RE: RFP for Disaster Debris Removal and Disposal Services
Due: July 16, 2021 at 3:00 PM ET

Dear Selection Committee:

We are pleased to submit the enclosed proposal for **Franklin County RFP for Disaster Debris Removal and Disposal Services**. Ceres Environmental Services, Inc. is an experienced disaster recovery and Government contracting firm capable of providing personnel, equipment and resources to rapidly and efficiently respond to a disaster recovery event. Our services include debris removal and segregation, demolition and hazardous material management, debris reduction and site management, and the collection/generation of FEMA-required project documentation.

In 2020, Ceres was activated in more than 25 jurisdictions in response to hurricanes, tornados, and ice storms. Ceres performed recovery efforts in response to Hurricanes Laura, Sally, Delta, and Zeta throughout Louisiana and Florida. In April, Ceres responded to Hamilton County, TN after an E-3 tornado. Ceres was already working in Texas following Hurricane Hanna when a derecho impacted Linn County, IA, where Ceres removed and reduced over one million cubic yards of debris.

Ceres was activated by various jurisdictions throughout North and South Carolina, Florida, and Georgia as a result of Hurricanes Florence and Michael in 2018. Ceres was also activated in 13 Georgia counties by the U.S. Army Corps of Engineers. We had personnel in place prior to storm landfall in order to help our clients best prepare and are proud to continue our tradition of being **PROVEN, RESPONSIVE, READY**.

In 2017, Ceres responded to more than 30 jurisdictions following disasters ranging from floods to hurricanes to tornados. Ceres responded to 33 Florida jurisdictions following Hurricane Irma; during the same timeframe, Ceres performed Hurricane Harvey recovery efforts throughout the state of Texas. In 2016, Ceres was already working in Louisiana following heavy rains and flooding when Hurricanes Hermine and Matthew hit the U.S. coast within a month of each other yet we responded to all of our affected clients swiftly and efficiently.

Our office in Sarasota, FL provides an excellent location from which to manage our post-disaster work for the County. Other permanent offices for Ceres give us good geographical dispersion. Those offices are located in Houston, TX and Brooklyn Park, MN. **Ceres' multiple locations ensure that, even if an event affects our Florida location, other offices will swiftly take over to meet the needs of the County.**

David A. McIntyre, Sole Shareholder and President; David Preus, Senior Vice President; Tia Laurie, Corporate Secretary; and Dawn Brown, Assistant Corporate Secretary have signature authority to bind the company and can all be reached by **calling Ceres' toll free number (800) 218-4424**.

We look forward to the opportunity to **continue** to be your supplier of disaster recovery services.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tia Laurie", is written over a horizontal line.

Tia Laurie
Corporate Secretary
Ceres Environmental Services, Inc.

Ceres Environmental Services Facts and Highlights

- Founded in 1976 and incorporated in 1995, Ceres Environmental Services, Inc. has provided emergency management and other services for **45 years** to government entities throughout the United States.
- Ceres has **never defaulted on a contract or failed to complete any work awarded**.
- **No client of Ceres has been denied reimbursement for work Ceres has performed.** Ceres' professional staff assists our clients, upon request, with the preparation and submission of project worksheets for FEMA and other agencies.
- **No Regulatory or License Agency Sanctions** have ever been imposed on Ceres or any of its principals.
- Ceres' policy and practice is to **utilize qualified local small and disadvantaged business enterprises** to the maximum extent practicable to further aid in the recovery of the community.
- Exemplary Performance on **over \$2.5 billion dollars** of Emergency Debris Management contracts awarded by various government agencies within the past nearly 30 years on over 220 FEMA-funded contracts.
- Following Hurricane Michael, Ceres was activated by the USACE in **13 counties in Southwest Georgia**. Ceres collected and hauled a total of 4,236,363 cubic yards (CY) of debris, with a **maximum haul of 140,330 CYs in a single day**.
- In all of 2017, Ceres **received 54 major contract activations from cities, counties, and in the U.S. Virgin Islands (USVI)** for debris removal and off-island debris disposal. For the USVI work, Ceres received the **highest possible contract evaluation – Exceptional – in all categories for its pre- and post-Hurricanes Irma and Maria responses**.
- Ceres responded to Louisiana flooding in 2016, **removing over one million cubic yards of debris** as well as damaged white goods and putrescent food.
- Following Hurricanes Hermine and Matthew, Ceres was activated on **20 contracts over four states**: Florida, Georgia, South Carolina and North Carolina. Ceres successfully removed **more than 3 million cubic yards** of hurricane debris resulting from Hermine and Matthew despite already working in Louisiana following the flooding.
- Ceres responded to the Midwestern flooding and Hurricanes Dolly, Gustav and Ike during 2008 and **fulfilled all obligations for nine separate contracts**, seven of which were performed simultaneously.
- Performed **simultaneous Hurricanes Katrina, Rita and Wilma recovery operations** in three states throughout 44 counties and parishes.
- During Hurricane Katrina recovery, 45,000 cubic yards of debris were hauled on the first day of operations and up to 200,000 cubic yards daily after that. In total, **more than 13 million cubic yards** were hauled and processed.
- Performed **over 40,000 Right of Entry (ROE) work orders for “Blue Roof” repairs** for the U.S. Army Corps of Engineers on five contracts, with concurrent operations in over 30 counties.
- Recipient of the **Million Work Hours Award** for our **superb safety record** on the Katrina Debris project for the U.S. Army Corps of Engineers.
- In order to speed response, Ceres maintains a **rapid-response deployment facility** in Sarasota, Florida. Additional equipment is stored in Houston, TX and Brooklyn Park, MN.
- Federal Employer Identification Number 41-1816075
- Florida General Contractor's License CGC1508764

JOINT WRITTEN ACTION OF THE BOARD OF DIRECTORS AND SHAREHOLDERS OF CERES ENVIRONMENTAL SERVICES, INC.

The undersigned, being the sole member of the Board of Directors and the sole shareholder of Ceres Environmental Services, Inc., a Minnesota corporation (the "Corporation"), does hereby adopt the following resolution in writing pursuant to Minnesota Statutes effective as of the 9th day of May 2019:

WHEREAS, the Corporation desires to prepare and execute contract documents including but not limited to addendums, change orders, notices to proceed and task orders, and the Corporation desires to grant the authority to the Corporate Secretary, Tia Laurie, to sign and execute such contractual documents on behalf of the Corporation,

NOW, THEREFORE, IN CONSIDERATION OF THE FOREGOING, BE IT:

RESOLVED, that Ceres Environmental Services, Inc. grants Tia Laurie, Corporate Secretary, the authority to sign and bind the Corporation in matters related to the execution of contractual documents.

IN WITNESS WHEREOF, the undersigned Board of Directors and Shareholders have set their hands effective as of the day first written above.

David A. Monkyre
President and Sole Director/Shareholder

B EXPERIENCE

B.1 Past Performance

Ceres Environmental Services, Inc. has been working actively in the disaster recovery business since our founding in 1976, completing over 220 FEMA-reimbursed projects. Below is a selection of our past performance within the past five (5) years; additional details on our past performance are available upon request.

Bastrop County, TX	Debris Removal Contractor	\$13,923.80	535	June 2016	Post-event debris removal of vegetative debris from three flood events in Bastrop County	Leon Scaife, Purchasing Agent, 804 Pecan Street, Bastrop, TX 78602; (512) 581-7110; leon.scaife@co.bastrop.tx.us
Oklahoma Environmental Management Authority (Canadian County and Cities of, El Reno, Yukon, Piedmont, Calumet, and Union City)	Emergency Debris Removal Services/ Grinding and Burning of Disaster Debris	\$2,040,657.00	237,427 CY collection and removal 151,127 CY Grinding 213,223 CY Air Burning	December 2015 – March 2016	Collection and removal of ice storm generated debris from public ROW after Winter Storm Goliath. Ceres also performed the initial 70-hour push for OEMA and disposed of debris by grinding and air curtain burning.	David Griesel, General Manager (OEMA), 1505 South Rock Island, El Reno, OK 73036; Phone (405) 822-1031; dgriesel@oemaok.org
City of Warr Acres, OK	Post Event Debris Removal	\$366,829.01	34,773	January – February 2016	Pick up, hauling and disposal of woody debris from the City's right of ways after winter ice storm	Mike Turman, PW Director, 5930 NW 49 th Street, Warr Acres, OK 73122; (405) 301-0371; publicworks@warracres-ok.gov
City of Oklahoma City, OK	Emergency Storm Debris Removal	\$2,655,604.85	26,411	December 2015 – April 2016	Collection, removal, and disposal of storm debris generated by the November 2015 ice storm	Leigh Booth, Utilities Department, 420 West Main, Oklahoma City, OK 73102; (405) 297-1839

B.2 Statement of Program Standards

Ceres Environmental Services, Inc. will meet all program standards as provided for in the guides for FEMA “Debris Management Guide”.

B.3 FEMA Knowledge and Experience

From experience on over 220 FEMA-reimbursed projects, Ceres Environmental Services, Inc. knows that accurate and organized recordkeeping and reporting is vital to successful completion of a project. To fulfill this need, Ceres provides support and assistance through every step of the project. After the project is completed, Ceres will attend post-project briefings and provide our lessons learned and recommendations for the next project to Franklin County. Ceres' careful attention to documentation and strict quality control procedures will aid in the acceptance of a claim for reimbursement. **Throughout Ceres' history, no client has been denied reimbursement for work Ceres has performed.**

Ceres has FEMA reimbursement liaison officers on staff that provide expertise to Ceres and the entity in order that all Project Worksheet activities and other reimbursement documentation are filed successfully.

Training

Ceres is qualified and able to participate in pre-event training days. Available training related to technical aspects of disaster recovery involves FEMA worksheets, the available methods of recording project data from tickets and truck certifications onto electronic records and databases, field operations and other training as needed or requested.

Ceres' training will cover various topics, many of which are included below in a list of typical events that occur in a disaster response.

Sequence of Events (Source: FEMA Public Assistance Policy Digest)

- Local response – emergency operations center activation-declaration of state of emergency
- Continue emergency work-maintain records (labor, equipment, materials, and contracts)
- Compile initial estimated damage. Report to State emergency management agency
- Evaluate needs and request State/Federal assistance
- Federal/State survey of need—Preliminary Damage Assessment (PDA)
- Governor's request for Federal assistance
- Presidential declaration
- Designation of applicant's agent
- Attend Applicant's Briefing and submit a Request for Public Assistance
- Attend Kickoff Meeting with Public Assistance Coordination (PAC) Crew Leader—discuss project formulation
- Prepare Project Worksheets—work with the PAC Crew Leader
- Address applicable Special Considerations (floodplain management, insurance, hazard mitigation and compliance with environmental and historic preservation laws)
- Complete application for Federal funds
- Maintain required documentation (labor, equipment, materials, and contracts)
- Receive payment of small projects—for Federal share and possibly State share
- Complete approved disaster work within time allowed
- Request final inspections
- Submit documents for final inspection, program review, and close-out
- Keep all documentation for 3 years from date of final Financial Status Report, or follow State and applicant record retention policies if they require retention beyond 3 years

Documentation – Field Operations

Ceres has its own forms for truck certification, load tickets, force account labor and equipment, man-hours, and equipment supplied. Ceres is pleased to provide these, and any other forms needed for the entity.

Ceres often provides these forms to clients during disaster response projects. For example, Ceres performed debris removal for Indian River County following back-to-back hurricanes Matthew and Irma in 2016 and 2017. Since the County performed

its own monitoring, Ceres brought its own truck certifications, load tickets, and other required forms for the County monitors' use. During project closeout, Ceres scanned all truck certification and load tickets and provided back to the County for recordkeeping.

In addition to its proprietary forms, Ceres is also familiar with the sample forms included in the now superseded FEMA 325 Debris Management Guide and FEMA 327 Debris Monitoring Guide. While these publications were superseded in 2016 with the Public Assistance Program and Policy Guide (PAPPG), FEMA 325 and FEMA 327 provide guidelines for debris management from preparation to concluding response and offer multiple sample forms for use during monitoring, including load tickets and truck certifications.

Ceres is also intimately familiar with PAPPG, Title 2 of the Code of Federal Regulations (CFR) Part 200

Procurement Standards and other pertinent FEMA policy guides, fact sheets, and disaster specific guidance. Ceres maintains this information in a central repository to quickly compare policy guide revisions and distribute to clients. When FEMA transitioned from 44 C.F.R. 13.36 to 2 C.F.R. 200, Ceres and its attorney wrote a cross-walk article highlighting the changes from one set of regulations to the other (The Construction Lawyer, Volume 36, Number 4, Fall 2016, Emergency Contracting: Avoiding a Disaster After the Disaster). In short, Ceres has access to and understands the various rules, regulations and policies required to meet FEMA reimbursement guidelines.

Ceres has recently expanded its field operations reporting with the latest ESRI GIS software suite, ArcGIS 10.7TM. Ceres is able to create sector, zone and subzone maps to augment completion of PDA Forms, provide better estimates of debris quantities/types, track the progress of debris collection operations and help closeout zones/subzones. In totality, ArcGIS helps create a common operating picture between Ceres, its various department and the entity. ArcGIS has become an integral part of Ceres overall operations and developing a common operating picture within Ceres and among our partners.

Documentation – Administrative

Tickets and Truck Certification Forms are the foundation of the major expenses on most projects. Tickets are designed in several versions depending on what information is required. Tickets may track debris by cubic yard, tons, each, or load. The debris stream may also influence the ticket form that is selected for any particular project phase. Truck Certification forms are also critical documentation that must be accurately and carefully recorded. These forms are carefully structured to ensure that all necessary information, as required by FEMA, is recorded. FEMA requires signed truck certification forms for every vehicle hauling on the project and a signed dump ticket for every load. Ceres supplies these 5-part carbonless forms if the entity wishes.

Ceres has developed a powerful custom database that links key components of documentation including the

LOAD TICKET		
TICKET NO.		
CONTRACT NO.

Loading		
Dumping		
21		
22		
 Original : Contract Owner Yellow : Driver Pink : Ceres Gold : Other Green : Customer		

This is the Ceres Load Ticket. In use, the Ticket Number is preprinted. This form is generally scanned at the job site and electronically transmitted to an office outside the disaster area for data entry. The form's five copies are color coded to minimize confusion.

truck certification database, ticket database, and the database containing all of the images of each individual ticket and the truck certifications. Ceres' ticket database has been in use for more than 10 years and is easily modified to meet the varying needs of our clients. The database is also designed to make data entry easy. One data entry person, with minimal training, can enter over 700 tickets per day. Drop down selections, short cuts and static information retrieval make data entry fast and accurate. The system does not allow entry of duplicate tickets thus preventing duplicate billing and duplicate payments. The system does not allow a ticket to be entered with an amount that exceeds the certified load amount of the truck. Additional features of this custom software make it flexible enough to record data that is known to be required for a particular circumstance or project. Ceres maintains separate databases for each project to ensure that data integrity is maintained.

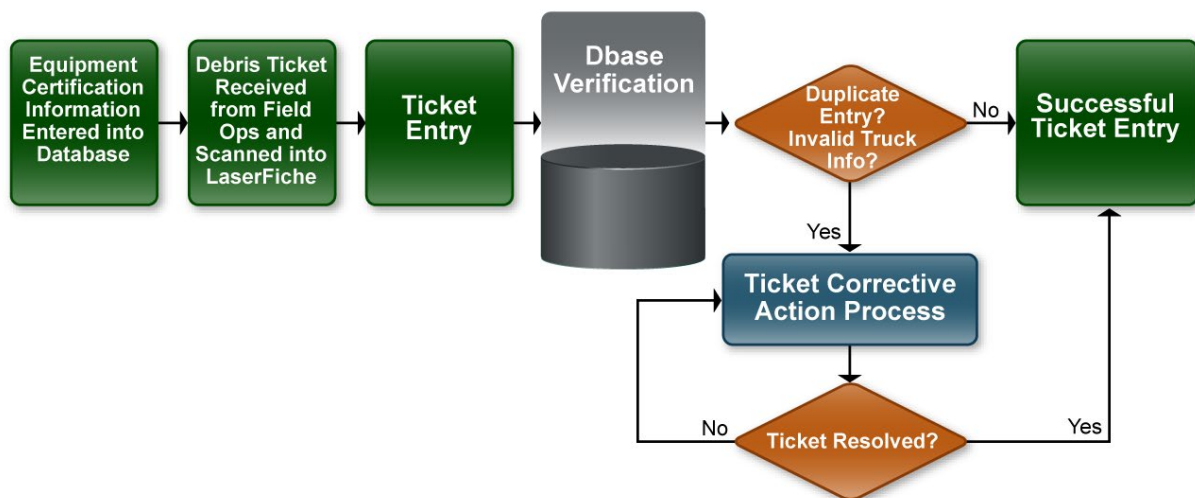

Each completed truck certification form and each load ticket are electronically scanned at the field office and then transmitted to an imaging database located on a secure Ceres server outside the disaster area. The scanned information is then retrieved by our data entry staff and entered into the appropriate project database under normal office conditions. Database rules require that first the truck owner (Ceres or one of its subcontractors) and then the individual truck be established in the database before the system will accept any load ticket information for that truck

The Ceres "Data Entry/Accounting Procedures" manual is used to provide guidance to our data entry personnel, so all data is entered in a consistent manner to ensure data integrity. All reimbursable activities under a particular contract, for example, stump removal, operation of hourly rate equipment, and personnel hours, are recorded by our operations staff.

Ceres audits the database for inconsistencies, data entry error and data integrity on a regular basis. This ensures that records of all potentially reimbursable activities are acceptable and auditable by FEMA.

Ceres has taken great care to develop both policies and procedures that can be consistently applied to every project. This extra planning makes the implementation of a project easier and faster. Additionally, the use of advanced communication technologies, such as wireless and satellite internet connections; cell phones with voice, data and text; and electronic imaging of paper documents, allow Ceres to simultaneously manage multiple projects, in multiple states.

Ceres' image databases (images include both tickets and truck logs) are available to all our governmental customers as password protected read only files on the internet. The data has been used for audits by such Federal agencies as the U.S. Army Corps of Engineers.

This flow chart illustrates the data flow and system logic for handling completed load tickets. The system will check for a non-duplicate ticket number, a valid truck number and that the load does not exceed the verified capacity of the truck before information will be saved in the data base.

Both standard and custom reports can be generated from Ceres databases. These reports are used to invoice the contract Client, to pay subcontractors and then provide management/field operations with production reports. This information is readily shared in a variety of formats.

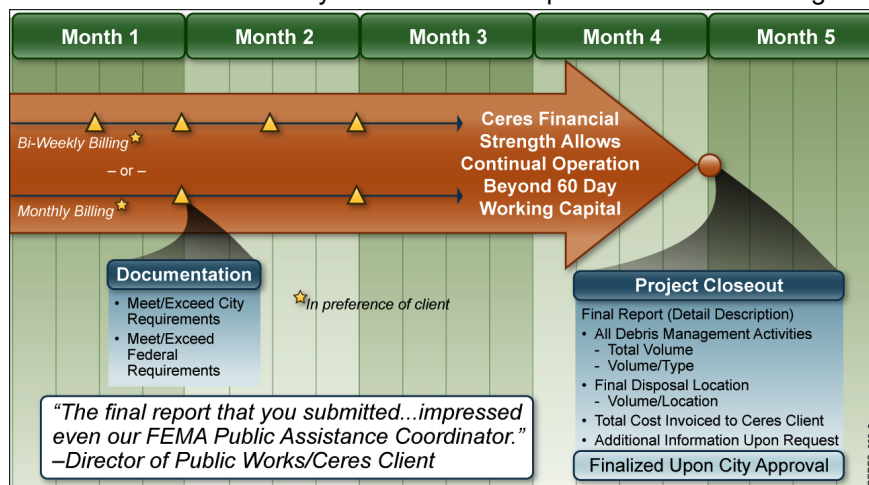

Monitoring Consultants

Some of Ceres clients choose to contract with a firm providing monitoring services. The services provided by a monitoring firm may include: damage assessment, training, emergency planning, direct communications with the entity, incorporation of entity forms and FEMA forms, facilitating communications with FEMA and other state and federal agencies, pre-event planning, post-event construction, funding, and reimbursement procedures. To eliminate any question of conflict of interest we will not involve ourselves in the actual selection process and we do not endorse nor recommend any of the monitoring companies. We do strongly recommend that the entity verify that the proposed monitoring firm is not de-listed by the federal government on the "Excluded Parties List System" at www.epls.gov.

As a full line disaster response firm, Ceres also has expertise and experience in all of the services provided by monitoring consultants. For example, following a January 2009 Ice Storm in the Midwest, and while under contract with the Kentucky Commonwealth, Ceres aided in many of these areas. The KY Commonwealth had not contracted for technical assistance services and greatly appreciated the support that Ceres personnel were able to provide from basic guidance to providing numerous forms which enabled the Commonwealth to maximize their monitoring function and compliance for FEMA reimbursement. This successful past experience and expertise allows Ceres to work cooperatively and cohesively directly with the entity or with a third party provider. We would be pleased to work with whomever the entity chooses.

Invoicing

Ceres can invoice the entity on a weekly, bi-weekly or monthly basis and in any format the client or a client's representative requires. Each invoice is submitted with appropriate documentation relating to the services provided. Documentation shall meet or exceed entity and federal requirements for funding and reimbursement purposes. Ceres will provide technical assistance to the entity in the completion of claims filed to FEMA or other agencies for funding and reimbursement. A documentation team will be assembled from representatives of quality control and accounting. This team will assist the entity throughout the invoicing and reimbursement process long after the work has been completed. Ceres' financial strength enables Ceres to operate within the working capital requirement of the contract.

Invoices are generated as contractually agreed with all necessary supporting documentation. Project closeout is expedited by automated controls on truck identification, load sizes and ticket number validity.

Reimbursement Assistance

Ceres has experienced personnel trained in providing the necessary documentation and assistance in the preparation of reimbursement claims for the entity. If requested, Ceres will provide the entity with turnkey services or guidance and technical assistance to ensure proper preparation and submittal of claims for reimbursement and other available funding. Our FEMA reimbursement liaisons have supervised and trained personnel on disaster response and relief efforts in New York following 9/11, and on subsequent events including Hurricanes Isabel, Charley, Frances, and Jeanne. We can help a local government make certain that federal funding approvals are followed by timely reimbursement.

Program Management Assistance

Ceres is experienced and trained to provide all of the following services to the entity:

- Preliminary Damage Assessment (PDA)
- Emergency Work definition (Category A and Category B)
- Analysis of Permanent Work (Categories C through G)
- Assistance with Applicant's Briefing
- Identifying Expenditures Eligible for Reimbursement
- Review of PDA for Scope of Work
- Recovery Process Documentation
- Recovery Process Oversight
- Force Account Labor assistance
- Preparation of Project Worksheet (PW)
- Review of records system for applicability to Federal and State Requirements
- Orientation and training of client personnel on documentation requirements
- Assist in the establishment of the "Clerk of Records"
- Claim Documentation
- Public Service Announcements

Production Reporting

Ceres has developed specific procedures to ensure proper and thorough documentation of daily project activities and adherence to strict quality control requirements. Daily documentation required for each debris management project will meet or exceed contractual, FEMA or other agency requirements. Ceres has developed project-tracking forms to ensure accurate reporting. In addition to the forms already mentioned these forms include truck certification logs, production logs, shift inspection checklists, safety meeting report forms, daily crew reports, and various equipment usage reports.

Quality Control

Daily Contractor Production and Quality Control reports are completed and available the following work morning to the client or other designated authority. Original reports are maintained in the Mobile Command Center and daily reconciliation reports are generated to verify information reported on load tickets to information reported on daily production reports. The Project Manager and Project QC Manager monitor information contained in the Daily Quality Control reports to ensure project activities conform to contractual requirements and that an acceptable level of project quality and workmanship is provided to the client. All records, certifications, and reports are converted into digital documents that are stored securely off-site on Ceres computer servers and are available to management and other project personnel on a need to know basis.

Formalized quality control procedures are applied to each project to ensure documentation procedures are properly and fully implemented and to ensure conformance to project specifications. All Ceres employees, subcontractors, and suppliers are subject to the provisions of the QC Program. For each project, a Quality Control Plan is specifically developed to detail the QC organization, individual responsibilities, monitoring procedures of activities and subcontractor activities, documentation requirements for Ceres personnel and all subcontractors, control phases or procedures, and identification and correction procedures for non-conforming activities. The remedies for non-conformance include termination. Exceptional quality control of each project promotes efficiency and avoids investigation and other potential losses.

Dispatch Records

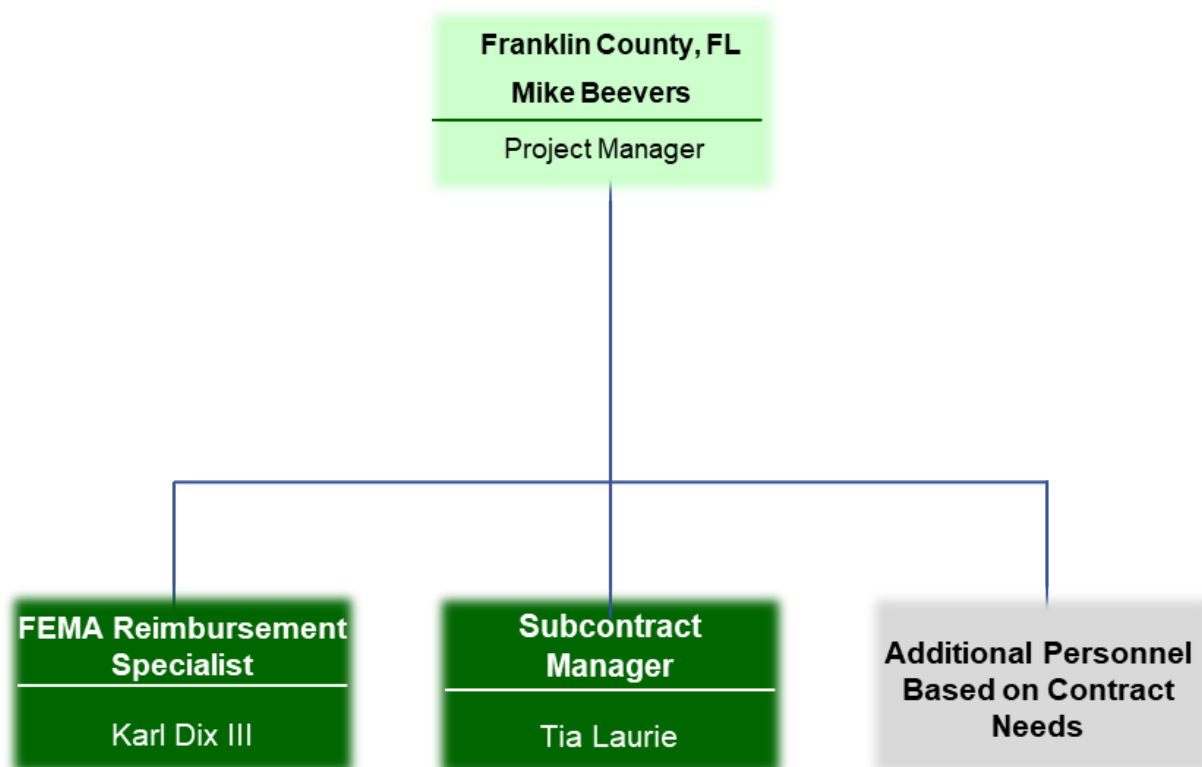

Dispatch records will be maintained for the duration of the project. Records include date and time of dispatch, crew and unit identifier, and status of assigned section (In Progress, Completed, etc.). Typically, one contractor will be assigned to a given section. Sections may be comprised of individual developments or combinations thereof. Accurate and thorough Dispatch Logs enable the identification of any potential issues and the responsible party.

Additionally, all supervisors will conduct weekly toolbox meetings and develop activity hazard analyses in compliance with the corporate Health and Safety Plan, and these meetings are documented.

B.4 Key Personnel Qualifications

Ceres Environmental Services, Inc. has over 130 employees, many of whom are professional staff. Our staff hold degrees in areas such as Structural and Civil Engineering, Business Administration, Forestry, Geology, Science, and Accounting. As part of the Company's dedication to quality and safety, many of Ceres' management staff are U.S. Army Corps of Engineers-certified in Construction Quality Management; are FEMA-certified in NIMS; are Red Cross-certified in first aid; and have completed OSHA's 40-hour safety training course. Ceres' management has worked extensively on FEMA-reimbursed contracts and has demonstrated its ability to respond to large-scale events.

For Franklin County, Ceres will provide exceptionally qualified personnel to lead the efforts for any event occurring for which our services are required. The following core team will be assigned to the entity for the life of the contract. Additional personnel will be assigned based on the size and severity of an event affecting the entity.

Mr. Mike Beevers has been assigned as the project manager for Franklin County. Mr. Beevers has been in environmental services for almost 20 years, starting in earth work and contracting and moving to disaster response and mobile recycling. He has experience managing employees along with hiring, scheduling, and managing subcontractors for large projects. Mr. Beevers has responded to various types of disasters, including hurricanes, ice storms, tornadoes, floods and fires.

Mr. Karl Dix will be the FEMA Reimbursement Specialist assigned to Franklin County. Mr. Dix experience includes project management; quality control of operational and administrative functions to ensure FEMA eligibility, compliance with State regulations and adherence to contract specifications; review of FEMA eligibility and processing of FEMA paperwork; training sessions with clients; and development of new record-keeping systems. His responsibilities include developing business relationships with current and potential clients; development of strategic plans; and management of assigned projects. Mr. Dix holds a bachelor's degree in business administration from Emory University.

Ms. Tia Laurie, our Subcontractor Manager, is adept at ensuring that our subcontractors and equipment are in place and ready to work when needed. She keeps an extensive list of subcontracts, both local and throughout the country, in case specialty work is required. Ms. Laurie understands the importance of local

recovery and knows that it means more than just clearing debris – it means providing jobs in the area. She is expert at finding qualified personnel in any area throughout the United States. Ms. Laurie also provides management in the areas of maintaining and upgrading the subcontractor database, registration process, and evaluation criteria, as well as creating and executing applicable training programs for subcontractors. Ms. Laurie will be immediately available to locate and check the credentials of all required subcontractors and to pre-stage necessary equipment, ensuring that entity efforts are well under way within the time frames required.

Ceres' management has demonstrated its ability to respond to large-scale events. During the Camp Fire clean up in Butte County in 2019, Ceres daily operations consisted of 50 debris removal crews, over 400 hauling units, 120 traffic control personnel and a field supervision team of over 30 members. Our team members worked on over 2,900 properties, collecting and loading over 734,000 tons of debris. Out of the debris transported, 159,000 tons of metal and concrete were sent to recycling facilities and are destined for beneficial reuse. This project was the largest debris mission in the state of California in more than 100 years.

Ceres has the resources and experience to handle multiple events and locations. From October 2018 to March 2019, Ceres was activated in 13 Southwest Georgia Counties for the U.S Army Corps of Engineers following Hurricane Michael. Ceres collected and hauled a total of 4,236,363 cubic yards of debris, with a maximum haul of 140,330 cubic yards in a single day. This was accomplished by utilizing 1,628 hauling vehicles and managing 144 subcontractors. Ceres received an **Exceptional** – the highest possible rating – for quality of service in the face of enormous challenges caused by an increase in the magnitude of project scope and extreme weather conditions.

In all of 2017, Ceres received more than 50 major contract activations from cities, counties, and the U.S. Army, including an ACI activation in the U.S. Virgin Islands (USVI) for debris removal and off-island debris disposal.

Ceres' management has demonstrated its commitment to superior performance and customer satisfaction. In 2017-2019, Ceres worked in the U.S. Virgin Islands under the USACE contract. For that work, Ceres received **Exceptional** ratings (the highest possible) from the USACE for meeting and exceeding contract requirements and achieving the highest ratings available for quality, customer satisfaction, management/personnel/labor, cost/financial management and safety/security.

Ceres' personnel are trained in FEMA regulations and are schooled in the use of FEMA Public Assistance Debris Management Guide FEMA 325, as well as additional resource books Public Assistance Guide FEMA 322 and Public Assistance Policy Digest 321.

For more extensive information on the qualifications of Ceres project management team, please see their resumes within this proposal. Resumes of the additional key personnel that will be made available depending on the size and severity of the event are included as well.

If for any reason key personnel named in this proposal are not available for Franklin County event, or are not acceptable to the entity, personnel with equivalent or better backgrounds and skills will be made available and will be presented for approval.

Key Personnel Resumes

Management Oversight

David A. McIntyre, Sole Shareholder and President

David McIntyre is the founder and sole shareholder of Ceres Environmental Services, Inc. and affiliated companies. He created the company in 1976 and has personally managed or supervised over over 220 FEMA-reimbursed contracts, including over 100 disaster debris-related projects. He has performed superbly in hiring, training and supervising an excellent team of personnel, resulting in Ceres' extensive list of satisfied customers. Mr. McIntyre's history includes his on-the-ground, on-site management of debris contracts during Ceres' large-scale response to several major disasters. The disaster debris projects include major projects for the USACE, including Ceres' 2018 ACI SAD Contract activation in the State of Georgia following Hurricane Michael; USACE work in response to the Northern California Wildfires in 2018; Alabama 2011 tornadoes response; 2008 Hurricane Ike USACE ACI response; 2005 Hurricane Katrina USACE and local jurisdiction debris management projects; and the Hurricane Georges USACE response in 1998.

Mr. McIntyre has been Project Manager of many the debris projects for Ceres and has been Operations Manager of many of them as outlined below. He has also presided over the performance of over 95 additional contracts with branches of the U.S. federal government regarding demolition, grinding, abatement, clearing, and other work. These government branches include the U.S. Army Corps of Engineers; U.S. Navy, Army, and Air Force; U.S. Department of the Interior; and the U.S. Department of Agriculture.

PROFESSIONAL EXPERIENCE

- **Oregon Wildfire Recovery 2020 – Current.** Management Oversight for Oregon Department of Transportation providing Hazard Tree Removal Services for Operational Branch 1: Archie Creek Fire, Douglas County, Operational Branch 5: Thielson Fire, Douglas County and Operational Branch 6: Two Four Two Fire, Klamath County.
- **Oklahoma Ice Storm 2020.** Management oversight for debris removal in 5 cities following an ice storm.
- **Hurricanes Laura, Hanna, Sally, Delta, and Zeta 2020.** Provided management oversight for 13 individual contract activations across Louisiana, Texas, and Florida.
- **Linn County, IA Derecho 2020.** Management oversight for removal, reduction, and disposal of derecho generated debris.
- **California Wildfires – Camp Fire, Butte County 2020 – Current.** Project Manager for the CalRecycle removal of hazardous trees generated by the Camp Fire wildfire in North-Central California in 2017.
- **Hamilton County, TN Tornado 2020.** Provided management oversight for removal and disposal of tornado generated debris in Hamilton County.
- **Jones County, MS Tornado 2020.** Provided management oversight for removal and disposal of tornado generated debris in Jones County.
- **California Wildfires – Camp Fire, Butte County 2019.** Project Manager for the CalRecycle clean-up project for hauling and disposal of debris generated by the Camp Fire wildfire in North-Central California in 2019, which is the largest debris mission in California in more than 100 years.
- **Northern California Wildfire Debris Removal 2018.** Provided management oversight for the USACE debris removal project in Lake, Mendocino and Napa Counties, CA following the fires between October and December of 2017.
- **Hurricane Michael USACE Response 2019.** Project Manager/Operations Manager for work in 13 Georgia Counties.
- **Hurricanes Michael and Florence 2018 – 2019.** Provided management oversight for 13 individual contract activations in jurisdictions across North Carolina, South Carolina, Florida and Georgia
- **Hurricanes Irma and Harvey 2017.** Provided management oversight for more than 45 disaster recovery projects in Florida and Texas.
- **Southeast Tornadoes 2017.** Provided management oversight for disaster recovery projects in Georgia and Louisiana following early tornadoes.
- **Hurricanes Hermine and Matthew 2016.** Provided management oversight for over 20 individual projects following Hurricane Hermine in September and Hurricane Matthew in October.

- **Louisiana Flooding 2016.** Provided management oversight for Ceres response to Louisiana floods in August following heavy rains.
- **Oklahoma Storms 2015.** Provided management oversight to Ceres response to Winter Storms Cara and Goliath. Ceres responded to six different jurisdictions in Oklahoma.
- **Livingston Parish Waterway Cleanup 2015.** Management oversight for Ceres response during the removal of vegetative, C&D and white goods debris removal in Louisiana.
- **Alabama Tornadoes 2014.** Management oversight for Ceres response in several Alabama cities damaged by May tornadoes. Ceres provided removal and disposal services for eligible debris.
- **Winter Storm Pax 2014.** Management oversight for Ceres response in Georgia and North Carolina. Ceres provided removal and disposal of storm-related debris in both states.
- **Winter Storm 2013.** Management oversight for early winter storm in October 2013. Ceres provided removal and disposal of disaster-related vegetative debris in South Dakota.
- **Upper Midwest Ice Storm 2013.** Management oversight for Ceres' response to spring ice storms in South Dakota and Minnesota, including work in rights of way, parks and waterways.
- **Hurricane Sandy 2012-2013.** Management oversight for Ceres response in New York and New Jersey. Ceres performed multiple projects in New York and New Jersey.
- **Hurricane Isaac 2012.** Management oversight of five separate contracts in response to Hurricane Isaac. Ceres provided recovery services to Jefferson Parish, Kenner, Livingston Parish, Denham Springs and St. Bernard Parish.
- **Winter Storm Alfred 2011.** Provided management oversight for response to unseasonal snowstorm in the Northeast. Ceres managed over 320,000 CY of debris in two locations.
- **North Dakota Flooding 2011.** Provided management oversight for emergency levee removal and repair projects after historic flooding in spring of 2011 near Minot, North Dakota. Ceres removed emergency levees and repaired damage to existing levees.
- **Hurricane Irene 2011.** Provided management oversight for response to Hurricane Irene's impact on the Atlantic coast. Ceres managed 120,000 CY of debris in two locations.
- **Alabama Tornadoes 2011.** Provided management oversight for response to record-setting tornadoes that hit the Southeast. Presided over four contracts in Alabama, including management of over 1 million CY of debris in Jefferson County.
- **New Zealand Earthquake 2011– present.** Oversight of response to Christchurch earthquake. Established a New Zealand branch office of Ceres to work in conjunction with the Canterbury Earthquake Recovery Authority (CERA) to provide extensive disaster response services including debris management, design-build seismic stabilization, demolition/deconstruction/implosion services and large-scale materials recycling operations. Working as a capital partner, developer and construction manager in the country to help salvage and repair damaged buildings.
- **Haiti 2010-2013.** Oversight of response to the devastating earthquake that hit Haiti in January 2010. Provided management oversight of a survey contract for the International Office on Migration, an \$11M landfill management and debris reduction site contract for the Haitian Ministry of Public Works and Communications (MTPTC) and The World Bank, environmental remediation projects for World Vision and new construction in the country.
- **Hurricane Ike 2008.** Presided over debris collection, transportation, and disposal on 11 different contract locations in Texas and Louisiana
- **Hurricane Gustav 2008.** Oversight of collection, transportation, processing, and disposal of over 1.9 million cubic yards of debris; Trimming and removal of hazardous trees in Louisiana
- **Hurricane Dolly 2008.** Provided oversight and management guidance in debris collection, transportation, recycling, and disposal in Texas
- **Hurricane Wilma & Rita 2005.** Directed debris collection, transportation, and disposal; Emergency temporary roofing installation in Florida
- **Hurricane Katrina 2005.** Lead Project Manager for collection, transportation, processing, and disposal of over 13 million cubic yards of debris; Trimming and removal of over 165,000 hazardous trees; Asbestos abatement and demolition of 916 buildings; Decontamination and disposal of over 315,000 white goods in 11 Louisiana Parishes; Emergency temporary roofing installation of over 21,000 buildings in 32 Mississippi counties
- **Hurricane Ivan 2004.** Project Manager in collection, transportation, and disposal of over 680,000 cubic yards of debris including the processing of over 505,000 cubic yards of debris in Florida

- **Hurricane Jeanne & Frances 2004.** Managed the collection, transportation, and disposal of over 404,000 cubic yards of debris in 13 Florida counties
- **Hurricane Charley 2004.** Directed Debris collection, transportation, and disposal; Emergency temporary roofing installation in 4 Florida counties
- **Hurricane Isabel 2003.** Project Management to debris removal and disposal in Virginia
- **Hurricane Floyd 1999.** Lead Project Manager to debris removal and disposal in North Carolina
- **Oklahoma City Tornadoes 1999.** Lead project manager for USACE contract providing debris removal, managing multiple debris sites, and demolishing damaged residential structures.
- **Hurricane Georges 1998.** Presided over collection and disposal of over 2.3 million cubic yards of debris; Management of 17 TDSR sites; Emergency temporary roofing installation on over 3,000 buildings in Puerto Rico.
- **Hurricane Fran 1996.** Project management for USACE contract providing debris removal, reduction and site management.
- **Hurricane Andrew 1992.** Lead Project Manager to debris collection, transportation, and disposal; Provided USACE with 25 new chippers/grinders with 48 hours in Florida

EDUCATION/CERTIFICATIONS

- Graduate coursework in Physics, Chemistry, and Mathematics from the University of Minnesota Institute of Technology and University of Minnesota
- Licensed Florida General Contractor

David A. Preus, Senior Vice President, Project Manager

Mr. Preus has been employed for more than 20 years with Ceres Environmental Services, Inc. directing the Emergency Management Services Division and providing project management on more than 100 FEMA reimbursed disaster recovery contracts including hurricanes, tornadoes, ice storms, windstorms, and floods. Mr. Preus leads and provides overall guidance to the company's Emergency Response Team in the areas of preparatory, mobilization, and implementation of operations. Mr. Preus has participated in nearly 20 USACE emergency recovery contracts with Ceres as prime contractor.

PROFESSIONAL EXPERIENCE

- **Oklahoma Ice Storm 2020.** Operations Manager for debris removal in 5 cities following an ice storm.
- **Hurricanes Laura, Hanna, Sally, Delta, and Zeta 2020.** Provided management oversight for 13 individual contract activations across Louisiana, Texas, and Florida.
- **Linn County, IA Derecho 2020.** Operations Manager for removal, reduction, and disposal of derecho generated debris.
- **Hamilton County, TN Tornado 2020.** Operations Manager for removal and disposal of tornado generated debris in Hamilton County.
- **Jones County, MS Tornado 2020.** Operations Manager for removal and disposal of tornado generated debris in Jones County.
- **Hurricane Michael 2018.** Operations Manager for the USACE ACI Restricted SAD Region activation in 13 Georgia counties for the clean-up of debris generated by Hurricane Michael in October 2018.
- **Hurricane Florence 2018.** Operations Manager and Project Manager for the North Carolina Department of Agriculture and Consumer Services for the disposal of biological debris generated as a result of Hurricane Florence throughout the State of North Carolina.
- **Hurricane Irma 2017.** Management Oversight for Ceres response to more than 25 jurisdictions throughout the State of Florida that were impacted by Hurricane Irma.
- **Hurricane Harvey 2017.** Provided management oversight for ten (10) individual projects throughout the State of Texas following the damage caused by Hurricane Harvey and the resulting floods.
- **Hurricane Maria Recovery, Puerto Rico** Providing management oversight for USACE PR Blue Roof and the Government of Puerto Rico Transportation and Public Works Department (DTOP) contracts following Hurricane Maria.
- **Hurricanes Hermine and Matthew 2016.** Provided management oversight for over 20 individual projects following Hurricane Hermine in September and Hurricane Matthew in October. Also worked in the field as project manager after Hurricane Matthew.
- **Louisiana Flooding 2016.** Provided management oversight for Ceres response to Louisiana floods in August following heavy rains.
- **Oklahoma Ice Storms 2015.** Provided management oversight to Ceres response to Winter Storms Cara and Goliath. Ceres responded to six different jurisdictions in Oklahoma.
- **Livingston Parish Waterway Cleanup 2015.** Management oversight for Ceres response during the removal of vegetative, C&D and white goods debris removal in Louisiana.
- **Alabama Tornadoes 2014.** Management oversight for Ceres response in several Alabama cities damaged by May tornadoes. Ceres provided removal and disposal services for eligible debris.
- **Winter Storm Pax 2014.** Management oversight for Ceres response in Georgia and North Carolina. Ceres provided removal and disposal of storm-related debris in both states.
- **Upper Midwest Ice Storm 2013.** Led Ceres' debris management prime contracts in South Dakota and Minnesota, including work in rights of way, parks and waterways.
- **Hurricane Sandy 2012-2013.** Management oversight for Ceres' response in New York and New Jersey. Ceres performed multiple projects in New York and New Jersey as prime contractor.
- **Hurricane Isaac 2012.** Management oversight of five separate contracts in response to Hurricane Isaac. Ceres provided recovery services to Jefferson Parish, Kenner, Livingston Parish, Denham Springs and St. Bernard Parish.
- **Winter Storm Alfred 2011.** Provided management oversight for response to unseasonal snowstorm in the Northeast. Ceres managed over 320,000 CY of debris in two locations.
- **Hurricane Irene 2011.** Provided management oversight for response to Hurricane Irene's impact on the Atlantic coast. Ceres managed 120,000 CY of debris in two locations.

- **Alabama Tornadoes 2011.** Provided management for Ceres' response to record-setting tornadoes as Ceres hauled 1,191,553 CY of debris, reducing the vegetative portion by grinding.
- **Haiti Earthquake 2010-2013.** Project Manager working with the International Organization for Migration on camp population and needs. Managed transitional housing prototypes. Participated in World Bank-financed 4.15 million CY rubble recycling project.
- **Hurricane Ike 2008,** Project management and operations management in 3 counties in Texas to clear and haul hurricane debris under Ceres' USACE ACI contract.
- **Hurricane Gustav 2008,** Project oversight for three contracts totaling over 2,000,000 cubic yards for debris removal and disposal, trimming and removal of hazardous trees, and removal and disposal of white goods in Louisiana.
- **Hurricane Katrina 2005,** Project Manager for emergency temporary roofing installation on more than 21,000 homes and buildings throughout 32 MS counties. Assisted in removal of over 13 million cubic yards of debris throughout 11 LA Parishes.

EDUCATION/CERTIFICATIONS

- General Management Program, Harvard Business School, Boston, MA, completed May 2014
- MBA, University of Minnesota Carlson School of Management
- Bachelor's degree, History, University of Minnesota
- Department of Homeland Security GS-202, Debris Management
- USACE CQM, FEMA IS-100, and First Aid/CPR certified

Key Project Team

Mike L. Beevers, Project Manager

Mr. Beevers has been in environmental services for almost 20 years, starting in earth work and contracting and moving to disaster response and mobile recycling. He has experience managing employees along with hiring, scheduling, and managing subcontractors for large projects. Mr. Beevers has responded to various types of disasters, including hurricanes, ice storms, tornadoes, floods and fires.

PROFESSIONAL EXPERIENCE

- **Hurricanes Laura, Delta, and Zeta 2020.** Project Manager for Vermilion Parish, LA and Cameron Parish, LA as a result of Hurricane Laura. Project Manager for St. Martin Parish, LA and Scott, LA as a result of Hurricane Delta. Project Manager for Lafourche Parish, LA and New Orleans, LA as a result of Hurricane Zeta.
- **Linn County, IA Derecho 2020.** Project Manager for Linn County, IA. Over 1 million cubic yards of debris were hauled as part of this project.
- **Jones County, MS Tornado 2020.** Project Manager for Jones County for the cleanup after a tornado in April 2020.
- **Santa Rosa County, FL Wind Event 2020.** Project Manager for Santa Rosa County, FL debris removal project after a severe storm and wind event.
- **Bahamas September 2019 – 2020.** Project Manager for debris removal on public and private property.
- **Hurricane Michael 2018.** Project Manager for Jackson County, FL for the cleanup of debris in October of 2018.
- **Hurricane Maria 2017 – 2018.** Project Manager for central zones in Puerto Rico roofing projects.
- **Hurricane Irma 2017.** Project Manager for Seminole County, FL. Over 1 million cubic yards of debris were hauled as part of this project.
- **Hurricane Harvey 2017.** Project Manager for the City of Pearland, Texas.
- **Hurricane Matthew 2016.** Project Manager for debris removal project in Beaufort County, South Carolina. Oversaw debris collection and removal from County-wide public and private roads and rights-of-way, resulting in over 1,000,000 cubic yards of debris collected.
- **Hurricane Hermine 2016.** Project Manager for debris removal project in Taylor County, Florida following a September hurricane. Oversaw collection of vegetative and C&D debris, as well as white goods and household hazardous waste.
- **Louisiana Floods 2016.** Project Manager for Ceres response to the City of Zachary following August flooding.
- **Louisiana Levee Construction 2014 – 2015.** Fleet Logistics Manager for USACE levee construction projects in LA.
- **Winter Storm Pax 2014.** Truck Boss for ice storm clean up in Guilford County, North Carolina.
- **Black Forest Fire 2013.** Superintendent for debris removal following forest fire in El Paso County, Colorado.
- **Upper Midwest Ice Storm 2013.** Project Manager/Truck Boss in Rapid City, SD debris removal project as well as mulch haul superintendent. Knuckleboom operator in Minneapolis for stump removal project.
- **Hurricane Isaac 2012.** Project Manager for debris clean up in LaFourche Parish, LA.
- **2011–2013: Superintendent, Mobile Recycling U.S.A. Gallup New Mexico.** Managed a recycling company with 22 locations within three (3) states: New Mexico, Arizona, and Colorado. Tasks included: Hiring and managing of 40-50 employees, seeking out properties to place mobile recycling units, daily inventory of all goods purchased from all locations, scheduling pick up of all goods brought to the processing plant where materials were separated, processed, and packaged to be sold to brokers.
- **Hurricane Ike 2008.** Project Manager for Harris County for Galveston Island Beach reclamation project.
- **2008 – 2010: North Valley Dirt Work and Contracting.** Started a Disaster Relief Division through North Valley Dirt Work and Contracting. Responded to Hurricane Ike in 2008, followed by the Kentucky ice storms in 2009, and the 2011 Alabama tornadoes. Equipment included two (2) grapple trucks, three (3) dump trailers. Tasks included: Managing of employees, scouting of areas for cleanup, and operating grapple trucks.

- **2006 – 2008 North Valley Dirt Work and Contracting.** Opened a commercial development division. Tasks included: 150-200 acres subdivisions, permitting, bidding of projects and managing from start to finish. Managing 25-30 of our own employees along with hiring, scheduling and managing subcontractors to construct the sub-divisions.
- **2005 – 2007: Beevers Construction.** Founded company and began building custom homes as well. I continued to supervise both companies. Custom Home building tasks consist of: Permitting, construction of the house pads, roadwork, and underground utilities, supervising all subcontractors for the concrete, framing, roofing and interior design of homes until completion.
- **2001 – 2007: North Valley Dirt Work and Contracting.** Originally supervised 15-20 employees during preliminary dirt work of constructing custom homes and small businesses. Preliminary work consisting of house pads, septic systems, underground utilities, roads and drainage. Tasks included: bidding of jobs, ordering of materials, scheduling, and completing jobs on time.

EDUCATION/CERTIFICATIONS

- OSHA 10-hour safety training
- OSHA 40 HAZWOPER

Karl A. Dix, III, FEMA Liaison, Project Superintendent

Mr. Dix's experience includes Project Management; Quality Control of operational and administrative functions to ensure FEMA eligibility, compliance with State regulations and adherence to contract specifications; review of FEMA eligibility and processing of FEMA paperwork; training sessions with clients; and development of new record-keeping systems. His responsibilities include developing business relationships with current and potential clients; development of strategic plans; and management of assigned projects.

PROFESSIONAL EXPERIENCE

- **Oregon Wildfire Recovery 2020 – Current.** Operations Planner for Oregon Department of Transportation providing Hazard Tree Removal Services for Operational Branch 1: Archie Creek Fire, Douglas County, Operational Branch 5: Thielson Fire, Douglas County and Operational Branch 6: Two Four Two Fire, Klamath County.
- **Oklahoma Ice Storm 2020.** Provided operational oversight for debris removal in 5 cities following an ice storm.
- **Hurricanes Laura, Hanna, Sally, Delta, and Zeta 2020.** Provided operational oversight for 13 individual contract activations across Louisiana, Texas, and Florida.
- **Linn County, IA Derecho 2020.** Operations Planner for removal, reduction, and disposal of derecho generated debris.
- **California Wildfires 2019 – 2020.** Operations Planner for the CalRecycle clean-up project for hauling and disposal of debris generated by the Camp Fire wildfire in North-Central California in 2018, which is the largest debris mission in California in more than 100 years.
- **Hurricane Michael 2018.** Operations Planner for the USACE ACI Restricted SAD Region activation in 13 Georgia Counties for the clean-up of debris generated by Hurricane Michael in October 2018.
- **Southeast Tornadoes 2017.** Operational oversight for debris removal and disposal project in the City of Albany, GA.
- **Hurricane Matthew 2016.** Project Manager for Charleston County, SC and Bald Head Island, NC debris removal and disposal projects following Hurricane Matthew in October.
- **Hurricane Hermine 2016.** Project Manager for Glynn County, GA debris removal and disposal project.
- **Oklahoma Ice Storms 2015.** Quality Control and Assurance for debris removal and disposal projects for Oklahoma Emergency Management Authority, Oklahoma City, and Warr Acres following severe winter storms.
- **Winter Storm Ulysses 2014.** Quality Control and Quality Assurance for NCDOT project resulting in the removal and disposal of 300,000 cubic yards of ice storm debris. Reviewed contract for FEMA eligibility and ensured overall project performance to contract specifications.
- **Winter Storm Pax 2014.** Quality Control and Quality Assurance for Columbia County, GA project resulting in the removal and disposal of 500,000 cubic yards of ice storm debris. Reviewed contract for FEMA eligibility, drafted FEMA compliant inter-local agreements and ensured performance of the project to contract specifications.
- **Black Forest Fire 2014.** Project support for El Paso County, CO contract resulting in the removal of over 1,500 fire-damaged trees. Provided operational planning in support of the PM.
- **Mississippi/Alabama Tornadoes 2014.** Quality Control and Quality Assurance to 4 projects resulting in the removal and disposal of 200,000 cubic yards of tornado debris. Oversaw contract negotiations and reviewed contract for FEMA eligibility.
- **Hurricane Sandy 2012-2013.** Program Lead, Project Administration, Safety and Support for multiple projects in NJ and VA. Removed roughly 150,000 CYs across all projects.
- **Hurricane Isaac 2012.** Program lead, project administration, safety and support in response to Hurricane Isaac. Removed over 1,000,000 CY of debris from Mississippi River levees in Plaquemines Parish.
- **Virginia Derecho 2012.** Program Lead/Project Manager for debris site management, grinding and disposal following a derecho event impacting Virginia.
- **North Dakota Flooding 2011.** Program lead, project administration for USACE emergency debris removal and mobile home group site construction missions after historic flooding in spring of 2011 near Minot, North Dakota.

- **Hurricane Irene 2011.** Program Lead, Project Administration, Safety and Support for response to Hurricane Irene's impact on the Atlantic coast. Removed over 110,000 CY of debris on 5 projects.
- **Alabama/Tennessee Tornadoes 2011.** Program Lead, Project Management and Administration, Safety and Support for three debris projects and one haul and install THUs in response to the April tornadoes. Removed over 240,000 CY across two municipal projects.

EDUCATION/CERTIFICATIONS

- Bachelor of Business Administration, Emory University
- Master's of Science in Threat and Response Management, University of Chicago (in progress)
- FEMA IS 100, 631, 632, 700, 701, 703, 800

Tia Laurie, Subcontractor Manager

Tia Laurie provides a background in several fields including quality control, construction, logistics, management, and contracting. Ms. Laurie serves as Qualifying Agent, holding General Contractors Licenses on behalf of Ceres in many states including California, Louisiana, Alabama, Tennessee, Mississippi, Oregon, and South Carolina. Certified in Construction Quality Management by USACE, Ms. Laurie has served in supporting roles on several missions for more than ten (10) years. Additionally, Ms. Laurie is responsible for the overall administrative response to all disaster response and recovery missions, including contracting and subcontracting. She manages the overall development and maintenance of relationships with subcontractors specifically in local areas of pre-event contracts and competitive pricing. Ms. Laurie also provides management in the areas of maintaining and upgrading the database, registration process, and evaluation criteria for subcontractor, as well as creating and executing their training programs.

PROFESSIONAL EXPERIENCE

- **Oregon Wildfire Recovery 2020 – Present.** Director of Administration including subcontracting and contract management for Oregon Department of Transportation Hazard Tree Removal Project.
- **Oklahoma Ice Storm 2020.** Director of Administration including subcontracting, and management of 5 contract activations as a result of the Oklahoma Ice Storm.
- **Hurricanes Hanna, Laura, Sally, Delta and Zeta 2020.** Director of Administration including subcontracting. Managed over 30 subcontractors providing debris collection, reduction, and disposal. While working contract administration on over 13 contract activations.
- **Linn County, IA 2020.** Director of Administration including subcontracting and managing 4 subcontractors and working contract administration.
- **Hamilton County, TN and Jones County, MS Tornadoes 2020.** Director of Administration including subcontracting. Managed 6 subcontractors providing debris collection, reduction, and disposal.
- **Bulk Waste Removal 2020.** Director of Administration including subcontracting. Managed 6 subcontractors providing bulk waste removal to the City of Atlanta and Macon-Bibb County, GA as a result of limited staff due to COVID-19.
- **Paradise and Butte County, CA Fire 2019.** Director of Administration including subcontracting and managing over 23 subcontractors and working contract administration with CalRecycle.
- **Hurricanes Florence and Michael 2018.** Director of Administration for storm operations in a wide geographic area.
- **North Carolina Department of Agriculture 2018.** Director of Administration and Subcontracting Manager for hauling vegetative material for NC farms after Hurricane Florence.
- **Northern California Wildfire Debris Removal 2018.** Subcontractor Manager responsible for hiring all subcontractors for the USACE debris removal project in Lake, Mendocino and Napa Counties, CA following the fires between October and December of 2017.
- **Hurricanes Harvey, Irma, and Matthew 2017.** Director of Administration and Subcontracting Manager for over 50 storm and civil construction projects.
- **Hurricanes Hermine and Matthew 2016.** Subcontractor Manager for over 20 contracts in Florida, Georgia, South Carolina, and North Carolina following two hurricanes in September and October.
- **Louisiana Floods 2016.** Subcontractor Manager for Ceres response to August floods in Louisiana.
- **Winter Storm Cara and Goliath 2015.** Subcontractor Manager for debris removal and disposal projects in Oklahoma following winter storms.
- **Alabama and Mississippi Tornadoes 2014.** Subcontractor Manager for four separate tornado recovery projects in Kimberly, Adamsville, and Graysville, Alabama as well as Lee County, MS.
- **Winter Storm Pax and Ulysses 2014.** Subcontractor Manager for Columbia County, GA and NC DOT ice storm recovery; Recruited and subcontracted companies for hauling, tree work, and grinding.
- **Hurricane Sandy 2012-2013.** Subcontractor Manager recruiting local subcontractors and vendors for Ceres response in New York and New Jersey.
- **Hurricane Isaac 2012.** Subcontractor manager for five separate contracts in response to Hurricane Isaac. Ceres provided recovery services to Jefferson Parish, Kenner, Livingston Parish, Denham Springs and St. Bernard Parish.
- **Winter Storm Alfred 2011.** Subcontractor Manager for response to unseasonal snowstorm in the Northeast. Ceres managed over 320,000 CY of debris in two locations.

- **Hurricane Irene 2011:** Subcontractor Manager for Greenville, NC response and recovery efforts. Recruited local and specialty subcontractors for hurricane debris cleanup.
- **Alabama Tornadoes 2011.** Subcontractor Liaison; recruited local and specialty subcontractors and vendors to provide services for tornado cleanup.
- **Haiti Earthquake 2010.** Subcontractor Liaison identifying specialist organizations & sea transport.
- **Ice Storms 2009.** Subcontractor Liaison identifying and coordinating qualified subcontractors for debris removal from county rights-of-ways in Kentucky.
- **Hurricanes Dolly, Gustav and Ike 2008.** Subcontractor Liaison screening and coordinating qualified subcontractors for debris removal, processing and disposal operations.
- **Floods 2008.** Subcontractor Liaison identifying and coordinating qualified subcontractors for debris removal due to Cedar River flooding in Iowa.
- **Military Stars, Orion International 2007-2008.** Account Executive researching, identifying, and capturing of new clients providing opportunity for hiring of transitioning military personnel.
- **Centex Homes 2005-2007.** Purchasing Agent managing contract negotiations for residential communities; Management of land developers, architects, and general contractors.
- **U.S. Army Corps of Engineers, Captain 1999-2005.** Battalion Logistics/Supply Officer, Detachment Commander, Company Executive Officer, and Topographic Platoon; awarded Bronze Star Medal for her bravery and meritorious service with USACE.

EDUCATION/CERTIFICATIONS

- Master's degree, Engineering Management, University of Missouri (Rolla)
- Bachelor's degree, Engineering Management, U.S. Military Academy, West Point, New York
- Engineer-In-Training (EIT/FE): Registered in New York, 1999
- FEMA certified IS-10, ICS-200, IS-102, IS-632, NIMS IS-700
- USACE CQM certified
- Red Cross Disaster Services certified

Personnel (Alphabetically by Last Name)

Omar Arroyo, EHS Manager

Mr. Arroyo has more than 17 years of professional experience in safety management. He has worked in various fields including debris management, civil construction, new construction and oil, dealing with all aspects of Environmental Health and Safety Management and Training.

PROFESSIONAL EXPERIENCE

- **Ceres Environmental Services 2017 – Present.** Site Safety and Health Officer. Vegetative, construction and demolition, and metal debris removal from local municipality Rights-of-Way (ROW) and other eligible public property in the U.S Virgin Islands for the USACE ACI project following hurricanes Irma and Maria. Work also included site preparation, debris reduction - chipping/mulching/grinding, and debris disposal.
- **PES Performance Energy Services 2015-2016.** HHSE Site Safety Supervisor in Beaumont, Texas conducting daily equipment inspections, confine space audits, air sampling for confined space, confined space rescue procedures, daily mass safety toolbox meetings, Air Liquide safety and production meetings, safety record keeping, first aid, incident investigations, daily safety audits, inspection and control of safety equipment, fire watch training, confine space training, lockout/tag-out training and new hire orientations.
- **Saxon Constructions PES 2015.** HSSE Site Safety Manager for Williams Station 520 Pipeline project in Jersey Shore, Pennsylvania and Devon/E-Link Terminal project in Cuero, Texas. Responsible for daily audits of work being performed, daily field equipment inspections, equipment training, PRE TASK ANALYSIS (PTA) audit and training, held the daily all employees safety meeting, met with the client HSSE for any concerns and correction, job specific overview, employee orientation, incident reporting, near miss reporting, record keeping, and continue to strive for a zero incident and accident free work place for all employees.
- **Titan 360 Industrial Services 2014-2015.** HSSE Site Safety Manager coordinating a project at Trunk line in Lake Charles, Louisiana overseeing 85 employees. My duty and responsibility was to conduct daily safety meetings within the company and the client, daily safety audits on employee behavior, permits, and company (JSA), daily equipment inspection, record keeping, first aid case management, attend and participate in client turnaround safety progress, monitor and conduct SCBA breathing air equipment inspection and proper function prior to job task, and incident reporting/investigation.
- **Total Safety 2014.** HSSE in Busan, Korea working as a third-party safety representative for Nobel and Shell at a shipyard reconstructing the Nobel Discoverer ship oil driller. Duties and responsibilities were to be part of the Shell and Nobel safety HSE team to contribute as a third-party safety representative in the daily work activities such as safety daily audits and inspections on hot work activities, confine space, permit and JSA audits, evacuation drills. Conducted safety meetings, record keeping, and daily inspection on equipment, tools and safety equipment.
- **KBR Kellogg Brown & Root 2012-2013.** HSSE Site Safety Manager. Conducted safety audits and meetings, performed daily equipment and apparatus inspections, first aid case management and related record-keeping.
- **BP 2010-2012 HSSE Site Safety Turnaround Manager.** Managed and oversaw safety field turnaround for several units. Conducted weekly mass safety meetings, daily audits and inspections, reporting for near miss and first aid, and performed relevant recordkeeping.
- **STARCON International, Inc. 2001-2010 HSE Safety Supervisor.** Performed daily audits and inspections, permit training, oil rig basket training, SCBA training and fire watch training. Maintained company and refinery compliance and recordkeeping, supervising various units for turnaround work and implementing company site standards. Performed unit orientations for new hired team members for the turnaround, equipment inspection and purchasing, daily toolbox team safety meetings. Conducted daily permit and JHA audits for compliance, JHA training, recordkeeping, and conducted near miss and incident investigations.

EDUCATION/CERTIFICATIONS

- San Jacinto College Central Campus Two Years, Courses Studied:
 - EPCT- Introduction to Environmental/Health
 - EPCT- Principals of Industrial Hygiene
 - OSH- Safety Program Management
 - OSH- Physical Hazards Control
 - OSH- Accident Prevention, Inspection, and Investigation
 - OSH- OSHA Regulation General Industry
- College of the Mainland (Conducting Safety Audits)
- OSHA 30 Hour Construction
- Construction Site Safety Technician CSST Certification
- Construction Site Safety Technology CSST Certification
- Construction Site Field Safety CSST Certification
- Construction Site Safety Supervisor CSST Certification
- Industrial Toxicology Certification
- GHS and OSHA Hazardous Communications Certificate
- First Aid-CPR-AED Certification #1M39060022

Donald Bauer, Grinding Operations Manager

Mr. Bauer has been involved in disaster recovery resulting from a wide variety of natural disaster recovery as a Project Manager with Ceres Environmental Services, Inc. Mr. Bauer is highly skilled in Emergency Operations Debris Removal for Hurricanes, Major floods and tornados.

PROFESSIONAL EXPERIENCE

- **California Wildfires – Camp Fire, Butte County 2019.** Grinding Operations Manager for the CalRecycle clean-up project for hauling and disposal of debris generated by the Camp Fire wildfire in North-Central California in 2017.
- **Hurricane Michael 2018.** Grinding Operations for work in Georgia.
- **Hurricanes Florence 2018.** Grinding Operations Manager in North and South Carolina for the clean-up of storm debris in September.
- **Hurricanes Harvey 2017.** Grinding Operations Manager for the disaster recovery projects in Florida and Texas.
- **Southeast Tornadoes 2017.** Grinding Operations Manager for debris removal and disposal project in the City of Albany, GA.
- **Hurricanes Hermine 2016.** Grinding Operations Manager for Glynn County, GA debris removal and disposal project.
- **Livingston Parish Waterway Cleanup 2015.** Grinding Operations Manager for the removal of vegetative, C&D and white goods debris removal in Louisiana.
- **Alabama Tornadoes 2014.** Grinding Operations Manager for Ceres response in several Alabama cities damaged by May tornadoes.
- **Winter Storm Pax 2014, Guilford County, NC.** Grinding Operations Manager for the cleanup and disposal of over 400,000 cubic yards of debris.
- **Hurricane Sandy 2012-2013.** Grinding Operations Manager for Ceres response in New York and New Jersey.

Stanley D. Bloodworth, Project Manager

Mr. Bloodworth has more than 35 years of Project Management experience in the construction and disaster recovery industry. His professional career includes a 25-year tenure with the U.S. Army Corps of Engineers, where he held a variety of construction planning and management roles. After leaving the Corps, he entered the private disaster recovery industry serving as a project/program manager, senior project manager, operations manager and vice president of operations. He is a highly skilled, boots-on-the-ground manager of disaster recovery projects, specifically those requiring expertise related to removal, reduction and final disposition of vegetative, construction, demolition and hazardous debris.

PROFESSIONAL EXPERIENCE

- **Oklahoma Ice Storm 2020.** Project Manager for debris removal in 5 cities following an ice storm.
- **Hurricane Sally 2020.** Performed as Project Manager for Santa Rosa County, FL and Escambia County School Board as a result of Hurricane Sally.
- **Hamilton County, TN 2020.** Project Manager for collection, reduction, and disposal of tornado generated debris in Hamilton County, TN.
- **Emergency Watershed Protection August 2019 – Current.** Performed dual roles as Senior Project Manager/Operations Planner for emergency channel debris removal for Livingston Parish, LA.
- **Hurricane Michael 2018 – 2019.** Senior Project Manager in Dougherty County and City of Albany, GA for clean-up after Hurricane Michael, FL. This project was eventually overtaken by the USACE ACI SAD Region Restricted contract activation, at which time Mr. Bloodworth maintained an oversight role until the USACE ACI project was completed in early 2019. Ceres was reactivated at that time in order to complete the clean-up and disposal work for the County and the City; Mr. Bloodworth maintained his position and participation through the entire project.
- **Hurricane Maria 2017.** Project Manager/Operations Planner for the Puerto Rico Department of Transportation (DTOP) Disaster Recovery Project. Mr. Bloodworth worked closely day to day with DTOP Representatives ranging from the Secretary of Transportation to local Municipal Mayors and District Managers. Mr. Bloodworth prepared and implemented a successful Operations Plan that provided an operations solution expediting a re-establishment of adequate transportation routes for such activities as emergency services, utility repairs, reopening schools, citizen access and a very important return of commerce. The Operations Plan included accurate scheduling of all activities related to debris removal and disposal and provided successful tool for budgeting public fund expenditures for DTOP disaster recovery.
- **Hurricane Irma 2017.** Project Manager in Tampa City, FL clean-up following the heavy destruction caused by Hurricane Irma.
- **Louisiana Floods 2016.** Project Manager and Planner for Livingston Parish project involving clean-up following heavy rains and flooding in Louisiana in August 2016. Mr. Bloodworth expertly organized over 20 different subcontractors with more than 100 debris removal trucks for this project. Mr. Bloodworth provided these subcontractors with a detailed operations plan to begin concurrent debris removal efforts in all areas affected by the flood. Mr. Bloodworth ensured proper removal and disposal/recycling of many different classifications of flood related debris, including C&D, Household Hazardous Waste, E-waste, and White Goods. Total debris removed: over 1,000,000 CY.
- **Texas Floods 2016.** Project Manager in Bastrop County following flooding in the county.
- **Winter Storm Goliath 2015.** Project Manager for clean-up of several cities and counties under the Oklahoma Emergency Management Authority following Winter Storm Goliath over Christmas 2015.
- **Winter Storm Pax 2014.** Operations Manager for Columbia County clean up after Winter Storm Pax. Managed removal and disposal of over 500,000 CY of debris.
- **June Microburst Storm 2013.** Project Manager for cleanup project of debris and tree removal in Albemarle, NC following a summer microburst storm.

- **U.S. Army Corps of Engineers 2006-2011.** Numerous large-scale U.S Army Corps of Engineers, multiple state DOT and municipality debris removal and heavy construction contracts. Specifically, two debris removal and one heavy construction contract with the Minneapolis-St. Paul District Army Corps of Engineers. These USACE contracts were part of the recovery effort following the Mouse River Flood of Spring 2011 in Minot, North Dakota Duties required and successfully completed, included constant, 24/7 communication and availability with the Minot, USACE Disaster Recovery field office. Possessed complete knowledge and responsibility of all contract operation management functions. Retained full authority as company officer to commit to any/all requirements of the contracts including preparation, negotiation and execution of any additional contracts or change order/ modifications. Managed preparation and implementation of all aspects of Quality Control, Accident Prevention, Regulatory and Operation Planning. Worked closely with local and state officials to ensure compliance with permits and licensing. Supervised subordinate managers.
- **2004 – 2006: Program/Project Manager** for Disaster Recovery Operations where he served on numerous disaster recovery contracts including:
 - 2004 Hurricane Charley Tampa, Orlando, Deltona, Daytona, Florida
 - 2004 Hurricane Frances, Tampa, Daytona, Jacksonville, FL
 - 2004 Jeanne, Daytona, FL
 - 2004 Tropical Storm Ivan, Perdio Key, FL/Pensacola Beach, FL
 - 2004 Tropical Storm Dennis,
 - 2005 Hurricane Katrina, Louisiana
 - 2005 Hurricane Wilma, Miami
 - 2008 Hurricane Ike, Galveston, TX

EDUCATION/CERTIFICATIONS

- USACE certifications including: CQM, materials laboratory technician, flexible pavement and concrete inspection, nuclear density operator, civil engineering technician
- OSHA 30
- CPR/First Aid
- Coursework, University of Mississippi

Everett Bond, Project Superintendent

Mr. Bond has managed projects since 2016 supervising and managing storm debris removal teams for major disaster recovery projects with Ceres. Mr. Bond's responsibilities were maintaining contract schedules and detailed agreements, communicating with senior project management and lead superintendents to make sure any foreseen issues, opportunities and company change orders and conducted superior oversight of site and subcontractor performance

PROFESSIONAL EXPERIENCE

- **California Wildfires – Camp Fire, Butte County 2020 – Current.** Project Superintendent for the CalRecycle removal of hazardous trees generated by the Camp Fire wildfire in North-Central California in 2017.
- **Deatrick Engineering Associates, Orlando, FL 2019 – Current.** Inspector responsible for performing various asphalt, earthwork, concrete, masonry, cement, and aggregate testing, both in the field and the laboratory. Ensure jobsite tests and inspections are performed as required or requested by a contractor, architect or engineer as well as being performed per AASHTO, ASTM, ACI, FDOT or other required methods and specifications while working closely with the Laboratory Manager in supervising lab technicians and lab testing.
- **Camp Fire, Butte County 2019.** Divisional Supervisor for the campfire project in Paradise, CA leading 45 individuals during wildfire debris cleanup effort.
- **Hurricane Michael 2018.** Senior Quality Control Manager and Supervisor in Georgia for the cleanup of debris in October of 2018.
- **Hurricane Florence 2018.** Senior Quality Control Manager and Supervisor for North and South Carolina, managing multiple city and county contracts for clean-up of storm and flood debris in September 2018.
- **Kablelink 2016 – 2018.** Cable Installation Technician installing entertainment, networking, and security systems and responding to repair calls while keeping customer satisfaction.
- **Broadband Interactive 2001 – 2016.** Disconnection Technician communicating with customers and companies to resolve and uninstall cables.

Jonathan Campos, Project Superintendent

Mr. Campos has over 15 years of experience in emergency response. While with the United States Air Force, he managed crews at numerous emergencies, managed and tracked equipment, reviewed and drafted standard operating guides and used language skills to communicate with Spanish and Italian speakers in times of crisis. After leaving the United States Air Force, Mr. Campos wanted to continue his career in emergency response by serving as Project Superintendent for Ceres.

PROFESSIONAL EXPERIENCE

- **Hurricane Michael 2018.** Project Superintendent during emergency response debris removal in Jackson County, FL
- **Hurricane Maria 2017 – 2018.** Project Superintendent responsible for collecting vendor quotes, tracked project deliverables and revamped vehicle fleet while conducting operations in Puerto Rico.
- **Hurricane Dorian 2018.** Project Superintendent perform disaster debris removal, reduction and disposal in Horry County.
- **United States Air Force 2018.** Training Director created plans and developed annual training plan for 32 personnel. Facilitates training through various means including instructor-led training, self-study and e-learning; builds strong relationships between key stakeholders and employees. Implements and tracks training requirements for all personnel. Conducts ongoing needs assessment to facilitate multi-level training and advancement. Reports monthly metrics to Fire Chief and Executives. Creates and justifies annual budget for outside courses, guest instructors and additional needs.
- **United States Air Force, 2016** Logistics Director. Ensured strict compliance with the Federal Acquisition Regulation (FAR) while executing annual budgets for the fire department. Planned/Requested/Executed \$3.5M funds for fire department operational and contractual requirements. Managed & tracked \$1.5M worth of equipment, wireless communications, and information technology assets and enabled training and certification of 18 emergency dispatchers and 32 DOD level II, antiterrorism officers.
- **United States Air Force Emergency Communications Center 2015** Directed communications amongst 10 agencies for over 1,000 alarms on aircraft & building emergencies. Identified undisclosed classified military base security risks as mission assurance assessment team member. Facilitated operations, training and maintenance for four person, 24-hour base emergency communication center. Drafted and executed \$700K contract for 20 phone lines, 215 building alarm system, and office furniture items
- **United States Air Force, Fire Departments 2014** Geographical Area Manager and Incident Commander. Reviewed and drafted 100+ standard operating guides, oversaw daily operations for 18 stations/8 bases. Controlled and commanded crews at numerous man-made and natural incidents/emergencies. Coordinated with emergency and non-emergency entities to ensure the protection of life, property and incident stabilization. Developed team cohesiveness for American, Korean, Italian, & British firefighters while stationed abroad. Planned, coordinated, and deployed various strike and task forces during various emergencies and non-emergency situations. Established fire department and airfield operations at remote bases with limited home-station equipment/supplies. Used local resources to accomplish mission by establishing agreements and understandings while conducting ethical business negotiations.

Huey Deville, Quality Control Manager

With more than 35 years of construction management and quality control experience, Mr. Deville is an experienced supervisor and field manager capable of concurrently supervising multiple crews and projects. He is an experienced equipment operator, project estimator, manager, and surveyor with construction experience in commercial, residential and disaster recovery areas of specialty. He is responsible for project planning and execution; project equipment maintenance; crew supervision; project production; workmanship quality, safety, and reporting; and recordkeeping. Mr. Deville's vast experience allows Ceres to apply his expertise in a variety of critical roles including disaster response and recovery mission management, demolition and construction project management. His broad experience, commitment to quality and safety, technical expertise, and natural leadership skills makes Mr. Deville a highly valuable asset to our Supervisory team.

PROFESSIONAL EXPERIENCE

- **Oregon Wildfire Recovery 2021 – Current.** Quality Control for Oregon Department of Transportation providing Hazard Tree Removal Services for Operational Branch 1: Archie Creek Fire, Douglas County, Operational Branch 5: Thielson Fire, Douglas County and Operational Branch 6: Two Four Two Fire, Klamath County.
- **California Wildfires – Camp Fire, Butte County 2020.** Quality Control for the CalRecycle removal of hazardous trees generated by the Camp Fire wildfire in North-Central California in 2017.
- **Houston, TX 2019 – 2020.** General Superintendent/Manager overseeing the construction of multiple detention/retention ponds. Responsible for coordinating and managing subs, ordering materials, tracking cost, scheduling equipment and keeping good relations with clients.
- **Louisiana Civil Construction 2017 – 2019.** General Superintendent/Manager overseeing multiple projects ranging from DOTD work installing median cable barriers, new streets, pedestrian bridges, street improvements, highway improvements, new building sites and parking lots for the cities within LA.
- **Miami-Dade County, FL C-111 Detention Pond 2016 – 2017.** General Superintendent/Manager responsible for coordinating and managing subs, ordering materials, tracking cost, scheduling equipment and keeping good relations with clients.
- **Louisiana Levee Construction 2013 – 2016.** General Superintendent for Terrebonne levee projects, overseeing five levee projects over \$45 million – responsible for coordinating managing subs, ordering materials, tracking cost, scheduling equipment and quality control.
- **Hurricane Isaac 2012.** Area Manager for ROE and PPDR projects in St. Bernard Parish, LA.
- **Mountrail County, ND April – October 2012.** Project Manager for Palermo Road grading, aggregate surfacing, signing and incidentals.
- **Minot, North Dakota Flood Recovery 2011.** Project Superintendent/Manager: supervised Levee breach repair - responsible for coordinating with USACE, scheduling work, resourcing labor and equipment.
- **Minot, North Dakota Flood Recovery 2011.** Project Superintendent/Manager: supervised Emergency levee removal in Minot, Sawyer, and Burlington - responsible for lining sub-contractors up, made sure they complied. Finished job ahead of schedule.
- **Alabama Tornadoes 2011.** Quality Control for USACE ROE Debris Removal project in Lawrence and Limestone Counties, Alabama.
- **Alabama Tornadoes 2011.** Project Superintendent for Jefferson County, Alabama. Assisted with management of removal and reduction of over 1 million cubic yards of tornado debris.
- **Birdland Park Levee Improvements.** Surveyor, Des Moines Iowa, Survey site, built 3D tin surfaces for the Project, set up GPS equipment
- **Little Calumet River Flood Prevention Project.** Surveyor/Superintendent, Indiana, Survey site, set up GPS equipment, built 3D tin surfaces for project and supervised the construction of the concrete retaining wall
- **Puerto Rico Rio Fajardo Flood Control Project.** Surveyor. Responsible for layouts, constructing job from data input, building 3D surface tins, designing a 60-acre Mitigation flood plain for Mangrove Trees, and Cross section with quantity reports.
- **Nassau Drive Subdivision and Drainage Work.** Supervised layout and grade control.

- **Hurricane Katrina 2005 – 2007.** Private Property Debris Removal project, New Orleans LA: Field Supervisor. Responsibilities included crew supervision, production and quality, scheduling and crew assignments, PPDR site inspections, enforcement of safety and quality standards, and documentation and record keeping. Levee reconstruction projects in Plaquemines Parish, LA: Site Superintendent. Responsible for crew supervision, compliance with project and USACE safety requirements, production quality, and equipment operations and maintenance, daily reports and inspections, and oversight of survey teams. Emergency levee repair project, St. Bernard Parish, LA: Site Superintendent. Site Superintendent, Lafreniere Park Restoration project, Metairie, LA Site Superintendent, Caminada Restoration Project, Grand Isle LA. Restoration included proper capping of the entire site to meet local landfill requirements. Demolition Project, Hurricane Katrina response mission: Field Supervisor. Responsible for management of demolition crews, including subcontract crews, and conformance to strict company and USACE protocol specific to emergency demolition operations.

EDUCATION/CERTIFICATIONS

- OSHA 10-hour safety training
- CPR First Aid Certified

Patricia Deville, Project Superintendent

Ms. Deville has over 20 years of supervisory experience in the construction field including personnel and subcontractor management, agricultural recycling operations, debris management, yard waste processing, landfill restoration/cover, and new civil construction. Ms. Deville also has experience operating heavy equipment, logging, and grinding equipment. Her management duties as a Site Superintendent includes supervision of material receipts, production and sales; maintenance scheduling; crew and production scheduling; production operations; cost control and reduction; and enforcement of site safety requirements. Her experience managing debris removal operations for Hurricanes Frances, Jeanne, Katrina, Ike, Gustav, the Ice Storm of 2009 in Kentucky and several Civil Construction Projects makes Ms. Deville an invaluable resource to Ceres in performance of contract and emergency debris removal operations and civil construction.

PROFESSIONAL EXPERIENCE

- **Hurricane Laura 2020 – Current.** Project Manager in Cameron Parish, LA for the collection, reduction, and disposal of Hurricane Laura generated debris.
- **HCFCD Aldine-Westfield Stormwater Detention Basin 2019.** Project Superintendent and QC for building substantial drainage systems and excavating a flood control basin in Harris County, TX.
- **Hurricane Maria St. Croix, VI- 2018 – 2019.** Project Superintendent for Debris Management Site segregating debris for proper recycling and removal.
- **USACE - Central Everglades Reservoir Project 2017 – 2018.** Project Superintendent and QC building reservoir levees in the Everglades of Florida.
- **Hurricane Matthew 2016.** Project Superintendent for Indian River County, FL for contract activation. Ceres removed nearly 100,000 CY of vegetative debris from the County rights-of-way. Worked with local officials and managed all debris removal and recycling of storm related debris.
- **Morganza to the Gulf Levee System 2013 – 2017.** Project Superintendent and QC for Levee's Reach F, Reach E, and Supervised 5 Excavation Pits for 5 Levees total excavating roughly 4 million CY dirt between all projects.
- **Hurricane Isaac 2012.** Project Superintendent for the City of Kenner. Ceres removed almost 54,000 CY of vegetative and C&D debris, including bagged mixed debris, from the City rights-of-way in three weeks.
- **Haiti Earthquake 2010 – 2012.** Acting as Project Superintendent for Truitier Landfill Debris Site Management Project in Port-au-Prince, Haiti for the Haitian Ministry of Public Works.
- **Ice Storms 2009.** Debris Removal Project Superintendent - worked with local officials and managed subcontractors for the 2009 Ice Storm in Hardin County, KY.
- **Hurricane Gustav 2008.** Debris Removal Project Superintendent - worked with local officials and managed subcontractors in East Baton Rouge, LA.
- **Hurricane Ike 2008.** Debris Removal Project Superintendent - worked in coordination with the USACE for TXDOT Emergency Road Clearance in the City of Kemah and Chambers County, TX.
- **Hurricane Katrina 2005 – 2007.** Field Supervisor in coordination with the U.S. Army Corps of Engineers in Livingston and Jefferson Parish, LA.
- **Hurricanes Frances and Jeanne 2004 – 2005.** Field Supervisor for SWA debris removal in Palm Beach County, FL.
- **Site Supervisor 2002 – 2006.** Supervision of receipt of recyclable materials, heavy equipment operations, grinder operation, researching and allocating future revenues, soil testing and compliance with outside agencies, maintaining product quality and overseeing proper ratios of soil mix recipe's, contaminant identification and segregation, and supervision of production and sales. Duties also included scheduling and completion of preventative maintenance for equipment; managing site personnel and scheduling work tasks; provision of weekly safety training for site personnel and enforcement of site safety requirements; and daily production reporting.

- **Assistant Manager 1999 – 2002.** Supervision of receipt of recyclable materials, contaminant identification and segregation, heavy equipment operator, scheduling and dispatching outgoing mulch sales, inventory and ordering supplies, documentation of equipment maintenance, parts, fuel usage, and daily sales. Performed land-clearing operations including operation of CAT 330 and 320 excavators, D6 dozer, IT-38-wheel loader/grapple with root rake, and log skidder equipment. Responsible for operating various equipment to clear sites in preparation for dirt construction, reading blueprints and determining which trees were to be felled and burned, chipped, or logged based on contract and print requirements, assisted heavy hauler driver in loading and unloading various types of heavy equipment onto a low boy. Responsible for the operation and maintenance of a horizontal grinder at a grinding site. Maintained and operated equipment, managed quality of material receipts and identified/removed contaminants, managed production rates and finished product quality.

CERTIFICATIONS/TRAINING

- Hazardous Materials Awareness (8-hour course)
- 40 Hour Hazwoper Certification
- FEMA certified NIMS IS-100, IS-200, ICS 300, ICS 400, & IS-700
- OSHA 10
- CPR/First Aid
- Fire Prevention and Protection, Emergency Response
- Ceres Authorized Equipment Operator (all); Grinder Operator (horizontal and tub)

John Gallicchio, Project Superintendent

Mr. Gallicchio has twenty-six years of experience as a Project Superintendent with Ceres Environmental Services, Inc. overseeing and managing disaster recovery, demolition and construction projects. Mr. Gallicchio's professional work ranged from management oversight and coordinating to communicating with the U.S. Army Corps of Engineers.

PROFESSIONAL EXPERIENCE

- **Hurricane Sally 2020.** Project Superintendent for Ceres response in Santa Rosa County, FL.
- **Hurricanes Michael and Florence 2018 – 2019.** Provided management oversight for 13 individual contract activations in jurisdictions across North Carolina, South Carolina, Florida and Georgia
- **Hurricanes Irma and Harvey 2017.** Provided management oversight for disaster recovery projects in Florida and Texas.
- **Southeast Tornadoes 2017.** Project Superintendent for disaster recovery projects in Georgia and Louisiana following early tornadoes.
- **Louisiana Levee Construction 2013 – 2016.** Project Superintendent for Terrebonne levee projects.
- **Moore, OK Tornado 2013.** Senior Project Superintendent responding to the City of Moore, Oklahoma following an EF5 tornado.
- **Hurricane Sandy 2012 – 2013.** Project Superintendent for Ceres response in Point Pleasant Beach, NJ.
- **Hurricane Isaac 2012.** Project Superintendent for five separate contracts in response to Hurricane Isaac.
- **North Dakota Flooding 2011.** Operator for emergency levee removal and repair projects after historic flooding in spring of 2011 near Minot, North Dakota.
- **Hurricane Ike 2008.** Project Superintendent debris removal in Texas and Louisiana.
- **Hurricane Gustav 2008.** Project Superintendent for the debris removal and disposal and trimming and removal of hazardous trees in Louisiana.
- **Hurricane Katrina 2005 – 2007.** Project Manager/Operator for the cleanup and Restoration of Lafreniere Park damaged by hurricane and storm surge in Grand Isle, Louisiana and demolition of approximately 50 damaged homes in Metairie, Louisiana.
- **Hurricane Katrina 2005 – 2006.** Project Manager for the debris collection, reduction and disposal in the City of Biloxi, MS.
- **U.S. Army Corps of Engineers; Louisiana 2005 – 2007.** Superintendent Oversight of crews operating directly with Parish presidents, FEMA personnel and Representatives with USACE
- **Hurricane Jeanne and Frances 2004.** Superintendent overseeing the debris removal and disposal in Palm Beach, FL.
- **Fort Knox Building Demolition.** Superintendent involved in the demolition of a variety of buildings in Fort Knox, Kentucky.
- **Hurricane Isabel 2003.** Project Superintendent for the debris removal and disposal in Virginia.
- **Hurricane Floyd 1999.** Project Superintendent for the debris removal and disposal in North Carolina.
- **Oklahoma City Tornadoes 1999.** Project Superintendent providing debris removal, managing multiple debris sites, and demolishing damaged residential structures.
- **Hurricane Fran 1996.** Project Superintendent for USACE contract providing debris removal, reduction and site management.

EDUCATION/CERTIFICATIONS

- First Responder
- First Aid CPR, AED, BLS
- ACLS Medical (Advanced Cardiovascular Life Support)
- Certified heavy equipment operator/Instructor 20+ years
- 10+ year carpentry experience
- Certified Flagger 10+ years

Rick Good, Project Manager

Mr. Good has more than 20 years of experience in management and operations coordination. He has full knowledge of State and Federal Environmental codes and regulations and has overseen operational aspects of disaster response projects. In past positions, he has provided clients with consulting and management services regarding hazardous and non-hazardous waste. Mr. Good has also coordinated provisions for clients including both services and subcontractors after an emergency event.

PROFESSIONAL EXPERIENCE

- **Oklahoma Ice Storm 2020 – Current.** Senior Project Manager in Oklahoma City, El Reno, and Piedmont for collection, reduction, and disposal of ice storm generated debris.
- **Hurricanes Laura and Delta 2020.** Senior Project Manager in Scott, LA and Houston, TX for hurricane debris removal and disposal.
- **Tornado: El Reno, OK 2019.** Project Manager with one Ceres' self-loading truck debris removal and disposal.
- **Hurricane: Michael – USACE Southwest GA 2018.** Operations Planner assisting in the debris removal cleanup after Hurricane Michael in the southwest Georgia area.
- **Hurricane: Florence (NC Dept of Ag) 2018.** Project planning and management for confidential project for supply of carbon material to facilitate composting. Role included responsibility for meeting with agricultural department officials and state senators, official planning, managing acquisition of carbon source material, transportation and logistics in southeastern NC.
- **Hurricane: Irma, (Miami, South Florida.) 2017.** Area Manager for South Florida until Puerto Rico deployment; role entailed planning, acquisition, set-up, management and supervision of multiple DMS sites, coordinating with multiple municipalities, planning, coordinating assets and resources
- **Hurricane: Maria (Puerto Rico) 2017.** Blue Roof Operations Planner; GM Ceres Caribe; Role included planning and coordinating with both USACE senior and field management multiple times per day on operations as well as safety and environmental compliance.
- **Hurricane: Matthew, Savannah, GA 2016.** Project Manager, role included meeting with Head of Sanitation/DPW disposal facility/landfill management, coordinating and planning collection operations and personnel, third-party haul out planning and coordination, coordination with subcontractors for curbside pickup, haul, DMS coordination vis a vis the grinding function, All aspects lease negotiation, curbside pickup, processing, final disposal. Negotiations with city for use of a subset of its landfill for our DMS. Material was staged and processed at the landfill. Secured secondary DMS in town via planning and negotiating with US Army Reserves for use of its property, led all communications, planning between Ceres and the municipal command office in downtown Savannah.
- **Flood: City of Denham Springs, LA 2016;** Start-up PM; role included the planning and coordination with city and subcontractors of all curbside collection, transport via direct haul to final disposal landfill. No reduction of waste prior to disposal at Waste Management landfill.
- **Rubicon Global, LLC. Atlanta, GA. 2015 - 2016,** Regional subcontractor relationship manager responsible for prospecting, bidding, planning, contracting and managing services provided to client base. Direct management of approx. 7,000 haulers servicing over 16,000 customers.
- **ECO Systems, Inc. Atlanta, GA 2012 – 2015.** Professional Consultant, International and domestic environmental consulting in the field of hazardous and non-hazardous waste management, as well as Emergency Management Services in Disaster Response. Both of these service areas include program development/design/planning, training and overall project management. Service areas included the Continental US, Venezuela, Dominican Republic, Mexico and the island of Guam.
- **Asplundh Environmental Services, Inc. Atlanta, GA 2003 – 2012.**
Senior manager responsible for overall project management for all emergency response efforts supplied by the company to state, federal, municipal and private sector clients. These services include but are not limited to logistical and infrastructure support for remediation, transportation, disposal and recovery. These project missions, focusing primarily on disaster response generated revenues of \$100+ million per year.

EDUCATION/CERTIFICATIONS

- Bilingual in English and Spanish

Michael Hansen, Resources Manager

Mr. Hansen brings over 25 years of resources management to Ceres. Mr. Hansen has been instrumental in debris and construction projects, providing support in operations, logistics, safety, heavy equipment, ground equipment and purchasing. In addition to logistics and resources management to emergency response projects, he oversees the day to day management and maintenance of office equipment, safety equipment, mechanical equipment, heavy equipment, electronic equipment, and fleet vehicles.

PROFESSIONAL EXPERIENCE

- **Bahamas 2020.** Operations and Logistics Manager for shipping supplies and equipment for debris removal from public and private property.
- **California Wildfires and Camp Fire, Butte County 2018-2019,** Operations and Logistics Manager for CalRecycle clean-up project for hauling and disposal of debris generated by the Camp Fire in 2018 and the USACE Northern California Wildfires project in 2017.
- **Hurricanes Michael and Florence 2018 – 2019,** Operations and Logistics Manager for shipping supplies and equipment for disaster recovery in over 13 Georgia Counties, North and South Carolina and Florida.
- **Hurricane Harvey, Irma and Maria 2017.** Operations and Logistics Manager for shipping supplies and equipment for three project recovery projects.
- **Sink Hole, Land O Lakes, FL 2017,** Operations and Logistics Manager for shipping supplies and equipment for Pasco County.
- **Hurricanes Hermine and Matthew 2016.** Operations and Logistics Manager for shipping supplies and equipment.
- **Livingston Parish Waterway Cleanup 2015,** Operations and Logistics Manager for response during the removal of vegetative, C&D and white goods debris removal in Louisiana.
- **Hurricane Sandy, Isaac; Winter Storm Pax and Alfred 2011 — 2014,** Operations and Logistics Manager for shipping supplies and equipment for major disaster recovery projects.
- **North Dakota Flood Recovery 2011,** Operations and Logistics Manager for shipping supplies and equipment for three flood recovery projects.
- **Hurricane Irene 2011,** Operations and Logistics Manager for shipping supplies and equipment for two hurricane recovery projects.
- **Alabama and Mississippi Tornadoes April 2011,** Operations and Logistics Manager for shipping supplies and equipment to and between four projects.
- **New Zealand Earthquake 2011 – Present,** Logistics Manager in charge for shipping supplies and equipment for operations in New Zealand.
- **Haiti Earthquake 2010 - Present,** Logistics Manager in charge of shipping supplies and equipment for operations in Haiti.
- **Ice Storm 2009,** Operations and Logistics Management and support for debris removal and disposal from county rights-of-ways in Kentucky
- **Hurricane Ike 2008,** Operations and Resources Management for debris removal and disposal for 11 different locations; Logistics management of positioning, establishing and set up of field offices in Texas
- **Hurricane Gustav 2008, Resources and Operations Management** for debris removal and disposal in Louisiana; Positioned, located, and set up of field offices including maintenance
- **Hurricane Dolly 2008,** Operations, Logistics, and Resources Management and support providing critical resources such as equipment, personnel, office equipment, and networks to debris removal and disposal in Texas
- **Iowa Flood 2008,** Project Administrative and Operations support for debris removal due to Cedar River flooding in Iowa
- **Flood Control, Rio Puerto Nuevo, Rio Fajardo 2007,** Operations, Logistics and Resources management to Floodway Control project in Puerto Rico including shipping and receiving equipment
- **Ice Storm 2007,** Operations and Resources Management to debris removal in response to Winter Ice Storm in Oklahoma

- **Hurricane Katrina 2005**, Operations and Logistics Management support to debris removal, processing, and disposal operations of over 13 million cubic yards of storm debris in Louisiana
- **U.S. Coast Guard**, Auxiliary Service Engineer, EMT, Fuel/Oil & Water Engineer, and Machinery Technician. Responsibility of mechanical engineer on station and watercraft providing oversight to engines, boilers, generators, propulsion units, HVAC units, watercraft and aircraft refueling

EDUCATION/CERTIFICATIONS

- Forestry, Biology, and Business Management, Northland College, Wisconsin.
- FEMA certified ICS-100, ICS-200, IS-300, IS-400, IS-700
- USACE CQM certified
- OSHA 10 Hour Construction Safety & Health
- First Aid/CPR certified

Randy Hardy, Quality Control Manager

Mr. Hardy is a resourceful certified quality management professional with approximately 30 years of civil and construction project management and planning experience. He has expertise in guiding a wide range of civil project operations, including road and bridge construction/reconstruction, drainage and erosion control, soil testing and sampling, and field inspections. Mr. Hardy is proficient in project construction/layout, concrete and asphalt roadway operations, elevation management, and electronic milestone tracking and filing systems/document control. He has a proven record of establishing productive relations with jurisdiction owners, engineering management, subcontractors, and regulatory officials in order to drive a strong team with multiple trades.

PROFESSIONAL EXPERIENCE

- **Oregon Wildfire Recovery 2020 – Current.** Quality Control Manager for Oregon Department of Transportation providing Hazard Tree Removal Services for Operational Branch 1: Archie Creek Fire, Douglas County, Operational Branch 5: Thielson Fire, Douglas County and Operational Branch 6: Two Four Two Fire, Klamath County.
- **California Wildfires – Camp Fire, Butte County 2020 – Current.** Quality Control Manager for the CalRecycle removal of hazardous trees generated by the Camp Fire wildfire in North-Central California in 2017.
- **Kuykendahl, Glen Forest and Aldine Westfield Detention Basin 2019 – Current.** Quality Control Manager for several detention basins in Houston, TX.
- **Paradise Butte County, CA Fire 2019.** Quality Control Manager for the CalRecycle clean-up project for hauling and disposal of debris generated by Camp Fire in 2018.
- **Hurricane Michael 2018.** Quality Control Manager for work provided for the USACE ACI in 13 Georgia counties. Trained all Ceres operations personnel, sub-contractors operation crew and Ceres flaggers in a classroom setting ATSSA Flagger Training and Traffic Control. Ensured quality control personnel and subcontractors met the required qualifications of the project contract. Reviewed and understood project-specific quality control plans; ensuring all quality control inspections are performed and documented in accordance with the testing plan and making sure all results are being reviewed for conformance with requirements with all documentation including records, photographs and logbooks for the USACE project closeout requirements.
- **Harris County, Texas Storm Water Detention Reservoir 2015 – 2018.** Project Operations – attended monthly construction meetings and engaged in an active role of establishing the scope of all construction projects with Architects and Engineers. Acquired all support documentation and generated submittals for project excavation disposal sites as per requirements of HCFCD Guidelines. Perform project material and supply procurement.
- **Morganza Hurricane Levee Project 2015.** Operations Planner – responsible for planning, scheduling, conducting and coordinating detailed phases of the engineering. Supervised and coordinated the work of engineers, draft persons, plan reviews, as-built, specifications and testing frequencies to develop an accurate cost proposal.
- **Glendo Wyoming Reservoir Rehabilitation 2015.** Operations Planner – Responsible for the continuation of production and maintenance of quality as a prime objective. Reviewed project traffic control plans in reference to field operation. Created and assisted in weekly meeting agenda. Assisted in managing environmental permits and regulations. Managed underground utility notifications; reviewed daily timesheets and performance reviews.

EDUCATION/CERTIFICATIONS

- Bachelor of Science – Civil Engineer from the University of Louisiana at Lafayette.
- USACE Construction Quality Management for Contractors Certificate
- DOTD Asphaltic Concrete Roadway with Asphaltic Concrete Observation Certification
- DOTD Embankment and Base Course Certification
- DOTD Portland Cement Concrete Paving Certification
- DOTD Portland Cement Concrete Structural Certification
- DOTD Portland Cement Concrete Structural Certification
- OSHA 30 for Construction Certificate
- Radiation Safety Officer APNGA Certification
- Radiation Safety Officer NORM Certificate

- Heavy Bid Training Certificate
- ATSSA Certified Flagger/Traffic Control Instructor
- USACE Construction Quality Management for Contractors Certificate

Bobby Harrell, EHS Manager

Mr. Harrell has more than 25 years of successful safety, fire, and medical project management leadership. Mr. Harrell holds multiple NWCG, FEMA, OSHA, Fire and Medical certifications.

PROFESSIONAL EXPERIENCE

- **Ceres Environmental Services, Inc. 2018 – 2019.** Chief Safety Manager for 13 counties in Georgia on the Hurricane Michael USACE ACI Debris Project.
- **Liberty Lift Solutions.** Corporate Safety Manager- administered OSHA and DOT compliance programs, conducted safety audits, incident investigation and drug & alcohol testing, conducted all safety training across the organization, Managed EHS data for ISNetworld, Avetta, PEC SSQ Systems.
- **InnoSpec Oil Field Services 2017 – 2018.** Frac Assistant/Safety Collection and management of all chemical data and safety audits.
- **Transwood Inc. 2017.** Safety/Sand Coordinator- Ensured safety & DOT compliance, all employee safety training. Incident investigation and drug and alcohol testing.
- **Lehoski Welding 2015 – 2016.** Safety Manager / PEC Instructor-Conducted all new hire orientation, PEC and field safety training, composed safety policies and procedures, Conducted safety audits, incident investigation and drug & alcohol testing, Managed EHS data for ISNetworld.
- **L&P Pipeline and Construction 2014 – 2015.** Safety Coordinator /Safety & PEC Instructor-In charge of all new hire orientation including drug testing, DOT, field safety audits, Incident investigation.
- **Big Star Crude 2013 – 2014.** Safety Adviser / Asst. Terminal Manager- All new hire orientation, drug testing, DOT, field safety audits, managed all billing of the clients and drivers, all DOT inspections, Performed accident, injury investigations and safety audits.
- **Safety Medics 2012 – 2013.** Safety Inspector-Safety audits of large oil field construction sites, pipeline construction and drilling rigs. Performed accident, injury investigations.
- **Sierra Industries 2011 – 2012.** Fire Chief / Safety / Training-Army UC-35 project in charge of DCMA audits airport safety and training including all fire calls and emergency issues, New hire orientations training for employee, drug testing and wrote all safety policy and procedures for company-wide programs.
- **Pinkerton Government Services 2010 – 2011.** Shift Fire Captain- In charge of all fire and medical calls on shift at Sikorsky Helicopter Facility.
- **Smirfit Stone Paper Mill 2007-2010.** Safety and Medic Cared for all employees' injuries, Performed safety audits in the mill.
- **Gulf Coast State College 2004-2008.** Adjunct Instructor Courses for Fire, Paramedic, Emergency Medical Technicians and Hazardous Materials.
- **Bay Medical Center 2001-2009.** EMT, Paramedic – Took emergency calls county wide transported to hospital.
- **Bay County Fire Rescue 1994-2009.** Battalion Captain EMT-P- Supervised 40 Officers and fighters, All fleet maintenance, Fire Department Training, Safety Officer, Hazardous Materials Officer and Medical Officer.

EDUCATION/CERTIFICATIONS

- **Certified Occupational Safety and Health Officer (CSHO I & II) –** TEEX Estimated Date: Dec 2019
- **NWCG** qualified S-131, S-190, S-205, S-215
- **FEMA** certified ICS-100, ICS-200, ICS-300, IS-00005.a, IS-00035.18, IS-100, IS-200, IS-244, IS-315, IS-317, IS-340, IS-346, IS-700, IS-800, IS-804, IS-907, IS-1900
- **OSHA-** 501,511, 2055, 2225, 3015, 3115, 7205, 7505
- OSHA Outreach Instructor
- Medic First Aid CPT Instructor

Dana Heimdahl Chernault, Health and Safety Manager

Ms. Dana Heimdahl Chernault Health and Safety Manager with over 20 years of experience providing safety, health, and environmental leadership in several industries, to include the military, manufacturing, construction, agriculture, healthcare, and consulting. Extensive experience in all aspects of safety oversight, including strategic planning, program creation and implementation, and team development. Continually exceeds expectations by building valuable relationships and works well with people at all levels of an organization, including stakeholders, management, team members, and clients. Ms. Heimdahl Chernault ensures all compliance are met within all state and federal safety and health regulations including OSHA requirements as well as appraised and implemented new safety policies as they related to ongoing operations.

PROFESSIONAL EXPERIENCE

- **Oregon Wildfire Recovery 2020 – Current.** Health and Safety Manager for Oregon Department of Transportation providing Hazard Tree Removal Services for Operational Branch 1: Archie Creek Fire, Douglas County, Operational Branch 5: Thielson Fire, Douglas County and Operational Branch 6: Two Four Two Fire, Klamath County.
- **Hurricane Laura 2020.** Health and Safety Manager for Vermillion and Cameron Parish, LA.
- **California Wildfires – Camp Fire, Butte County 2020 – Current.** Health and Safety Manager for Butte County Hazardous Tree Removal Project.
- **Sunbelt Rentals 2018.** Director of Safety, Health and Environmental who over 200 profit centers for 2 of Sunbelt Rentals' business units (Power/HVAC and Climate Control) to include developing and implementing strategic safety plans. Led 8 regional safety managers to assist with day-to-day SH&E operations, identifying key initiatives and worked to strengthen both programmatic and leadership principles within the business units. Managed health and safety resources as well as related departmental budgets while serving as the primary contact on health and safety issues as the subject matter expert for employees, regulators, and construction and emergency response clients. Created, managed, and reviewed site-specific health and safety plans while establishing or maintaining positive working relationships with clients, site health and safety managers, corporate division managers, local representatives, or subcontractors. Built the company's electrical safety program from the ground floor up with a team of key experts as well as created and implemented a "Drive Safe" initiative and a "Driver Summit" process to promote driver safety. Developed, updated, and managed workplace safety programs, procedures, and policies as well as created employee training programs while establishing and maintaining complete safety training records. Conducted safety audits and inspections to ensure compliance with occupational and environmental health and safety requirements while ensuring that project personnel were adequately trained in emergency response plan procedures.
- **BAE Systems 2016 – 2018.** Directed the SH&E oversight of 5 business units and 7,000 employees worldwide that supported US government and military contracts. Contracts included military vehicle maintenance, radar repair work, shipyard work, construction projects, and manufacturing, helped reduce recordable incidents by 37% from 2016 to 2017 and 22% from 2017 to 2018, led a team of 11 full-time SH&E managers and 70 part-time leads, strengthening the company's safety and health focus by implementing and launching a SH&E management system, engaging key stakeholders to ensure applicability to the business. Strategized and reorganized safety, health, and environmental functions to better support the integrated business plan, setting injury reduction goals and key performance indicators for the business, reducing incident rates by over 80% in the first year, Led the Significant Injury and Fatality initiative, implementing a behavior-based safety program, ensuring that safety near misses, incidents, and injuries were properly managed and documented, Conducted scheduled and surprise safety audits that included a brief summary report noting any deviations from the Safety and Environmental Management Systems, implementing corrective actions to promote the health and safety of workers and the contracts.

- **Goodyear Tire and Rubber Company 2014 – 2016.** Led safety operations for a large, unionized plant of 56 acres under roof and 2200 employees, managing a team of 3 of safety professionals. Realized a 22% reduction of recordable incidents and a 43% reduction of total incidents. Influenced and strengthened the relationships of a team of business center managers, an appointed union safety committee of 8 employees, and 90 union business center safety representatives. Created a safety system that included new and updated policies and procedures, job hazard analyses, a new behavior-based safety program, and an incident investigation process. Set injury goals and reductions, generated a robust incident reporting, investigation, and management system as well as maintained or updated emergency response plans or procedures and developing standardized emergency procedures. Inspected or evaluated workplace environments, equipment, or practices to ensure compliance with safety standards and government regulations, recommending measures to help protect workers from potentially hazardous work methods, processes, or materials.

Education/Certificates

- University of Wisconsin-Stout - Master of Science in Risk Control
- Stole University of New York - Bachelor of Arts in Spanish and Latin American Studies
- Certified Safety Professional- Certificate # 19177 - Board of Certified Safety Professionals

Eric Kelleran, Grinder Operator

Mr. Kelleran has 15 years of experience in equipment operation and maintenance. Mr. Kelleran has spent 7 years with the Armor Volunteer Fire Company for the Fire station in Erie County, NY as a state certified firefighter and lieutenant in emergency response.

PROFESSIONAL EXPERIENCE

- **Ceres Environmental Services, Inc. 2017 – Current.** Grinder Operator overseeing the grinding crew and all maintenance required during the grinding operations to assist the cleanup and recovery process following natural disasters.
- **Kelleran Services, Inc. 2015 – 2017.** Heavy Equipment Operator and Mechanic responsible for completion of projects in an efficient time, maintenance and repairs on heavy equipment and trucks.
- **Owczarczak Construction 2012 – 2015.** Heavy Equipment Operator and Mechanic responsible for maintenance and repairs on heavy equipment and trucks and completion of projects in an efficient time.
- **Armor Volunteer Fire Company**
 - Assistant Fire Chief 2015
 - Senior Fire Lieutenant 2012
 - Truck Lieutenant 2009 – 2011
 - Firefighter/EMT 2008
- **Ingalls Site Development Inc. 2009 – 2011.** Equipment Operator responsible for the maintenance and repairs on heavy equipment and trucks.
- **United Materials Concrete Company 2009.** Mechanic and Shop maintenance assisted with truck maintenance during an internship. Responsibilities included truck repairs, assembling and organizing concrete blocks for sale.
- **Holmes and Murphy Construction 2005 – 2006.** Mechanic cleaner who assisted with managing auctions.
- **Gullo's Garden Center, LLC. 2003 – 2008.** Equipment Operator also assisted with sales, customer service and landscaping.

EDUCATION

- Bachelors Fire Safety Engineering Technology, University of North Carolina 2015
- Associates Degree Emergency Management, Erie Community College 2015
- Associates Degree Fire Protection Technology, Erie Community College 2012
- Vocational Diesel Mechanics Course 2009

Kerry Kennedy, Project Manager

Mr. Kennedy has a combined 38 years of Government and Civilian Project Management experience including 34 years with the US Army Corps of Engineers. Mr. Kennedy has served in numerous militaries, environmental, disaster response, civil work project roles of varying sizes and scopes. While with the U.S. Army Corps of Engineers, Mr. Kennedy worked on both operational and planning sides of disasters and deployments. While serving as a USACE Liaison Officer and Contingency Planner to a US Combatant Command, Mr. Kennedy was instrumental to the planning involved in both natural and manmade disasters around the world. His planning in that role included FEMA support. Mr. Kennedy has also served as an Operations Manager multiple times, managing multiple budgets, schedules, plans and procurement strategies for numerous projects simultaneously.

PROFESSIONAL EXPERIENCE

- **California Wildfires – Camp Fire, Butte County 2019.** Operations Manager for hauling and disposal of debris generated by the wildfire in North-Central California in 2018, the largest debris mission in California in more than 100 years. As OM, he ensured that required planning was performed and submittals to Calrecycle were completed.
- **Hurricane Florence 2018.** Operations Manager for North and South Carolina, managing multiple city and county contracts for clean-up of storm and flood debris generated by Hurricane Florence in September 2018. This included a contract for the Georgia Department of Agriculture for poultry remediation.
- **Hurricane Michael 2018.** Area Manager for four (4) counties in southern Georgia impacted by the hurricane, managing the contracts as part of the USACE ACI SAD contract activation.
- **California Wildfires – Northern California; Lake, Mendocino, and Napa Counties 2018.** Operations Manager for USACE hauling and disposal of debris generated by the 2017 wildfires in three (3) counties in Northern California.
- **Hurricanes Irma & Maria 2017.** Project Manager in the U.S. Virgin Islands (USACE ACI project), managing multiple task orders assigned by USACE to remove and haul storm debris from the two Category 5 Hurricanes.
- **Project/Program Manager, City of Virginia Beach, 2016 – 2017.** Project Manager within the Coastal Engineering section of Public Works. Conducted public meetings and briefings, working closely with community leaders.
- **Project/Program Manager, Norfolk District, USACE, April 2015 – June 2016.** Managed civil and military project.
- **Senior Exercise/Contingency Planner/Liaison Officer, US Army Corps of Engineers, November 2001 – January 2014.** Coordinated and informed the USACE Operations Center staff/other USACE elements on impact on current and planned joint operations developments, exercises, and experiments. Coordinated USACE team and personnel movements in support of military operations in Iraq and Afghanistan.
- **Civil and Environmental Engineer, US Army Corps of Engineers, June 1992 – May 2001.** Environmental Project Engineer, Project/Program Manager and Contracting Officer Representative for military, environmental and special projects in the Wright-Patterson AFB Area Office which spanned a 5-state area.
- **Active Duty Military, US Army, July 1981 – June 1992.** Various assignments in Army as well as with USACE, serving as a Project Engineer (Contracting Officer Representative) / Assistant Area Engineer for USACE in 2 districts, Louisville and Nashville.
- **US Army- Reserves, June 1992 – August 2011.** While on reserve status served various positions in Headquarters, USACE, North Atlantic Division, Great Lakes Division and South Atlantic Division.

Andrew Kirkland, Quality Control

Andrew Kirkland has been involved in disaster recovery resulting from a wide variety of natural disasters and weather events. Mr. Kirkland's experience includes Quality Control and Project Management of FEMA-reimbursed disasters such as hurricanes, ice storms, windstorms, floods and wildfires.

PROFESSIONAL EXPERIENCE

- **Hurricane Delta 2020.** Project Manager in the City of Nederland, TX for hurricane generated debris removal and disposal.
- **Jones County, MS Tornado 2020.** Project Superintendent in Jones County, MS for tornado debris removal and disposal.
- **California Wildfires – Camp Fire, Butte County 2019 – 2020.** Lead Quality Control Manager for Concow, CA as part of the CalRecycle clean-up project for hauling and disposal of debris generated by the Camp Fire wildfire in North-Central California in 2018, the largest debris mission in California in more than 100 years.
- **Kansas Ice Storm 2019.** Project Manager in Olathe, Kansas on behalf of Ceres.
- **Hurricane Michael 2018-2019.** Quality Control oversight for up to eight (8) counties simultaneously throughout Southwest Georgia for the removal of more than 3 million cubic yards of debris as part of the USACE ACI SAD Restricted contract activation. Managed two debris management sites and assisted in the planning, set up and execution of USACE approved site plan.
- **Hurricane Florence 2018.** Project Manager in North Carolina Department of Transportation District 2, Jones County, overseeing the removal of vegetative, C&D, and white goods debris from all NC DOT roads.
- **Hurricane Irma 2017-2018.** Project Manager for the City of Miami, Florida for the collection of nearly 200,000 cubic yards of vegetative and C&D debris.
- **California Wildfires 2018.** Certified Quality Management working under Ceres contract with the U.S. Corps of Engineers following the 2017 fires. Ceres Lead Quality Control specialist in eastern Napa Valley. Worked with USACE to determine structural integrity in accordance with EM 385 1-1, as well as the planning, installation & safe removal of temporary bridges.
- **Hurricanes Irma and Maria 2017.** Provided Quality Control in St. Thomas and St. Croix, U.S. Virgin Islands for the segregation and separation of over 250,000 cubic yards of mixed, vegetative, and C&D debris for reduction and removal from the islands via barge. Ensured the integrity of debris piles by leading hand separation crews to sort the debris by categories – vegetative, C&D and recyclable metals.
- **Operations Supervisor, Sergeant, U.S. Marine Corps 2003-2007.** Team leader for on-target completion of teams during three (3) tours of duty during a 22-month timeframe. Earned distinction for sound judgement and ability to make rapid decisions in high pressure situations.

Michael A. Lee, Estimator

Mr. Lee, a 27-year veteran of Ceres Environmental Services, Inc., provides quality control and project management to the company's heavy civil projects, including recent work on the reconstruction and repair to Louisiana levees breached by Hurricane Katrina storm surges and flooding. Mr. Lee is responsible for procurement of project task costs and preparation of bids for a variety of Ceres projects, including UST removal and installation, environmental consulting, environmental mitigation/restoration, levee installation and repair, erosion control/stabilization, earthwork, construction, and disaster related emergency work. Mr. Lee has experience with selective land clearing and demolition projects, including asbestos, lead, and PCB abatement. He is also responsible for environmental regulatory compliance expertise and construction quality control management and project cost analysis.

PROFESSIONAL EXPERIENCE

- **Aldine West Field Detention Basin 2019 – Current.** Chief Estimator providing production analysis calculations, project cost analysis, and sub quote analysis.
- **Puerto Rico Blue Roof 2018.** Buyer purchased and shipped materials from Florida to Puerto Rico.
- **Kuykendahl Detention Basin 2015 - Current.** Chief Estimator providing production analysis calculations, project cost analysis, and sub quote analysis.
- **Falgout Canal Road Levee Segment 2015.** Chief Estimator providing production analysis calculations, project cost analysis, and sub quote analysis.
- **Ward 7 Levee Improvement and Extension 2014.** Chief Estimator providing production analysis calculations, project cost analysis, and sub quote analysis.
- **Reach G 2-b and Reach G 2-c Earthen Levees 2014.** Chief Estimator providing production analysis calculations, project cost analysis, and sub quote analysis.
- **Reach H-1 Levee 2013-2016.** Chief Estimator providing production analysis calculations, project cost analysis, and sub quote analysis.
- **Reach F Earthen Levee 2013-2015.** Chief Estimator for Reach F levee which involved construction of earthen levee with floodgate structures. Provided production analysis calculations and project cost and sub-quote analyses.
- **Birdland Park Levee Improvements 2010-2012.** Quality Control and administrative support to levee improvement project in Des Moines, Iowa. Work included increasing the levee's height, constructing six gate wells, and modifying existing pump stations to accommodate the new dimensions.
- **Flood Control, Little Calumet River 2009-2011.** Quality Control and administrative support to Calumet River Flood Control project which includes tree clearing and construction of a levee in Indiana
- **Flood Control, Rio Puerto Nuevo, Rio Fajardo 2007.** Quality Control and management support to Floodway Control project which included river channelization and levee construction in Puerto Rico
- **Hurricane Katrina 2005.** Project Management to emergency levee repair and construction of approximately 12 miles of levees to Lake Ponchartrain and Plaquemines Parish, Louisiana
- **U.S. Army Corps of Engineers, Sulphur River 2005.** Project Management, Supervision, and Quality Control of excavation and environmental restorations to water control project including installation of pumps, soil treatment, and extraction remediation systems
- **U.S. Army Corps of Engineers, Trinity River 2004.** Quality Control and administrative support to Trinity River Dallas Floodway Extension project which included the excavation and construction of swales, wetland, levees, and flood conveyance in Texas

EDUCATION/CERTIFICATIONS

- Bachelor's degree, Geology, University of Minnesota
- Professional Geologist (MN State License #30377)
- USACE CQM-certified
- OSHA 40-Hour Hazmat Health and Safety
- Lead Abatement Training for Supervisors
- Erosion and Sediment Control Plan Design training
- Ground Water Sampling, Water Well Construction, and Development Procedures training

Earl Lutz, III, Area Manager

Mr. Lutz has fourteen years of management experience for Ceres Environmental Services, Inc. and more than 26 years of supervisory experience with emergency debris management projects, interior and complete demolition projects, culvert and lake construction, and heavy equipment operations. Mr. Lutz supervised approximately 300 crews in the debris removal operations following Hurricane Katrina. Mr. Lutz has been responsible for field operations and crew performance for several construction, demolition, and debris removal projects including federal, state, and local government contracts and private contracts. Mr. Lutz also has more than 26 years of experience in fabrication and welding and is the lead designer and fabricator for our company.

PROFESSIONAL EXPERIENCE

- **New Zealand Earthquake 2011- present.** Managing demolition projects and providing training for recovery efforts.
- **Alabama Tornadoes 2011.** TDSR Site Manager for Jefferson County tornado response. Managed processing and reduction of over 1 million CY of debris at multiple sites. Managed overall allocation of equipment and personnel resources.
- **Haiti Earthquake 2010.** Assistant Logistics Manager and Construction Manager. Assisted with supplies management and oversaw Kaypèpla™ temporary house design process.
- **Hurricane Ike 2008.** Operations Management support of county and city debris removal and disposal including hauling of 330,000 cubic yards meeting County's deadline for completion of work maintaining very high safety standards in Texas
- **Hurricane Gustav 2008.** Field Operations Superintendent for emergency debris removal and disposal of over 1.9 million cubic yards of storm debris; Trimming and removal of hazardous trees; Removal and disposal of white goods in Vermillion and East Baton Rouge Parishes
- **Hurricane Dolly 2008.** Operations and Logistics Management support for removal, reduction, and disposal of hurricane debris in Cameron County, Texas
- **Ice Storm 2007.** Operations and Logistics Management support for removal and disposal of vegetative debris generated by the ice storm in cities of Broken Arrow and Nichols Hills, Oklahoma
- **Hurricane Katrina 2005.** Area Manager for debris removal operations including 13 million cubic yards of hurricane debris in 11 Louisiana Parishes; Trimming and removal of over 165,000 hazardous trees; Supervised 75,000 cubic yards of debris removal per day; Supervised 25 subcontractors who operated a total of 300 crews
- **Hurricane Ivan 2004.** Operations and management support for debris removal and disposal of over 680,000 cubic yards of debris and processing of over 505,000 cubic yards of debris in Florida
- **Hurricanes Jeanne & Frances 2004.** Operations management support for collection, transportation, and disposal of over 404,000 cubic yards of debris throughout 13 Florida counties
- **Hurricane Isabel 2003.** Operations and Logistics Management support for removal and disposal of hurricane debris; Trimming and removal of hazardous trees in Virginia
- **Ice Storm 2002.** Field Operations Superintendent for debris removal and disposal of over 510,000 cubic yards of hazardous trees and other vegetative debris in Oklahoma
- **Hurricane Georges 1998.** Site Superintendent for Grinding Reduction Site and crew management, site operations, production, finished product quality, and site safety. Also responsible for monitoring debris receipt documentation, documentation of daily production rates, and equipment usage.

EDUCATION/CERTIFICATIONS

- USACE CQM certified
- FEMA certified ICS-100, ICS-200, IS-300, IS-400, and NIMS IS-700
- First Aid & CPR certified
- CFC-12 Refrigerant Recycling training

Bruno Mancilla, EHS Manager

Mr. Mancilla has more than ten years of safety experience in oil refineries, chemical plants, new construction, civil construction. He holds certifications for all aspects of Environmental Health and Safety Management training associated with his areas of focus. Specific experience includes hazard recognition and elimination, team building and behavioral based safety programs (BBS), medical management, record keeping, policy development/implementation, OSHA compliance/inspection, safety program training, leading daily safety meetings, new hire orientation, incident reporting, accident investigation and research. Mr. Mancilla also has experience in providing fire watch and confined space watch training, field audits, client turnaround safety meetings, and drug screening. He has also served as a Spanish translator between contractors and clients for safety-related issues.

PROFESSIONAL EXPERIENCE

- **Ceres Environmental Services, Inc. 2018-2019.** Site Health and Safety Officer overseeing vegetative, construction and demolition (C&D), and metal debris removal from local municipality Rights-of-Way (ROW) and other eligible public property in the U.S. Virgin Islands for USACE ACI project following Hurricanes Irma and Maria. Work also included site preparation, debris reduction – including chipping/mulching/ grinding – and debris disposal.
- **SPI Industrial 2017-2018.** Site Safety Supervisor overseeing several sites in Beaumont and Port Arthur, Texas
- **A&L Industrial Services 2017.** Site Safety Supervisor for the fall shutdown at Total-PAR in Port Arthur, Texas.
- **STARCON International 2015-2017.** HSSE Site Field Safety for the NAG-OF project in Baytown, Texas.
- **Ram Solutions 2009-2015.** HSSE Site Field Safety for Calabrian Corporation in Port Neches, Texas.
- **Beacon Maritime 2008-2009.** HSSE Site Field Safety for 8 months in Shipyard Orange, Texas.
- **Signal International 2005-2008.** HSSE Site Field Safety for 5 months in Shipyard Orange, Texas.

EDUCATION/CERTIFICATIONS

- Osha 30 Hour Construction
- Construction Site Safety Supervisor NCCER
- Safety Technology NCCER
- Field Safety NCCER
- Construction Site Safety Technician CSST/NCCER
- Scaffold NCCER
- Houston Area Safety Council (Basic Plus)
- Criminal Justice Certificates of completion
- Lamar State College Port Arthur undergraduate
- Lamar State College Orange – Criminal Justice

Ricky Morales, Superintendent

Mr. Morales has twelve (12) years of experience that includes vessel recovery and vegetative debris management, including push, pile, and burn projects. His work has been performed as a result of weather events such as The Camp Fire, Hurricane Maria, Irma and Matthew, as well as from regional vegetative diseases such as the Citrus Greening Disease in the state of Florida. Mr. Morales' skills include material handling expertise, production management, and managing safety and sanitation standards.

PROFESSIONAL EXPERIENCE

- **Camp Fire Butte County, CA 2019.** Superintendent overseeing all operations for self-performing debris removal team. Debris removal includes all vehicles, metal, ash, concrete and contaminated soil on residential properties affected by the fire.
- **Hurricane Maria 2017-2019.** In charge of all operations in St. Croix, U.S. Virgin Islands. The project included vessel recovery and off island disposal, vegetative debris removal and grinding, C&D debris grinding, and management of debris for STEP program.
- **Hurricane Irma 2017.** Superintendent overseeing debris clean-up in Florida
- **Hurricane Matthew 2016.** Burn Supervisor for vegetative debris reduction of 650,000 cubic yards of debris following Hurricane Matthew.
- **Production Superintendent, Riverside Citrus Harvesting, LLC, 2008-2017.** Managed human resources and production activities for timely project execution. Investigated potential improvements to quality, productivity and cost reduction and implemented favorable ideas. Acted as point of contact for client base, responsible for satisfaction and retention.

EDUCATION

- Associate Degree Nashville Auto Diesel College

CERTIFICATIONS

- OSHA 30 General Construction Certificate
- OSHA Excavation Certificate
- OSHA 40 Hazwoper
- OSHA Hazwoper Supervisor for Construction
- Workplace Harassment Prevention for Managers
- First Aid CPR AED

Thomas "Allen" Morse, Senior Debris Management Advisor

Mr. Morse has over 35 years of experience in damage assessment and debris management. He worked for the U.S. Army Corps of Engineers from 1974-2009, serving as the National Debris Management Expert for his last 15 years with the USACE. With Ceres, Mr. Morse works with the USACE concerning Ceres' four contracts with the USACE, covering 26 states. He also provides technical, political, and professional advice on all operational aspects of debris management.

PROFESSIONAL EXPERIENCE

- **Hurricane Michael 2018.** Project Consultant to USACE for the USACE ACI Restricted SAD Region activation in 13 Georgia counties for the clean-up of debris generated by Hurricane Michael in October 2018.
- **Fire Island 2014.** Provided technical assistance to USACE for the highly specialized debris removal mission off the coast of Long Island, NY.
- **Alabama Tornadoes 2011.** Special advisor and liaison to state and Federal partners for the tornado clean up in Alabama and Joplin, MO.
- **Haiti Earthquake 2010.** Consultant to the World Bank on debris management, environmental assessments, and bidding documents for a World Bank sponsored debris project.
- **Eagle, Alaska 2009.** Authored plans and specifications for specialized debris clean up following ice flow damage. Acted as legal advisor for the city.
- **Hurricane Rita 2007.** USACE Debris Task Force Leader.
- **Hurricane Katrina 2005.** USACE Senior debris manager/coordinator for \$2.5 billion in debris contracts in Alabama, Mississippi, and Louisiana
- **Florida Hurricanes 2004.** Lead ESF#3 representing USACE
- **Weapons of Mass Destruction Debris Management Guide 2001-2004.** Project Manager and contributing author of the FEMA-sponsored "Weapons of Mass Destruction Debris Management Guide."
- **World Trade Center 2001.** Senior Project Manager over disposal operations for USACE following terrorist attack.
- **Suriname South America 1993.** Managed the design and construction of a base camp for 2,500 occupants.
- **Hurricane Andrew 1992.** Debris team leader for USACE
- **Kuwait 1991.** Reconstruction team for rebuilding of infrastructure.

EDUCATION/CERTIFICATIONS

- B.S. degree in Civil Engineering from University of South Alabama
- FEMA/ICS certified 100, 200, 700 and 800
- Author of U.S. Army Corps of Engineers Debris Forecasting Model and U.S. Army Corps of Engineers commodities planning model

Betsy Pease, Project Accountant

Ms. Pease brings years of extensive accounting management experience to her work as a project accountant on various contracts for Ceres Environmental Services, Inc. She is responsible for maintaining accounting procedures to ensure proper data tracking and correct invoicing to clients, as well as payment reconciliation with subcontractors. She oversees data entry and invoicing procedures during storm projects, as well as completing reconciliation of projects after work is accepted.

PROFESSIONAL EXPERIENCE

- **Soteria (Ceres affiliate) 2018 – Current.** Accountant for global multicurrency company, responsible for AP/AR and Inventory control, Sales forecast, cash flow, and budget preparation. Account Reconciliation and VAT Tax compliance.
- **Texas Civil Construction 2017 – Current.** Project Accountant and database supervisor for civil construction projects in Texas.
- **Hurricane Irma and Maria 2017 – Current.** Project Accountant and database supervisor for projects in St. Croix and St. Thomas, US Virgin Islands.
- **Louisiana Levee Construction – 2013 to present.** Project Accountant and database supervisor for USACE levee construction projects in LA.
- **Hurricane Isaac 2012.** Project Accountant and database supervisor. Managed data, reconciliation with subcontractors and clients, subcontractor payments, and billings to clients.
- **Winter Storm Alfred 2011** Project Accountant and database supervisor. Managed data, reconciliation with subcontractors and clients, subcontractor payments, and billings to clients.
- **North Dakota 2011 Flood Recovery** Project Accountant and database supervisor. Managed data, reconciliation with subcontractors and client, subcontractor payments, and billings to client.
- **Hurricane Irene 2011** Project Accountant and database supervisor. Managed data, reconciliation with subcontractors and clients, subcontractor payments, and billings to clients.
- **Alabama Tornadoes 2011** Project Accountant and database supervisor. Managed data, reconciliation with subcontractors and clients, subcontractor payments, and billings to clients.
- **Haiti Earthquake 2010 - Present** Project Accountant and database supervisor. Managed data, reconciliation with subcontractors and clients, subcontractor payments, and billings to client.
- **Ice Storms 2009,** Project Accountant managing the set-up, extraction and maintenance of databases to prepare A/R billings to clients in Kentucky; Reconciliation of all tickets with the clients; Management and preparation of subcontractor payments, reconciliation and management of accounts, management of internal audit functions.
- **Hurricane Ike 2008,** Project Accountant managing design, extraction of data and maintenance of databases for multiple contracts in Texas
- **Hurricane Gustav 2008,** Project Accountant managing the set-up, extraction, and maintenance of databases to prepare A/R billings to the clients in 3 Parishes in Louisiana; Reconciliation of all tickets with the clients; Management and preparation of subcontractor payments, reconciliation and management of accounts, management of internal audit functions; Liaison with Parishes and subcontractors to insure data and procedural integrity and security
- **Hurricane Dolly 2008,** Project Accountant managing the design, extraction of data and maintenance of databases to prepare A/R billings to the clients in Texas; Reconciliation of all tickets with the clients; Preparation of all subcontractor payments, reconciliation and management of accounts, management of internal audit functions;

Garrett Shores, Project Manager

Mr. Shores has 20 years as an operations leader in the disaster recovery industry most recently serving as a contract Area Manager for Ceres Environmental on its 2018 ACI SAD Contract activation in Southwest Georgia. Mr. Shores is an expert at debris response particularly when it comes to debris quantity estimation, sectoring, subcontractor management and heavy equipment. Mr. Shores also owns a tree clearing business in Illinois yet is available to Ceres on an as-needed basis for CAT 4-5 or higher hurricanes.

PROFESSIONAL EXPERIENCE

- **Linn County, IA Derecho 2020.** Project Manager in Linn County, IA for collection, reduction, and disposal of over 1 million CY of debris.
- **Hurricane Michael 2018.** Area Manager in South Georgia for the USACE ACI Area 1 project.
- **Hurricane Irma 2017.** Area Manager in Glynn County, Georgia for Disaster Debris Collection and Removal of debris generated by Hurricane Irma.
- **Waterway Project 2017.** Area Manager in Savannah, Georgia.
- **Hurricane Matthew 2016.** Area Manager in Glynn County, Georgia following Hurricane Matthew in October.
- **Livingston Parish Floods 2016.** Area Manager for Ceres response to during the removal of vegetative and debris removal in Louisiana.
- **Littleton Storm and Timber 2013 – 2015.** Operations Manager for Hurricane Virginia in 2012 assisting on the DOT project.
- **Timer Exports 2009 - 2011**
- **Hurricane Ike 2008** Operations Manager in Harris County and Galveston County for Galveston Island Beach reclamation project.
- **Texas DOT contracts in Savannah, Georgia**
- **Hurricanes Katrina, Rita and Wilma, 2005.** Operations Manager
- **Hurricane Charley 2004.** Operations Manager for the massive damage in Deltona, Stanley Ormand Beach, and West Palm Beach in Hillsboro and Indian River counties.
- **Hurricane Isabel 2003.** Operations Manager for Virginia Beach, Virginia State Parks and Virginia DOT projects.
- **Louisiana Hurricane 2001.** Operations Manager during the Houston flood projects in Duscon, Eunice, and Abbeville City.
- **Arkansas Ice Storm 2000.** Operations Manager in several southwest Arkansas counties.
- **Wind Storm 1999.** Operations Manager in Burlington, North Carolina

Linda Smith, Accounting Manager

Ms. Smith has over 30 years of experience in leading accounting teams in day to day activities while providing owners, shareholders, and executives with financial information and guidance required to make informed business decisions.

PROFESSIONAL EXPERIENCE

- **Ceres Environmental Services, Inc.** Accounting Manager. In coordination with the director of storm accounting, responsible for the day-to-day functions of the entire storm accounting department and assisted the field operations to establish internal protocols.
 - **Oregon Wildfire Recovery 2020 – Current.**
 - **California Wildfires – Camp Fire, Butte County Hazardous Tree 2020**
 - **Oklahoma Ice Storm 2020 (5 jurisdictions)**
 - **Hurricanes Laura, Hanna, Sally, Delta, and Zeta 2020 (13 jurisdictions)**
 - **Linn County, IA – Derecho 2020**
 - **City of Atlanta, GA and Macon-Bibb County, GA – Bulk Waste 2020**
 - **Hamilton County, TN – Tornado 2020**
 - **Jones County, MS – Tornado 2020**
 - **Santa Rosa County, FL – Wind Event 2020**
 - **California Wildfires – Camp Fire, Butte County Debris Removal 2019**
 - **Northern California Wildfires 2018 (USACE)**
 - **Hurricane Michael 2018**
 - **Hurricane Irma 2017**
- **Resort Funding, LLC. 1997 – 2017.** Senior Accountant. Analyzed financial statements and created reports for monthly corporate reporting. Generated financial statements in accordance with GAAP and facilitated account closing procedures for multiple companies on a monthly basis. Created strong internal controls and accounting processes that reduced the financial statement close from 10 days to 3 days, which led to completion of 17 clean audits. Analyzed and researched reporting issues to improve accounting operations procedures. Reconciled multiple cash accounts daily for cash forecast and budget preparation and reviewed bent charges monthly for accuracy and to reduce costs. Maintained notes receivable in excess of \$500 million. Managed journal entries, invoices, and reconciled over 200 general ledger accounts annually. Reviewed and approved weekly borrowings and monthly servicer report for \$200 million warehouse facility. Led and provided guidance to accounting staff. Prepared for and assisted in annual audit and two agreed upon procedures annually for warehouse facilities. Managed all NSF payments from consumer account holders. Assisted other departments in identifying problems and finding solutions to correct, assisted IT in implementation of new systems and the controller in projects regularly. Maintained records of wire transfer procedures and ensured accurate processing. Developed written accounting policies and standard operating procedures and trained junior accountants using these policies and procedures.
- **Fay's Inc. 1995 – 1997.** Corporate Accountant participating in design, testing and implementation of accounts receivable system resulting in departmental efficiencies. Ms. Smith was also responsible for tracking and analysis of accounts receivable activity on decentralized systems in maintained at the store level.
- **National Commodity Clearance Center 1994 – 1995.** Bookkeeper managing inventory control and produced month financial statements and maintained accounts payable and receivable.
- **Sage-Dey Inc. 1989 – 1993.** Merchandise Accounting Supervisor overseen 10 employees, coordinated inventory and reconcile results while leading implementation of new hardware and software systems.

EDUCATION

- Bachelor of Science, Accounting 1989
- Minor in Economics, State University of New York at Oswego

CERTIFICATIONS

- ICS-100 Introduction to Incident Command System

Michael Smith, Quality Control Manager

Mr. Smith is a dynamic leader with extensive experience in Safety constructions, maintaining standards in manufactured products by testing a sample of the output against the specification. Delivers excellent on and offsite program management for locations around the world while ensuring compliance with laws and regulations within guidelines. Creates industry-leading programs that deliver significant cost savings and efficiency gains while minimizing risk and liability exposure in Heavy Industrial setting. Excels in training, developing, and coaching staff in US and globally.

PROFESSIONAL EXPERIENCE

- **Hurricane Laura 2020.** Project Manager in Santa Rosa County, FL for debris cleanup.
- **Puerto Rico Sheltering and Temporary Essential Power Program (STEP) 2019.** Project Manager for the PR STEP providing temporary repairs to single family dwellings with a monetary cap of \$20,000.00 per dwelling. Scope of work entailed numerous pre and post inspections, database creation/data management, applicant interaction/customer service, and the contracting and coordination of skilled tradesmen to provide electrical, HVAC, potable water and gas to a safe, secure and weatherproofed dwelling.
- **Hurricane Maria 2017 – 2018.** Senior Quality Control Manager/Superintendent for the ACI Emergency Temporary Roofing in Puerto Rico. Mr. Smith Implement systems of distribution, logistics, document controls/flow, work order and production tracking, inventory and material coordination for the construction of the roofs.
- **Hurricane Irma 2017.** Project Manager for the debris clean-up and disposal, DMS establishment & management, hangers, leaners, stumps and vegetative reduction in Highland, and Okeechobee Counties.
- **Morganza Hurricane Levee Project 2015.** Senior Quality Control System Manager/Project Manager for a massive levee system located just south of Houma, LA. These segments of levee make up approximately 9 miles of newly constructed earthen levee through the marsh.
- **Sky view Safety Services 2005-2006.**
Safety Supervisor responsible for all Safety Training and Orientation. Supervision of subordinate safety staff and monitoring a safety procedure in a Heavy Industrial setting.

EDUCATION/CERTIFICATIONS

- Home Inspection Certification for the State of Ohio – 2013
- Mold remediation & inspection Certification for the State of Ohio – 2010
- USACE Construction Quality Control Management for Contractors – 2006
- OSHA Certification: 30 Hours Construction and Safety Standards
- OSHA Certification: 10 Hours Construction Safety
- OSHA Training – Refinery Safety Courses – CSE Attendant/Entrant, Fire Prevention, Hazardous Gases, LOTD, First Aid/CPR and refinery safety standards.

Robert Smith, Project Manager

Mr. Smith creates strong team environments through customer focus, a clear vision and goals, and a strong performance management structure with the ability to implement corporate directives and ensure safety compliance.

PROFESSIONAL EXPERIENCE

- **Camp Fire Tree Removal, Butte County 2020.** Project Manager for the removal, processing, and final disposition of hazardous trees due to the 2018 Camp Fire. This work includes both right of entry (ROE) and rights-of-way (ROW) hazardous tree removal.
- **Oklahoma Ice Storm 2020.** Project Manager overseeing three projects: City of El Reno, City of Kingfisher, and the City of Piedmont. The work performed consisted of leaner and hanger removal, ROW vegetative removal, DMS operations, and the reduction of vegetative debris.
- **Hurricane Hanna 2020.** Project Manager overseeing three separate projects: Hidalgo County, the City of Pharr, and the City of Edinburg. Conducted ROW collection, disposal of vegetative debris and construction and demolition debris with all three clients. Also collected and disposed of white goods, household hazardous waste and electronic waste.
- **Camp Fire, Butte County 2018 – 2019.** Project Manager for the Clean-up project hauling and disposal of debris generated by the Camp Fire wildfire in North-Central California in 2018.
- **Hurricane Irma and Maria 2017.** Project Management oversight for vegetative, construction and demolition, and metal debris removal from local municipality ROW and other eligible public property in the U.S Virgin Islands for USACE ACI project following Hurricanes Irma and Maria. Work also included site preparation, debris reduction - chipping/mulching/grinding, and debris disposal.
- **Evergro Organic Recycling 2016-2017.** Vice President of Operations researching and acquiring a track of land that meets all TCEQ criteria to construct a biosolid composting facility. Focused on site operating plans and providing a permit application along with drawings drafted by a local project engineer.
- **New Earth Soils and Compost 2010-2016.** Vice President of Operations overseeing over 35 teams within two facilities, new constructions, and existing biosolid composting operations.
- **The Garick Corporation**
 - **Vice President of Operations 2007-2009.** overseeing six facilities and 250 associates in five different states, ensuring EPA/DEP and OSHA compliance practices, plant staffing, daily productions goals, payroll management, and inventory control.
 - **General Manager 2006-2007.** Responsible for the safety and productivity of a large group during peak season, including environmental compliance, profitability, and leadership development. Drafted and implemented operational procedure manual for companywide plant and safety operations.
- **United States Army 1991-2000.** Airborne Ranger as Scout Team Leader for the 25th Infantry Division in Oahu, Hawaii, a Pathfinder for the 101st Pathfinder detachment and a U.S. Army Ranger Instructor at the Mountain Phase of Ranger School. Responsible for assisting the squad leader to ensure squad combat readiness, including planning and supervision of soldier training. Assisted with tactical employment and continuous surveillance of the enemy while being responsible for daily training and safety of 600 rangers annually in mountaineering and combat missions.

Kevin Sudbury, Project Superintendent

Mr. Sudbury has a 20-year career that includes a far-reaching understanding of operations and finance as well as cross-functional experience in planning, project management, business administration, public speaking, technology and client support. He has a reputation for applying advanced problem-solving techniques that lead to the restoration of smooth-flowing procedures and systems, turning around failing projects and developing innovative solutions to any challenge. Mr. Sudbury is experienced with public and private sector clients and possesses demonstrated capability to analyze and translate complex customer requirements, plan for as well as execute simultaneous projects while ensuring project engagement across diverse groups of staff, management and clients.

PROFESSIONAL EXPERIENCE

- **Sabine River Authority 2021 – Current.** Project Superintendent for Sabine River Authority for the removal and disposal of hurricane generated debris.
- **Hurricane Sally 2020.** Project Superintendent for Escambia County School Board, FL following Hurricane Sally.
- **Butte County California Fire Debris 2019.** Logistics Chief/Subcontracting Manager. Responsible for project-wide and self-performing crew logistics support including resource planning, equipment acquisition, materials selection, competitive pricing evaluation, personnel housing and asset management. Secured required local permits for equipment laydown yard. Refocused subcontractor haul-out operations including a review of the existing haul-out operations, vetting and negotiating with new subcontractors, and provided subsequent operational oversight which led to a project savings of over \$400K. Interfaced with the Project Owner's team during bi-weekly planning meetings and provided daily as well as weekly reporting to the Incident Commander that drove decision-making activities. Actively involved in project closeout planning and responsible for the successful demobilization of all Ceres-owned assets.
- **Hurricane Michael Storm Debris 2018.** Operations Manager/Subcontracting Manager. Initially assigned as Subcontracting Manager for the USACE ACI Restricted SAD Region activation in 13 Georgia counties for the clean-up of debris generated by Hurricane Michael in October 2018. Elevated to Operations Manager for the final stage of the project with USACE approval. Responsible for the direct management of over 120 ROW debris haulers and haul-out subcontractors (1,000+ containers) across 13 counties. Duties included operational planning, zone closeout plans, DMS closeout plans, subcontractor management, overall project management and daily coordination with USACE. Developed a tracking and reporting system that provided internal decision makers and USACE with vital statistics that drove planning and operations decisions. Led the successful closeout of the project.
- **City of Coral Gables Hurricane Mitigation Grant Program 2018.** Senior Project Manager/Funding Specialist. Developed 4 HMGP successfully funded applications for disaster mitigation projects in response to Hurricane Irma. Application process included project planning, addressing environmental concerns, weekly interactions with local government staff and gaining the approval of the City Commission.
- **Apex Oil Terminal Improvements 2017.** Senior Project Manager. Responsible for developing procurement policies, ensuring 6 Good Faith Efforts were followed and documented to maximize DBE participation, pre-construction planning, project management, federal compliance (Davis Bacon, American Iron and Steel, EEO), financial reconciliation and close-out of a 7-month, FEMA-funded \$1,500,000 fuel terminal improvements project across 3 sites in different states with concurrent procurement and construction activities.
- **City of Miami Wagner Creek/Seybold Canal Stormwater Improvements 2017.** Senior Project Manager. Responsible for funding, project management, federal compliance (Davis Bacon, American Iron and Steel, EEO), financial reconciliation and close-out of an 18-month, FDEP/EPA funded \$21,000,000 sediment removal project that included 1 prime contractor and 4 subcontractors. Project was awarded the 2018 WEDA Environmental Excellence Award.
- **US Virgin Islands Gordon A. Finch Marine Terminal 2016.** Senior Project Manager. Responsible for the preparing a federal TIGER grant application, award acceptance, procurement and project management of a \$13,000,000 project to demolish and replace the existing Roll-On/Roll-Off pier as well as construction of horizontal and vertical site improvements. Developed Benefit-Cost Analysis that was used in part as a planning model/guide for future TIGER projects by USDOT.

- **City of Marco Island Septic Tank Replacement Program 2015.** Senior Project Manager. Responsible for the planning, funding, procurement, project management, federal compliance (MBE/WBE participation, Davis Bacon, Buy American, EEO), financial reconciliation and close-out of a 6-year, \$63,000,000 program that included 8 prime contractors and over 24 subcontractors. Project was highly complex with politicians and residents in opposition of the project at the beginning in addition to being in an environmentally sensitive region. Required frequent attendance and speaking at City Council meetings, addressing both Council and public concerns verbally and in writing as well as maintaining a public presence via direct outreach and media throughout the project. Worked hand-in-hand as an extension of City staff to ensure financial forecasting, environmental planning, project phasing and construction were properly aligned.
- **Collier County Wastewater System Improvements Program 2014.** Senior Project Manager. Responsible for the planning, funding, procurement, project management, federal compliance (Davis Bacon, EEO), financial reconciliation and close-out of a 8-year, \$140,000,000 program that included the construction and/upgrade of 3 wastewater treatment facilities with a combined capacity of over 55 MGD and 16 miles of collection mains. During the program, it was common for multiple large projects to be proceeding simultaneously requiring detailed planning and frequent coordination with County staff, County Commission and contractors.

John Ulschmid, Project Manager

Mr. Ulschmid has more than 25 years of experience with Ceres Environmental Services, Inc. including project management of multiple FEMA-reimbursed contracts. Mr. Ulschmid manages the company's Construction and Demolition Division as well as various operational aspects of the Emergency Management Services Division, concurrently with the company's Public Affairs and Logistics Management. Mr. Ulschmid has also worked on a variety of other emergency response projects including emergency building demolitions due to floods, Emergency Bank Stabilization of the Mississippi River Lock and Dam 8, and multiple floodway and water control and mitigation construction projects. He has provided project management, supervision, and administration to several federal government clients including the U.S. Army Corps of Engineers, U.S. Air Force, U.S. Navy, U.S. Army, CAL OES, LA DOTD, and TX DOT along with multiple projects with cities, counties, municipalities, and other public agencies with revenues totaling in excess of \$1 Billion. Mr. Ulschmid attended the University of Minnesota, Carlson School of Management where he holds a bachelor's degree in Management Information Systems.

PROFESSIONAL EXPERIENCE

- **ODOT Archie Creek Fire Tree Removal 2020 – Current.** Senior Director for tree removal project as a result of the Archie Creek Fire in Oregon.
- **California Wildfires – Camp Fire, Butte County 2019-2020.** Senior Director for the CalRecycle clean-up project for hauling and disposal of debris generated by the Camp Fire wildfire in North-Central California in 2018, which is the largest debris mission in California in more than 100 years.
- **Hurricane Michael- SW Georgia 2018.** Deputy Operations Manager for USACE debris removal operation in 13 SW Georgia counties.
- **U. S. Virgin Islands Hurricane Recovery 2017-2019.** Project Manager for response to Hurricanes Irma and Maria on St. Croix, St. Thomas and St. John for debris removal and processing, marine vessel processing, and off-island disposal of 600K CY. C&D Debris was disposed of in CONUS requiring federal and state approvals and permitting.
- **Alabama Tornadoes 2011.** Management oversight for response to record-setting tornadoes that hit the Southeast, including management of over 1 million CY of debris in Jefferson County.
- **Emergency Levee Removal- Minot ND 2011.** Project Manager for emergency levee removal post Souris River flooding (a greater than 100-year flood event).
- **Hurricane Ike 2008.** Project management, logistics management, and contract administration of operations in Texas.
- **Hurricane Gustav 2008.** Supervision and contract administration of company operations for debris removal and disposal; Project Manager of HVAC project and LA DOTD roadway drainage repairs and improvements project in Louisiana
- **Hurricane Rita 2005.** Project management for debris removal and disposal of over 4.5 million cubic yards; Reduction of over 1.1 million cubic yards of debris; Removal and disposal of e-waste; demolition of approximately 253 storm damaged buildings in Terrebonne and Calcasieu Parishes, Louisiana
- **Hurricane Katrina 2005.** Project Manager for debris removal operations including 13 million cubic yards of hurricane debris in 11 Louisiana parishes; trimming and removal of over 165,000 hazardous trees; supervised over 12 miles of emergency levee repair & stabilization projects in St. Bernard and Plaquemines Parishes, Louisiana
- **Hurricanes Jeanne & Frances 2004.** Operations Manager in the collection and disposal of over 404,000 cubic yards of debris in Florida
- **Ice Storm 2002.** Safety Officer and Contract Administrator for operations which hauled more than 510,000 cubic yards of debris in Kansas City, Missouri

CERTIFICATIONS/TRAINING

- USACE CQM certified
- First Aid/CPR certified

Brent Whitten, Project Manager/Project Superintendent

Mr. Whitten has been involved in debris management and disaster recovery services for nearly 15 years. His work has ranged from demolition of residential and commercial sites after Hurricane Katrina to quality control for the U.S. Army Corps of Engineers to environmental sampling and monitoring after Hurricane Isaac. He is FEMA-certified in Debris Operations and the Incident Command System. He is also a FEMA-certified Disaster Housing Inspector. His responsibilities include direct supervision of a project and ensuring compliance with all safety and quality control regulations. Mr. Whitten brings strong organizational skills and the ability to motivate to any job.

PROFESSIONAL EXPERIENCE

- **Livingston Parish Emergency Watershed 2019 – Current.** Project Manager in Louisiana for the waterway debris removal project.
- **Northern California Wildfire Debris Removal 2018.** Quality Control Manager for the USACE ACI debris removal project in Lake, Mendocino and Napa Counties, CA following the fires between October and December of 2017.
- **Hurricane Irma 2017.** Project Manager in Pinellas County, FL for the Disaster Debris Collection and Removal of debris generated by Hurricane Irma.
- **Hurricane Irma 2017.** Project Manager for the hauling for final disposal of previously compacted and/or ground debris in Miami, FL.
- **Hurricane Irma 2017.** Project Manager for Gulfport City, FL for the clean-up of debris generated by Hurricane Irma.
- **Southeast Tornadoes 2017.** Provided direct supervision on post-tornado debris management project for Dougherty County. The project involved collection, removal and processing of over 650,000 cubic yards of debris.
- **Hurricane Ike 2008.** Area Manager overseeing debris removal from DOT roads and Right-of-Entry removal of stumps and logs, hiring subcontractors, and project planning by quadrant. Conducted daily safety meetings and provided daily reporting on contractor progress and performance.
- **Hurricane Gustav 2008.** Area Manager overseeing debris removal from DOT roads and Right-of-Entry removal of stumps and logs, hiring subcontractors, and project planning by quadrant. Conducted daily safety meetings and provided daily reporting on contractor progress and performance.
- **Linfield Hunter & Junius Inc., USACE New Orleans District, 2014-2016.** Quality Assurance Representative for USACE Construction Division. Responsible for conferring with the Construction Division in clarifying deviations or inadequacies in plans, impractical specifications and unworkable schedules.
- **SMC Buildings, Design/Build New Commissary, Fort Polk, LA, May – October 2014.** Quality Control Manager for design/build project. Responsible for maintaining the project submittal log and all other project specific quality control reports. Assembled project closeout documents that include O&M manuals, as-builts, and warranties.
- **Hurricane Isaac, CTEH/Providence Engineer and Environmental, 2012.** Conducted environmental sampling and data collection. Assisted in conducting research performing investigations for the purpose of identifying, abating, or eliminating sources of pollutants or hazards. Conducted air, water and/or soil sampling, meteorological monitoring.
- **Infinity Construction, St. Charles Parish, LA, February – September 2012.** Responsible for managing, implementing and enforcing the Accident Prevention Plan and the 385-1-1. Responsible for managing and implementing the QC Plan.
- **Benetech, LLC, New Orleans, LA, 2010-2012.** Safety Manager and Quality Control Manager for projects under Benetech. Responsible for overseeing and enforcing Benetech's safety program for various USACE construction jobs ranging from \$7,000,000 to \$25,000,000.
- **AquaTerra Contracting, New Orleans, LA, 2008-2010.** Safety Manager and Quality Control Manager on USACE job sites. Ensured proper safety was being followed per 385-1-1 and company safety policy. Prepared site specific AHA's. Implemented Accident Prevention Plan. Trained all employees on safety procedures. Conducted weekly safety meetings.

- **Environmental Chemical Corp., New Orleans, LA, 2006-2008.** Supervised the decommissioning, demolition, and disposal of privately properties in accordance with applicable federal, state and local requirements. Supervised the demolition of over 200 homes and commercial structures destroyed by Hurricane Katrina.
- **Post Buckley Schuh & Jernigan, Inc., 2004-2006.** Demolition Environmental Inspector and Evacuation Plan Writer following Hurricanes Wilma, Katrina, Charley, Frances, and Jean. Conducted oversight monitoring for RACM and C&D throughout Louisiana. Provided monitoring oversight for RACM floor tile removals throughout five (5) parishes.

Clayton Ross Young, Project Manager

Mr. Young has experience in Project Management and Field Supervisor for disaster recovery projects and construction projects. He has expertise in safety and regulation compliance, team building and leadership, budget forecasting and client/community relationship management. Mr. Young has led projects following disaster such as hurricanes, floods and tornadoes.

PROFESSIONAL EXPERIENCE

- **Hurricane Zeta 2020.** Project Superintendent in New Orleans for removal and disposal of hurricane generated debris.
- **Hurricane Laura 2020.** Project Manager in Santa Rosa County, FL for hurricane debris cleanup.
- **Puerto Rico Parks 2019.** Senior Project Manager during DRD 120+ Park projects.
- **Hurricane Michael 2018.** Senior Project Manager for Ceres response overseeing USACE ACI efforts in Thomas County, GA. Also, Project Manager in Panama City and Tallahassee, Florida.
- **Hurricane Florence 2018.** Field assessment lead for Ceres response team in North and South Carolina.
- **Hurricane Irma 2018.** Project Manager for Ceres response in Leon County, Florida.
- **Hurricane Harvey 2017.** Project Manager for Ceres response to the City of Pearland, Texas following Hurricane Harvey.
- **Louisiana Flooding 2016.** Field assessment lead during projects for Livingston Parish and Denham Springs following heavy rains and flooding in Louisiana.
- **Moore, OK Tornado 2013.** Field assessment lead for project response to the City of Moore, Oklahoma following an EF5 tornado.
- **Hurricane Isaac 2012.** Field Supervisor for response to jurisdictions in Louisiana following Hurricane Isaac.
- **Superstorm Sandy 2012.** Field Supervisor for cleanup efforts in New York and New Jersey after Superstorm Sandy.
- **Well Bore, Williston, ND.** Field Supervisor for Baker Hughes.

EDUCATION/CERTIFICATIONS

- B.S. Political Science, Business Administration & Management, University of Mississippi
- National Safety Council CPR Course
- OSHA 10-Hour Certification
- 100+ Hours of Disaster Relief Professional Development
- National Safety Council First Aid Course
- H2S Certified

Timothy Zanol, Imaging Supervisor, IT Support

Mr. Zanol brings 17 years of experience to Ceres of direct and remote computer support administration with extensive experience in multi-workstation and server configurations. Mr. Zanol is responsible for Ceres' electronic document library, image scanning and maintenance of electronic document retention guidelines. He is proficient in software including Maxwell Systems, Citrix, RMS/QCS, SQL Servers, VOiP Systems, Blackberry Servers and Exchange Servers.

PROFESSIONAL EXPERIENCE

- **California Wildfires and Camp Fire, Butte County 2018-2019.** Provided network administration, technical support, imaging and systems maintenance support to disaster response contract for Camp Fire in 2018 and the USACE Northern California Wildfires project in 2017.
- **Hurricanes Michael and Florence 2018 – 2019.** Provided network administration, technical support, imaging and systems maintenance support to disaster response contract 13 Georgia Counties, North and South Carolina and Florida.
- **Hurricane Harvey, Irma and Maria 2017.** Provided network administration, technical support, imaging and systems maintenance support to disaster response contract for three project recovery projects.
- **Hurricanes Hermine and Matthew 2016.** Provided network administration, technical support, imaging and systems maintenance support to disaster response contract.
- **Livingston Parish Waterway Cleanup 2015.** Provided network administration, technical support, imaging and systems maintenance support to disaster response contract in Louisiana.
- **Mississippi and Alabama Tornadoes 2014.** Provided network administration, technical support, imaging and systems maintenance support to disaster response contract in Mississippi and Alabama.
- **Winter Storm Pax 2014.** Provided network administration, technical support, imaging and systems maintenance support to disaster response contract in Georgia and North Carolina.
- **Hurricane Sandy 2012-2013.** Provided network administration, technical support, imaging and systems maintenance support to hurricane recovery contracts.
- **Hurricane Isaac 2012.** Provided network administration, technical support, imaging and systems maintenance support to hurricane recovery contracts in Louisiana.
- **Winter Storm Alfred 2011.** Provided network administration, technical support, imaging and systems maintenance support to winter storm recovery projects in Connecticut.
- **North Dakota Flood Recovery 2011.** Provided network administration, technical support, imaging and systems maintenance support to flood recovery operations.
- **Hurricane Irene 2011.** Provided network administration, technical support, imaging and systems maintenance support to hurricane recovery operations in Virginia and North Carolina.
- **Alabama Tornadoes April 2011.** Network administrative, imaging and systems maintenance support to debris clean up in nine Alabama locations which included trimming, loading, and hauling of debris. Also administrated data management and tabulation for Jefferson County and Jasper.
- **Haiti Earthquake 2010 – Present.** providing network administration, technical support, imaging and systems maintenance support to earthquake recovery operations in Port-au-Prince, Haiti.
- **Ice Storm 2009.** Network administrative, imaging and systems maintenance support to emergency debris clean up after Winter ice storm which included trimming, loading, and hauling of vegetative debris for county rights-of-ways in Kentucky
- **Hurricane Ike 2008.** System and electronic resources administration and operations support to county and city debris removal and disposal in Texas
- **Hurricane Gustav 2008.** Procurement, installation and configuring of network servers and workstations in support of field operations for emergency debris removal and disposal of over 1.9 million cubic yards of debris in Louisiana; Imaging support for debris tickets; Creation of wide area network (WAN) for secure TDSR sites and field offices; Maintenance management of network systems and electronic resources
- **Hurricane Dolly 2008.** Network administration and system maintenance support to debris removal, processing and disposal operations from county rights-of-ways in Texas
- **Iowa Flood 2008.** System support including network and internet access security to field operations for debris removal and disposal which also included white goods, C & D, and household hazardous waste removal and disposal in Iowa

- **Flood Control, Rio Puerto Nuevo, Rio Fajardo 2007.** Procurement, configuration, and IT support for Floodway Control (USACE) project in Puerto Rico
- **U.S. Army,** Aviation Battalion 1st Platoon Utility and Battalion Commanders Helicopter Crew Chief, Aviation Life Support Officer, and NBC Officer responsible for nuclear, biological, and chemical warfare prevention.

EDUCATION/CERTIFICATIONS

- Program Microcomputers Specialist, Century College
- Bachelor's degree, Information Technology, Colorado Technical University (in progress)
- Network Operating Systems training: Novell2.x, 3.1x, 4, & 5; Microsoft SBS; and Microsoft LAN
- LaserFiche Administrator, user ver. 8.0 training; LaserFiche Quick Fields ver. 7.0 training

Ed Ziegler, Project Manager

Mr. Ziegler has been in environmental services for 28 years, starting in building demolition, slab and foundation removal, restoration and asbestos abatement then moving to disaster recovery response while working on snow removal in the early 1990s. Mr. Ziegler has experience managing large scale demolition and construction projects.

PROFESSIONAL EXPERIENCE

- **Hurricane Laura 2020.** Project Superintendent in Vermillion Parish and City of Scott, LA for debris clean-up after Hurricane Laura in September 2020.
- **Hurricane Michael 2018.** Project Manager for the U.S. Army Corps of Engineers ACI SAD activation in 13 Georgia counties to perform debris clean-up after Hurricane Michael made landfall in October 2018.
- **Hurricane Matthew 2016.** Project Manager for the debris removal and disposal projects on all 40 TDR sites, City of Albany and Dougherty County following Hurricane Matthew in October.
- **Christchurch, New Zealand Demolition 2012 – 2013.** Project Manager for the demolition and soil remediation.
- **Hard Drives Construction 2003 – 2005.** Grade Foreman and Operator responsible for construction of roads and buildings.
- **Landwehr Construction 2001 – 2003.** Grade Foreman
- **El Centro California Naval Air Base 2000.** Project Manager for the demolition of a 1,393 M2 Cold Storage Facility. The project included building demolition, slab and foundation removal, asbestos abatement, lead based paint abatement, pcb ballast, electrical reroute, mercury switch removal, utility disconnects, and restoration.
- **Oklahoma City Tornadoes 1999.** Lead project manager for USACE contract providing debris removal, managing multiple debris sites, and demolishing damaged residential structures.
- **Fort Knox, Kentucky Demolition 1996.** Project Manager for the demolition of various building project. Work included demolition of approximately 8,825 m2 of one, two and three story wood frame or concrete/brick buildings, removal and disposal of pcb, demolition of associated asphalt, gravel and concrete surfaces and foundations, recycling of metals, crushing of brick, CMU, concrete footers, sidewalks, streets, and parking lots, the volume reduction of demolition debris (to conserve landfill space), the disposal of demolition debris, site restoration, and turn establishment.
- **Fort Benning, Georgia Demolition 1995.** Project Manager for demolition and recycling of various buildings. Demolition of 13,372 m2 from 39 buildings, 6 story power plant and 60-meter stack, asbestos abatement, lead abatement, removal of utility lines, foundations, pavements, and drainage structures, temporary sedimentation and erosion control, environmental protection, grading, site restoration and turf establishment
- **Fort McCoy, Wisconsin Demolition 1994.** Project Manager for the demolition of WWII wood frame buildings with concrete foundations project.
- **Wood Waste Recycling 1992 – 2020.** Grinder Superintendent for the Libertyville Navel Training Facility in Minnesota and Texas.
- **Seasonal Snow Removal 1992 – 2020.** Performing 28 years of snow removal for Ceres during the winter season. Clearing areas of snow accumulation and removing to off-site storage areas and responding to snow emergencies.
- **Fred Miller Asphalt 1992 – 1998.** Operator responsible for setting grades for crew members, operating equipment and CDLA.

EDUCATION/CERTIFICATIONS

- OSHA Standard 1910.178

B.5 Equipment Resources

Ceres Environmental Services, Inc. has access to more than 1,000 pieces of equipment through contract with its wholly owned subsidiary, Ceres Environmental, Inc. Substantially more additional equipment is available through our subcontractors. In our 2005 response for the USACE on Hurricane Katrina, Ceres provided more than 7,847 certified placarded vehicles and supporting loading equipment for an 11-parish region in Louisiana. Ceres-owned equipment augments our subcontractors' equipment and provides additional flexibility, direct management control, and higher levels of customer responsiveness and satisfaction.

Company equipment and personnel allow Ceres to respond to a disaster regardless of the immediate availability of subcontractors. Because of its extensive company-owned fleet, Ceres can send equipment and personnel to respond to a disaster regardless of the availability of subcontractors.

Following the 2017 storm season, Ceres purchased additional equipment, including self-loading knuckle boom trucks, additional grinders, excavators, and other support equipment. This allowed Ceres to continue to operate projects in the U.S. Virgin Islands and Puerto Rico and respond to Hurricane Florence and Hurricane Michael in 2018.

Much like recovery projects in 2016 and 2017, a large C&D event and a vegetative event occurred in 2018 in North and South Carolina. Subcontracted trucks left many projects in North Carolina, and other primes struggled to close out. Ceres applied the strategy used in 2017 and buoyed by the purchase of additional equipment. Ceres self-performed the closeout of many North Carolina and South Carolina projects.

Ceres employs support personnel to maintain owned and leased equipment. Support personnel include (but are not limited to) mechanic helpers, master mechanics, asset/logistics managers and clerical support. Our field support personnel are supplied with mobile service vehicles and parts storage containers that can be strategically located to maximize our effectiveness. In order to keep our fleet in the field we maintain operational records on all equipment leased or owned. Those records are part of an automated preventative maintenance system that includes service records, repair history, spare parts inventory, technical manuals and electronic document capture.

Category	Owned	Description
Light Truck	80	Pickup Trucks, ½ & ¾ Ton Size
Service Truck	14	Mechanic & Oiler Trucks
Self Loader Truck	13	Straight Trucks with Grapple Loader
Bucket Truck	9	Arbor Truck with Boom
Straight Truck	16	Flatbed, Dump & Roll Off Trucks
Sweeper Units	9	Open brush and Sweeper Vac units
Semi Tractor	50	Tandem & Tri Axle Tractors
Utility Trailer	19	Car Hauler & Service Trailers
Dump Trailer	18	Dump Trailers
Walking Floor Trailer	11	48' Self Unloading Debris Trailers
Tag Trailer	12	40K# Tag Along Trailer for Self Loader Support
Lowboy Trailer	5	Heavy Equipment Hauler Trailers
Debris Container	32	Assorted Roll Off Containers
ISO Storage Container	87	Portable Shipping/Storage Containers
Inspection Tower	2	Portable Traffic Inspection Tower
Portable Office	5	Portable Self Contained Office
Portable Berthing (R/V)	10	Assorted berthing to house and sleep crew
Wheel Loader	25	Assorted Wheel Loaders with Bucket and/or Grapple
Backhoe Loader	2	Wheel Backhoe Loaders
Skidsteer Loader	19	Assorted Wheel or Track Skidsteer Loaders
Swinger Loader	3	Swinger Loader with Bucket and/or Grapple
Telehandler	7	Assorted Sized with Forks, Grapple and Bucket
Hydraulic Excavator, Tracked	36	Assorted Tracked Excavators with Bucket and/or Grapple

Category	Owned	Description
Hydraulic Excavator, Wheel	2	Wheeled Excavator with Grapple, Breaker and Buckets
Hydraulic Amphibious Excavator	2	Pontoon Flotation Excavator with 50' Reach
Hydraulic Demolition Excavator	2	High Reach Demolition Units
Tracked Dozer	18	Assorted Dozers Straight Blade or 6 Way Blade
Self Propelled Sweeper	6	Wet/Dry Sweeper, 2 with Vacuum System
Tub Grinder	6	Assorted Sized Tub Grinder for Vegetative Reduction
Horizontal Grinder	13	2 Track Mounted and 5 Trailer Mounted Grinder
Crusher, Jaw Style	2	1 Track mounted crusher unit and 1 skid mounted
Portable Screening Machine	8	Assorted Screening Units for Soils and Aggregates, 2 on Tracks
Portable Material Density Separator	1	Water bath Unit for Separating Materials
Light Plant	22	Assorted 13 Lamp Light Plants, 2 with 20KW Generator
Air Curtain	7	Portable Air Curtain Incinerator Set
Water Pump	21	Portable Water Pumps Sizing from 3" – 12"
Generator Set	29	Assorted Generators Sizing from 6KW to 240KW
Assorted Attachments	384	Buckets, Grapples, Blades, Shears etc... for equipment support
Marine Skimmer Vessel	6	Work Vessel Outfitted for Harbor Cleaning of Debris and Contaminants
Marine Cleaning Equipment	1	Self-powered Beach Cleaner

We recognize that subcontractors are crucial to our ultimate success in a major event. Below is a sampling of important equipment available through subcontractors:

Type of Equipment	Quantity
Air Curtain Burner	585
Bucket Trucks	1,136
Concrete/Rock Crushers	54
Excavator	3,356
Knuckleboom-Prentice-Style-Self-Loader	5,219
Roll Off Trucks	3,955
Skid Steer	7,439
Skid Steer with/Grapple	9,001
Tractor-Trailer End Dump	11,872
Tractor-Trailer Live Bottom	4,078
Truck-Dump-Single Axle	7,973
Truck-Dump-Tandem Axle	15,358
WheelLoader-FrontEnd-4Yard	6,092

C FINANCIAL INFORMATION

Ceres Environmental Services, Inc. can provide performance and payment bonds from an 'A'-rated, treasury-listed carrier in amounts in excess of \$1,500,000,000 per project. With liquid working capital and additional credit lines in excess of \$200 million available, a lack of financial resources is never an obstacle for Ceres.

Ceres has an established, solid 25-year banking relationship with 1st Source Bank as well as other financial institutions. Financial concerns such as short-term cash flow are not obstacles for Ceres. The company is able to perform work with its own funds and the timing of payments from customers is a non-issue for the corporation. During Hurricanes Harvey, Irma, Maria and NorCal wildfires in 2017-18, Ceres carried \$98 million in open invoices with no work stoppages or delay in subcontractor payments. On the Hurricane Katrina Project, Ceres had up to \$140 million in open invoices to the USACE, without an interruption in work performance or delays in payments to the subcontractors

To Whom It May Concern:

Please be advised that Ceres Environmental Services has maintained an excellent account relationship with 1st Source Bank since 1994 and is a highly valued customer of the bank.

We maintain a \$50,000,000.00 operating line of credit, and an equipment line of \$15,000,000.00. We also have a 7 figure deposit account. These accounts are handled in a satisfactory manner

Sincerely,

Re: Ceres Environmental Services, Inc. ("Ceres")
Contractor's Qualification Statement

To Whom It May Concern:

Ceres Environmental Services, Inc. is a highly regarded and valued client of Liberty Mutual Insurance Company ("Liberty Mutual"). Ceres has been a client of ours for over 30 years. They have completed projects up to \$453,000,000 for the USACE. Currently, we provide a bond program of \$1,500,000,000 per project. We are confident in their ability to perform.

Liberty Mutual is an A (Excellent) A.M. Best rated insurance company in Financial Size Category XV (\$2 Billion or greater).

Please note that the decision to issue performance and payment bonds is a matter between Ceres and Liberty Mutual, and will be subject to standard underwriting at the time of the final bond request, which will include but not be limited to the acceptability of the contract documents, bond forms and financing. We assume no liability to third parties or to you if for any reason we do not execute said bonds. If you have any questions or need any additional information, please do not hesitate to contact me at (612) 349-2464.

Sincerely,
Liberty Mutual Insurance Company

Ted Jorgensen
Attorney-in-Fact

Member of Liberty Mutual Group

Member, Pennsylvania Association of Notaries

By: Teresa Pastella
Teresa Pastella, Notary Public

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.

Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.

Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 2nd day of June, 2021.

By: Renee C. Llewellyn
Renee C. Llewellyn, Assistant Secretary

RE: Recommendation

Dear Ms. Laurie

In response to Winter Storm Uri, the City of Pearland formally activated Ceres Environmental Services, Inc. for Debris Management Services. Chad Dorsey and Mike Beevers were assigned to coordinate the debris removal for our City. They both were very professional, friendly, and informative while on the ground. They worked with our City staff to ensure seamless removal of residential debris timely. Our City staff appreciate the guidance they were able to provide and would recommend them for future projects.

Thank you for your service to the City and its residents.

Sincerely,

Laurie Rodriguez

TOWN OF ST. JAMES

Mr. Karl Dix
Director of Client Services
CERES Environmental Services
3825 85th Avenue N
Brooklyn Park, MD 55443

Dear Karl;

This letter is in reference to the recovery work that CERES provided to the Town of St. James because of Hurricane Florence.

Hurricane Florence was a first time experience for many of us here in this community and we are very grateful to the assistance that CERES was able to give us from the days leading up to the storm, during the storm and the days and weeks after the storm.

CERES brought experience and confidence that made the situation easier than it might otherwise have been for us. The staff that was here, as well as the staff that we interacted with were always considerate and understanding of our situations. The advance preparation by your team produced immediate results that facilitated our ability and desire to get the recovery underway within a remarkably short time. The responsiveness to specific situations was greatly appreciated by all of the concerned organizations here at St. James.

Thank you for the quality of services that CERES provided to this community.

Sincerely;

Gary Brown
Town Manager

Ref: Debris Removal for the Great Flood of August 2016

Dear Mr. Preus,

It is my pleasure to offer this letter of recommendation for Ceres Environmental to any area that is unfortunately affected by a natural disaster.

The lives of many Livingston Parish residents were changed forever beginning August 11, 2016, when heavy rains and extensive flooding ripped through our parish and surrounding areas. The Parish had a pre-event contract with Ceres Environmental and immediately hired Ceres Environmental to remove, process and dispose of approximately 1,348,249 cubic yards of debris for \$16,399,988.71 once the flood waters receded and residents were able to get back into the area.

Ceres Environmental was on the ground within 72 hours. They showed extreme reliability and dedication in the midst of chaos. They educated staff on federal requirements and strictly adhered to FEMA debris removal guidelines to achieve greater reimbursement rates for the project. Organized and diligent, their team quickly adapted to meet our needs.

Ceres Environmental helped to organize and utilize local contractors, allowing local people to heal by doing something to help in their own backyards. After witnessing the success and partnership of Livingston Parish, its other contractors and Ceres Environmental, we have elected to continue to use Ceres for debris cleanup for an NRCS Emergency Watershed Protection project.

Ceres Environmental has my highest recommendation, and I am happy to furnish more details if you would like additional information.

RE: LETTER OF RECOMMENDATION

Dear David Preus,

The City of Miami Beach Public Works Sanitation Division would like to congratulate Ceres Environmental Services, Inc. on the highly successful operations in debris recovery in the aftermath of Hurricane Irma.

As we are all aware of the difficult challenges that the 2017 hurricane season brought to many parts of the country, Hurricane Ira was especially unkind to the State of Florida in particularly Miami Beach. Although Ceres Environmental was not the city's primary contractor, once contact was made your company mobilized and responded to the city's needs. Being a top world destination and our busy season was approaching, it was crucial that the City return to normal and time was of the essence. Approximately 150,000 cubic yards of debris were collected, processed and disposed of within a 50 day time frame. Ceres Environmental was instrumental in helping our residents and business owners limit the amount of hardships and financial losses that play an important factor on how well a community rebounds from a natural disaster.

I would highly recommend Ceres Environmental to other municipalities in times of crises. My experience with this firm is that they are true professionals with a focus on the need of their customers and the community they serve regardless of the circumstances.

Respectfully,

Alberto Zamora, Sanitation Division Director

Dear Mr. Preus,

On behalf of the City of Jacksonville Beach, I would like to commend Ceres Environmental Services, Inc. and your subcontractor (Arbor Masters) on the debris management, recovery and response services put forth during the Hurricane Irma event.

The lives of many Florida residents were changed forever on September 10th 2017, when Hurricane Irma ripped through our state. The City of Jacksonville Beach, located on the Northeast Coast of Florida was one of the areas impacted by Hurricane Irma. The City authorized its Debris Contractor Ceres Environmental Services, Inc. at a cost of \$ 1,130,639.50 to remove, process and dispose of 68,076.93 cubic yards of vegetative and construction and demolition (C&D) debris.

Ceres Environmental Services, Inc. was on the ground within 72 hours. They exhibited great reliability and dedication during the entire process. Ceres strictly adhered to the established unit prices in the contract and FEMA debris removal guidelines to achieve the reimbursement rates for the City. Their team was organized and worked diligently to meet the City's needs.

For the reasons stated above, I highly recommend Ceres Environmental Services, Inc. as a disaster debris contractor.

Sincerely,

Ty Edwards, P.E.

Ref: Dougherty County Debris Removal

Dear Mr. Preus,

It is my pleasure to offer this letter of recommendation for Ceres Environmental to any area that is unfortunately affected by a natural disaster.

The lives of many Dougherty County residents were changed forever on January 22, 2017, when a tornado ripped through our community. Dougherty County, which is located in Southwest Georgia procured the services of Ceres Environmental to remove, process and dispose of approximately 950,000 cubic yards of debris for \$9.5 million.

Ceres Environmental was on the ground within 72 hours. They showed extreme reliability and dedication in the midst of chaos. They educated staff on federal requirements and strictly adhered to FEMA debris removal guidelines to achieve greater reimbursement rates for the Dougherty County. Organized and diligent, their team quickly adapted to meet our needs.

Ceres Environmental helped to organize and utilize local contractors, allowing local people to heal by doing something to help in their own backyards. After witnessing the success and partnership of the County and Ceres Environmental, we have elected to continue to use Ceres for debris cleanup for Private Property Debris Removal.

Ceres Environmental has my highest recommendation, and I am happy to furnish more details if you would like additional information.

Sincerely,

Michael McCoy
Interim County Administrator

"A City for All Ages"

PUBLIC WORKS DEPARTMENT

City of Port St. Lucie

Accredited Agency – American Public Works Association

To: David Preus, Ceres Senior Vice President, Disaster Recovery Division

From: Joe Mercurio – City of Port St Lucie Emergency Manager

Date: July 10, 2018

Re: PSL Debris Management _ Letter of Recommendation

The City of Port St Lucie Debris Management Team seeks to congratulate Ceres Environmental Services, Inc. on the highly successful operations in debris recovery in the aftermath of Hurricane Irma.

As the lore of Hurricane Irma passes into the record books, it was Ceres Environmental who served as the City of Port St Lucie Prime Debris Hauler Contractor to this devastating storm event. As well-known throughout Florida, the direct impact of Hurricane Irma played a significant role in the response and recovery efforts of the entire debris haul industry and how the logistical response was to be met. Ceres Environmental was instrumental in first response to initiate "First Push" to clear main roads throughout the City. A detailed analysis was presented for clean-up actions with an expected time-line that had to work with the given City Debris Management Plan.

The City of Port St Lucie was aggressive in time constraints to service the community and we worked well with Ceres to promote effective and efficient debris collections strategies to ensure safety, proper mobilization, and economic securities for the general population as well as the company. Their efforts were directly responsible to the collection of over 86,000 CY of vegetative material with billing receipts totaling over \$1.25 million. Ceres Environmental remained committed as well as loyal to the City as stronger incentives offered by affected communities lured other companies away from promised commitments. Ceres stood by Port St Lucie, and for that we are indebted.

As communities seek to incorporate the benefit of a defined and organized emergency debris haul contract, we would promote and recommend that Ceres Environmental be at the forefront of consideration. The company is committed to purpose, responsive to action, and sets the standard of industry excellence.

Respectfully,

Joe Mercurio

CITY OF WINTER PARK

401 Park Avenue South

Winter Park, Florida

32789-4386

June 21, 2018

David Preus
Senior Vice President
Disaster Recovery Division
Ceres Environmental Services, Inc.

Dear Mr. Preus,

It is my pleasure to offer this letter of recommendation for Ceres Environmental to any area that is unfortunately affected by a natural disaster.

The City of Winter Park experienced significant damage on September 11, 2017 when Hurricane Irma impacted most of the State of Florida. The City of Winter Park immediately went to work, hiring Ceres Environmental at a cost of \$880,653.53 to assist in removing in excess of 55,000 cubic yards of debris.

Ceres Environmental was on the ground within 72 hours. They showed extreme reliability and dedication in the midst of chaos. They educated staff on federal requirements and strictly adhered to FEMA debris removal guidelines to achieve greater reimbursement rates for the City. Organized and diligent, their team quickly learned our people, our systems and our area. Ceres Environmental helped to organize and utilize Florida contractors, allowing local people to heal by doing something to help in their own backyards. Ceres assistance allowed residents in Winter Park to return to normal after only two months. After witnessing the profound success and partnership of Winter Park and Ceres Environmental, Winter Park again, after formal solicitation, selected Ceres to assist should another storm arise anytime in the next five years.

Ceres Environmental has my highest recommendation, and I am happy to furnish more details if you would like additional information.

Sincerely,

Keri Martin
Debris Project Manager

David Preus
Senior Vice President
Disaster Recovery Division
Ceres Environmental Services, Inc.
6968 Professional Pkwy East
Sarasota, Florida 34240

June 18, 2018

Dear Mr. Preus,

I am writing this letter on behalf of the City of Sarasota to both thank you and your staff, along with offering this letter as a recommendation for Ceres Environmental to any agency that may need recovery assistance following a disaster.

On September 10th, the City of Sarasota was impacted by Hurricane Irma making its pass through our City as a Category 1 storm. Days prior to its impact, Ceres's staff were in constant communications with the City assessing our potential needs based on at that time, prior to landfall, was expected to be a Category 3 to 4 storm. As this was the first time we needed to activate a contract in over 15 years, your staff showed extreme reliability and professionalism in working with myself and other emergency management staff of the City both prior to and immediately following its impact on us.

Ceres met its contractual obligations to be on site within 72 hours to remove, process and dispose of approximately 60,000 cubic yards of debris. The staff's extensive knowledge of the public assistance program and strict adherence to FEMA's debris removal guidelines is expected to result in complete reimbursement of approximately \$950,000 in expenditures.

In recognition of Ceres performance and its ongoing commitment to our area, Ceres again was awarded a three-year contract as the top ranked proposer to our recent request for proposals for recovery services. We look forward to our continued relationship.

Sincerely,

Doug Jeffcoat
Public Works Director
City of Sarasota

6968 Professional Pkwy East
Sarasota FL 34240

Dear Mr. Preus,

It is my pleasure to offer this letter of recommendation for Ceres Environmental to any area that is unfortunately affected by a natural disaster.

The lives of many Florida residents were changed forever on September 10th 2017, when Hurricane Irma ripped through our state. The City of Palm Bay, located on the East Coast of Florida was one of the areas affected by Hurricane Irma. The City's leadership team immediately went to work, hiring Ceres Environmental at an approximate cost of \$2 Million +/- to remove, process and dispose of approximately 110,000 +/- cubic yards of debris.

Ceres Environmental was on the ground within 72 hours. They showed extreme reliability and dedication in the midst of chaos. They educated staff on federal requirements and strictly adhered to FEMA debris removal guidelines to achieve greater reimbursement rates for the City. Organized and diligent, their team quickly adapted to meet the City's needs.

After witnessing the success and partnership of the City of Palm Bay and Ceres Environmental Services Inc, the City went ahead and renewed their contract with Ceres for another year.

Ceres Environmental Services Inc has my highest recommendation, and I am happy to furnish more details if you would like additional information.

Sincerely,

Barney Weiss

Dear Mr. Triplett:

On behalf of the Miami-Dade County Department of Solid Waste Management, I would like to thank Ceres Environmental for your participation in the Hurricane Irma debris removal effort as one of six prime contractors. The quality and quantity of work performed by Ceres Environmental during this emergency response has met our expectations. Further, your firm's responsiveness and focus on customer service have been very helpful to the Department.

Again, thank you for your service to Miami-Dade County.

Sincerely,

Mr. David Preus
Ceres Environmental Services Inc.

Dear Mr. Preus:

I am writing to express my appreciation for the performance of the entire team from Ceres in the debris operations for Hurricane Matthew. As our debris removal firm the level of support and professional performance provided has been exceptional in all regards. My direct point of contact with your firm was Project manager Mike Beevers. Mike supported the County in an outstanding manner and his counsel was invaluable throughout this operation. He is a professional in all respects and helped to establish a high standard for compliance. On a personal level, Mike was extremely responsive to answer any questions and provide the assistance I required. As the Debris Manager I am not exaggerating when I state that without his diligence, knowledge, and ability to gain the cooperation within the team we would not have been as effective. Mike is a "machine". As a team we moved 72% of all ROW debris into the DMS sites in the first 90 days of operation; over 90% of hangers and leaners were addressed in the same period. FEMA and SCEMD officials remarked that "Beaufort County had their operation together". Mike played a huge part in making that happen. If I ever had to do this again I would want Mike as my Project Manager.

Providing Karl Dix to assist with the process allowed the County to get a jump on a difficult task. Without his vital help we would have been overwhelmed with obtaining PPDR approval from FEMA and removing debris from 83 individual private communities. Karl provided essential high level technical support and coordination for the debris removal operation. He is a treasure trove of knowledge and expertise that worked seamlessly with the entire County staff. Ralph Sosabe is the most effective problem solver I have ever worked with. His professionalism, personality and ability to communicate with our citizens kept things moving smoothly. Ralph handled the most difficult situations with ease which I sincerely appreciated. His ability "To Make the Noise Stop" was nothing short of incredible.

Bottom line, Ceres did an exceptional job and I am thankful for each member of your team. You exceeded expectations in every area and continue to provide us with excellent customer service. I am forwarding a copy of this letter to our Administration and Purchasing Department for future reference.

Regards

JAMES S. MINOR, JR
SOLID WASTE / DEBRIS MANAGER

LETTER OF RECOMMENDATION

February 9, 2015

To Whom It May Concern:

As the Debris Management Services Contract Manager, please accept this letter as my official recommendation for CERES Environmental Services, Inc.

Columbia County has maintained a pre-event debris management contract with CERES since 2008 and activated the contract when Ice Storm Pax deposited one inch of ice on our trees/vegetation and overhead utilities in February 2014. CERES immediately responded, mobilized their workforce and started the task of removing over 535,000 cubic yards of debris from our right of ways.

CERES was professional in every aspect of this operation, from removing the debris to transporting it to final destinations. During the debris removal operations, CERES provided me with a "zone map" of the county and provided daily information so that I could let our citizens know when they should have their debris out on the public right of way for pick up. They cleaned the areas following the pick-ups, which made our citizens very happy.

Additionally, CERES assisted us with FEMA documentation all along the way to assure that we received the maximum amount of State and Federal reimbursement possible, resulting in a 92% cost recovery for our County.

In summary, I can attest to the fact that CERES has years of experience – and from the first day to the last day of our project – they performed their work in an admirable and cooperative manner. They did everything expected – and even exceeded our expectations in getting our community back to normal as quickly as possible.

Please feel free to contact me if you have any questions or need more information in this regard.

Sincerely,

A handwritten signature in blue ink that reads "Pam Tucker".

www.minneapolis-parks.org

Dear Ms. Hanscom,

Now that the June 2013 storm that ravaged trees in the City of Minneapolis is behind us, I am writing on behalf of the city of Minneapolis Park & Recreation Board to thank you and all the staff at Ceres Environmental for the help you provided last year. When the storm first hit, we had a significant need for rental equipment. Being able to rent log loaders and side dump trucks from Ceres enabled us to clear debris at a rate that impressed both our residents and elected officials.

Part of this success was dependent on being able to dispose of debris quickly. The use of your processing site in Brooklyn Park, MN was invaluable. This allowed trucks to return to the storm struck area and reloaded with minimal travel time.

As important as this help was, it was your assistance with stump extraction during the fall of 2013 that benefited us the most. After dealing with the 2011 tornado that hit the north side of Minneapolis, we learned from FEMA that certain tasks were best performed by the private sector. The assistance that Ceres provided with coordinating and organizing the extraction of stumps from streets and parks proved this to be true.

Throughout the process you and other Ceres staff were easy to communicate with. I particularly appreciated your willingness to attend meetings that included the City Public Works Department and private utility companies. This helped everyone to thoroughly understand the planned approach that was being implemented. From the pulling of the stumps to the replacement of soil, your commitment to communication made the entire stump extraction procedure run smoothly. This is especially true even when we surprised you with more stumps than were originally documented.

This spring we'll begin replanting 2800 new trees to replace those lost last year. If it weren't for the help of Ceres Environmental, I don't know if we would be ready to do so. Thanks again for all your help. Please don't hesitate to have potential clients contact me if they have questions about the services you provide. I'd be happy to be a reference for you.

Re: Letter of Recommendation after April 2013 Ice Storm Recovery

To Whom It May Concern:

This letter is to express appreciation from the CITY OF WORTHINGTON for the timely and professional work done by Ceres Environmental Services following the horrific ice storm in April of 2013. Once the contract was awarded Ceres promptly started work and worked diligently to accomplish the tree trimming and tree removal work contracted for. They were very conscientious to only do work approved for FEMA reimbursement. I was impressed with Ceres cooperation with the City to get areas done that were of importance to us and to listen to our input.

Our City was cleaned up in a remarkably short time give the amount of damage we sustained. I would be very happy to recommend Ceres Environmental to any City, County or state needing this type of service.

Please feel free to use me as a reference for potential work.

Sincerely,

James Eulberg P.E.
Director of Public Works

Mr. David A. Preus
CERES
3825 85th Avenue North
Brooklyn Park, MN 55443

Dear Mr. Preus:

A hearty thanks to you and the entire CERES team for your assistance in helping Sioux Falls recover from the April ice storm. Your time, talent and treasure helped keep citizens and visitors safe. Our recovery time was nothing short of incredible!

Please enjoy a small token of appreciation as a remembrance of this historic event we called *Operation Timber Strike!* Please share my sentiments with your team as well. Working together, there is nothing we can't accomplish!

Sincerely,

Mike T. Huether

Mr. Stanley Bloodworth
Project Manager
Ceres Environmental
3825 85th Avenue North
Brooklyn Park, MN 55443

Dear Mr. Bloodworth:

On behalf of the City of Albemarle, North Carolina, it has been a pleasure working with you and your staff. During a time of great distress to our city, Ceres Environmental promptly and professionally initiated and completed Disaster Debris Removal and Processing.

Throughout the project your staff was tasked with providing management and specialized equipment for our disaster recovery needs. The level of proficiency and diligence that your staff provided is of the highest quality and is unmatched in my numerous years of Public Works. Your staff fulfilled their contract obligation and exceeded our expectations through professional attitudes and hard-working values.

So it is with great confidence that I would highly recommend Ceres Environmental to provide Disaster Recovery Services for any and all Municipalities, State, and or Federal Agencies that may be in need of such services.

Sincerely,

Nina L. Underwood
Public Works Director

Re: Letter of Recommendation
*Bid #1212-233 – Removal and Disposal of Damaged Household Contents and Storm
Demolition Debris*

Dear Mr. Preus:

On behalf of the Supervisor and the Islip Town Board, I would like to thank you for the professional manner in which your company performed during the Town's clean-up efforts following Superstorm Sandy.

The expertise and organizational skills demonstrated by your company have all been duly noted. The manner in which you moved quickly through each Hamlet to remove storm-related debris, all while keeping the Health, Safety, and Welfare of our Residents an utmost priority should be commended. The Residents were very appreciative of the services provided to them, and were most complimentary regarding the level of professionalism, and the manner in which these services were provided.

Again, I want to thank you for your assistance with the Town's post-Sandy clean-up. The Town was facing a formidable task in removing this debris; your staff took charge, and made this work appear effortless. We would not hesitate to provide a recommendation for your company, and would look forward to working with CERES Environmental again.

Very truly yours,

Eric M. Hofmeister

Ceres Environmental
Attn: Gail Hanscom
9945 Windfern Road
Houston, Texas 77064

On behalf of the City of Little Rock Public Works Department, I would like to take this opportunity to thank you and Ceres Environmental for the quick response and efficient service your company provided to our city following the winter storm of December 2012. Your crews were ready to begin work as soon as the contracts were signed and work began the next day. Ceres Environmental's mobilization efforts and flexibility was a major factor in ensuring the rapid removal of debris from the City of Little Rock. The storm debris was removed within seven weeks and the quick removal of the storm debris was greatly appreciated.

I would also like to formally recognize Ceres Environmental's representative Robert Parmer for his efforts in coordinating the removal of the storm debris. Mr. Parmer was organized, maintained an open line of communication and was very professional in providing service to remove the storm debris. Again, thank you for providing efficient, courteous and knowledgeable service in assisting our City during the cleanup of this disaster.

Sincerely,

ATTESTATION

Par la présente l'UCE atteste que la Compagnie Ceres Environmental Services Inc. a exécuté pour l'Etat Haïtien, via l'Unité Centrale d'Exécution du Ministère des Travaux Publics, Transports et Communications (MTPTC/UCE), deux contrats relatifs au traitement des débris du tremblement de terre en Haïti, et plus précisément à Truitier qui est une zone offrant un environnement de travail très difficile et l'une des zones les plus pauvres d'Haïti.

Ces contrats, avec comme numéro de référence (AOI 06-10-UCE/PRU2I/PPM6.4 et AOI UCE/PRU2I/2012/PPM6.11), ont été financés par la Banque Mondiale sur la période allant d'avril 2011 à janvier 2013.

Ceres Environmental a exécuté ces contrats avec professionnalisme, compétence et à la plus grande satisfaction de l'Etat Haïtien et de la population locale.

Cette attestation est faite pour servir et valoir ce que de droit.

Garry JEAN, Ing
Coordonnateur de l'UCE

[TRANSLATION]

The UCE hereby attests that the company Ceres Environmental Services, Inc. has executed for the Haitian Government, via UCE/MTPTC, two contracts relating to the recycling of debris from the earthquake in Haiti, and more specifically, at Truitier which is an area in which work is very difficult, and one of the poorest areas in Haiti.

These contracts, referenced by numbers (AOI 06-10-UCE/PRU2I/PPM6.4 and AOI UCE/PRU2I/2012/PPM6.11), were funded by the World Bank during the period from April 2011 to January 2013.

Ceres Environmental executed these contracts with professionalism, competence, and the utmost satisfaction of the Government of Haiti and the local population.

This attestation is for use for all legal intents and purposes.

Dear Ms. Hanscom:

On behalf of the City of Greenville, NC, I would like to take this opportunity to thank you and Ceres Environmental for the quick response and efficient services you provided to our City following Hurricane Irene in 2011. As this storm was one of the worst hurricanes to hit our City, it resulted in a tremendous amount of debris to be removed. Your company's mobilization efforts, flexibility, and attention to detail was a major factor in ensuring the rapid removal of debris from the City and was greatly appreciated by its citizens.

Ceres was organized and conscientious, and your team quickly learned our area, employees, and our level of service. Your team provided professional, quality service, and maintained an open line of communication at all times.

Again, our sincere appreciation to you and Ceres Environmental for your assistance and excellent service to the City of Greenville.

Sincerely,

Wesley B. Anderson

Project Manager
Ceres Environmental
HAND DELIVERED

Re: Letter of Appreciation - Debris Cleanup and Disposal Following Winter Storm Alfred

Dear Mr. Owens:

I want to take the time to thank you and Ceres Environmental for the work you did in removing the debris from Simsbury following one of the worst natural disasters this Town has ever experienced. The work performed by Ceres under your leadership was professional, timely and compassionate. At no time did any problem go unresolved and you were able to meet all of the contractual requirements and time constraints even when our volume of debris more than doubled from our original estimates.

Having the landscape of our town so dramatically changed by the storm damage had a dramatic impact on our residents and the quality of their lives. The cleanup work performed and the manner, in which it was conducted, was an essential part of the communities recovery process.

Thank you for providing a superior level of service and quality to our Town.

Sincerely,

Thomas J. Roy, PE
Director of Public Works

RE: Letter of Appreciation, Pat Lombardo, Ceres Environmental

Dear Mr. Preus:

I would like to offer this letter of appreciation to formally recognize Ceres Environmental Representative Pat Lombardo for his tireless efforts in removal of tornado debris of the April 27, 2011 storm, for the City of Jasper, Alabama.

Mr. Lombardo's customer service and expertise allowed the City of Jasper to accomplish the monumental task of the debris removal in a timely fashion as to better serve the citizens of our community in a time of need.

Again, I would like to thank Ceres Environmental and Pat Lombardo for their responsive, courteous and knowledgeable service in assisting our City in this disaster.

Sincerely,

CITY OF JASPER, ALABAMA
