

Memorandum of Understanding between Franklin County (Florida) Emergency Management (herein FCEM) and Liberty County Emergency Management (herein LCEM) designating Continuity of Operations (herein COOP) site.

FCEM will provide the following:

1. Mobile Command Trailer to use as a temporary Emergency Operations Center (herein EOC). The Mobile Command Trailer is self-sustainable with a generator, fuel, restroom, and sleeping quarters.
2. Mobile Command Support Trailer with equipment needed to operate the Mobile Command Trailer.
3. Staff to operate the Mobile Command Trailer.
4. All equipment needed to operate the Mobile Command Trailer as a temporary EOC including but not limited to: Starlink, radios, computers, printers, etc.

LCEM will provide the following:

1. Secure location to park the Mobile Command Trailer, Mobile Command Support Trailer, and other Emergency Response Vehicles.
2. If available, the option to plug in the Mobile Command Trailer to limit need for fuel to operate the generator.
3. If available, the option to connect the Mobile Command Trailer to water to decrease the need for refilling the water tank on the Mobile Command Trailer.
4. If available, restroom, to limit the use of Mobile Command restroom, which will decrease the need for dumping the grey water tank on the Mobile Command Trailer.

Agreed:

Director, Franklin County Emergency Management
