency reimbursement from FEMA and the State of Florida during this declared state of emergency. Your adherence to all Local, State, and Federal guidelines helped us tremendously with issues that might have otherwise been unsuccessful or overlooked. Bergeron communicated daily with the City and made themselves flexible to the changing day to day operations throughout the City of Oakland Park.

Bergeron's experienced team was very thorough in their explanation of the FEMA debris removal process and the key controls that would be implemented to protect our reimbursement potential. Within twenty-four hours of Notice to Proceed (NTP), Bergeron mobilized five cut-and-toss crews to open the main roadways throughout the City. Within seventy-two hours following landfall, Bergeron mobilized enough pick-up and haul crews to have the City cleaned up in forty-five days with two full passes.

In closing, I would like to thank you and your staff for working so closely with our staff to return our City back to normal operations as soon as you did. It would be my pleasure to recommend your company to anyone who may suffer from a similar unfortunate circumstance in the future.

Should you need additional information regarding your outstanding response, please contact me at (954) 630-4458 or [albertc@oaklandparkfl.gov](mailto:albertc@oaklandparkfl.gov).

Sincerely,

Albert J Carbon III, P. E.  
Public Works Director  
City of Oakland Park, Florida

Fort Lauderdale, Florida 33332

Dear Mr. J.R. Bergeron,

On Behalf of the Town of Ocean Ridge, I write to commend your company on a job well done! With the September 10<sup>th</sup> 2017 landfall of Hurricane Irma, a major storm to hit our area, our Town experienced significant impacts. All the contractors in the storm restoration process had their available resources stretched far and thin from Texas to Puerto Rico, so we were elated that Bergeron made themselves available early on, working tirelessly in our town in a timely manner.

Bergeron worked diligently with our staff, the contract field monitoring firm and administration over the many facets and challenges of the clearing operations. Because of the close relations between our Town and Bergeron, we hope to maximize final reimbursements under the State managed FEMA Public Assistance Program. Your professional adherence to required local, state and federal guidelines helped us through issues that might have otherwise been unsuccessful or overlooked. Bergeron Emergency Services personnel regularly communicated with us and made themselves flexible with implementing day to day operations throughout the Town of Ocean Ridge.

Within days of this extreme storm's impact, Bergeron had staff representatives in Town to assist implement of our restoration plan with all due professionalism, returning the Town quickly to normalized operations. In fact, ahead of many similar municipalities in the immediate area thanks to your team's dedication, cooperation and creativity to get our job done!

Bergeron's experienced team was always clear in communications with us and deployed compliant debris removal operations and key controls that should greatly assist our reimbursement potential with FEMA through the state. Within just days following the landfall, Bergeron mobilized enough equipment and crews to have our Town cleaned up within all the first pass compliances.

Again, I would like to thank you and your commendable staff for working closely with our staff to return our Town to normal operations as quickly as you did. It would be my pleasure to recommend your company to municipalities in similar emergency operations circumstance in the future.

Sincerely,

  
James S. Titcomb  
Town Manager

Customer Relations

Subject: **Bergeron Emergency Debris Management Services**

Palm Beach County was impacted by Hurricane Irma on Sunday, September 10, 2017, which generated approximately 3 million cubic yards of storm debris to be collected, reduced and transported to a final disposal (recycling) destination.

The Solid Waste Authority of Palm Beach County (SWA) is the agency responsible for the cleanup of storm debris impacting the County. Bergeron played a key role removing and transporting eligible storm debris material in a very safe and timely manner.

Bergeron's constant communication before, during and after Hurricane Irma provided a true sense of confidence in the task before us. They are a proven and experienced disaster response team that will exceed a customer's expectations at every turn. Bergeron always provides a very high quality team of managers that communicate and organize an outstanding cleanup effort.

The Bergeron team is also well aware of all FEMA eligibility requirements, responding immediately to any and all challenges presented during a natural disaster.

It is truly a pleasure working with the Bergeron team and I can assure you this company will not disappoint.

You may feel free to contact me at 561-697-2700, ext 4725 if you require any further information.

- ▶ First school district in are to open following event

**BERGERON**  
EMERGENCY SERVICES

Dear Mr. Bergeron,

On Behalf of the Volusia County School Board District, I would like to commend you on a job well done. Hurricane Matthew, which made landfall in October 2016, was the first Major Hurricane to hit Florida in over 10 years. Hurricane Matthew left wide spread damage to schools all across Volusia County. Bergeron worked tirelessly to assist our field personnel and in house management with many facets of the operation. Because of the relationship between our School Board and Bergeron, we were able to maximize our reimbursement from FEMA and the State of Florida, under the FEMA Public Assistance Program. Your adherence to all local, state and federal guidelines helped us tremendously with issues that might have otherwise been unsuccessful or overlooked. Bergeron Emergency Services regularly communicated with us and made themselves flexible with various day to day operations throughout Volusia County.

Within hours of making the phone call to Bergeron Emergency Services, Inc., a representative was in our headquarters in Daytona to implement a plan to quickly and professionally return the schools back to full operations. Following initial assessments by the Bergeron team, it was immediately evident that the impacts were much worse than we had anticipated. Bergeron's experienced team was very thorough in their explanation of the FEMA debris removal process and the key controls that would be implemented to protect our reimbursement potential. Within twenty-four hours of NTP Bergeron mobilized over 15 crews who worked tirelessly to return over 30 schools simultaneously back to normal operations within forty-eight hours. The Volusia County School District was the first school district to open schools statewide following the impacts of Matthew. More importantly, even though schools were opened, there was still much work to perform and the majority of the debris removal operations were performed while students were present. Bergeron's experience with managing the pedestrian traffic and constant coordination with our staff was paramount to our successful recovery.

In closing, I would like to thank you and your staff for working so closely with our staff to return our schools back to normal as soon as you did. It would be my pleasure to recommend your company to anyone who may suffer from a similar unfortunate circumstance in the future.

Sincerely

Dear Mr. Thomason:

I want to thank you and all of the responders from Bergeron Emergency Services for your assistance in the recovery from the tornado that we recently experienced. Within two hours after we called, a representative was in the City assessing the damage and developing a clean-up and debris removal plan. The next morning your crews were here on-site ready to work. You provided just the right amount of manpower and equipment we needed to get the job done quickly and efficiently.

Thanks for the great response from Bergeron Emergency Services.

Re: April 2015 Straight-Line Windstorm Event

Dear Mr. Bergeron,

The City of Richwood only recently awarded our annual Storm Debris Contingency Contract to Bergeron, so recently in fact that the contracts had just been signed. On April 17<sup>th</sup>, we experienced a storm event. The storm debris had piled up beyond our control and beyond the capacity of our current waste management service.

Brian Thomason responded the day he was contacted about assistance with the storm debris removal. We were able to meet with Brian and with Ariel Vignolo the very next day. They both were extremely courteous and helpful while explaining the process. They were able to mobilize immediately and clean up began within 30 minutes of our meeting.

Mr. Thomason stayed in contact with the City every day regarding their progress. We were kept informed all through the process. We never received a customer complaint or concern while Bergeron was working in town.

Brian and Ariel were both professional and courteous. Being a small municipality, we don't have the labor at our disposal to handle such an extensive clean up. They came in, removed a huge burden from the city, managed to keep our residents pleased and displayed a level of customer service you rarely have the pleasure of witnessing these days.

Sincerely,

Clif Custer  
Public Works
